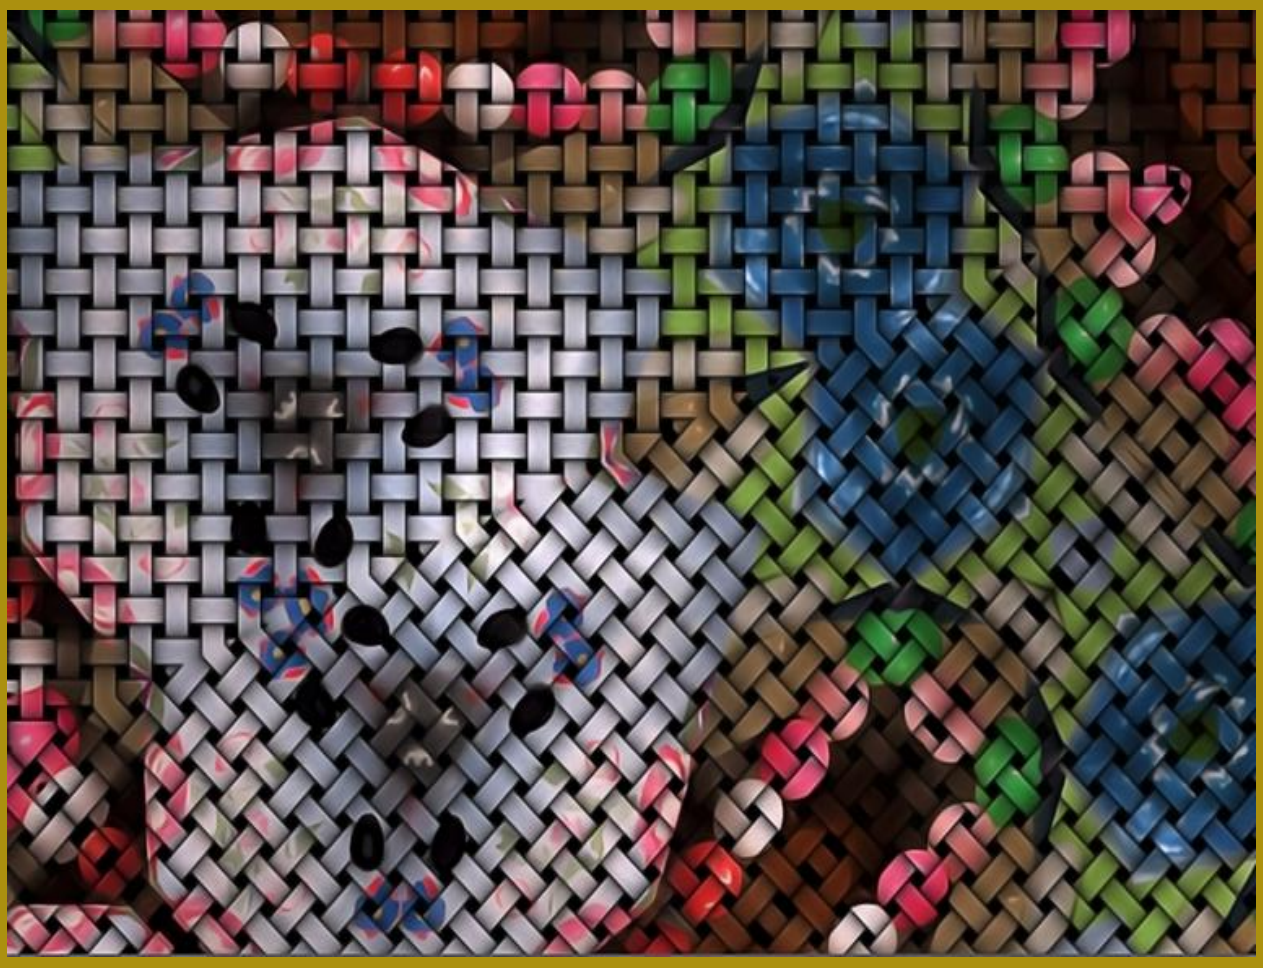
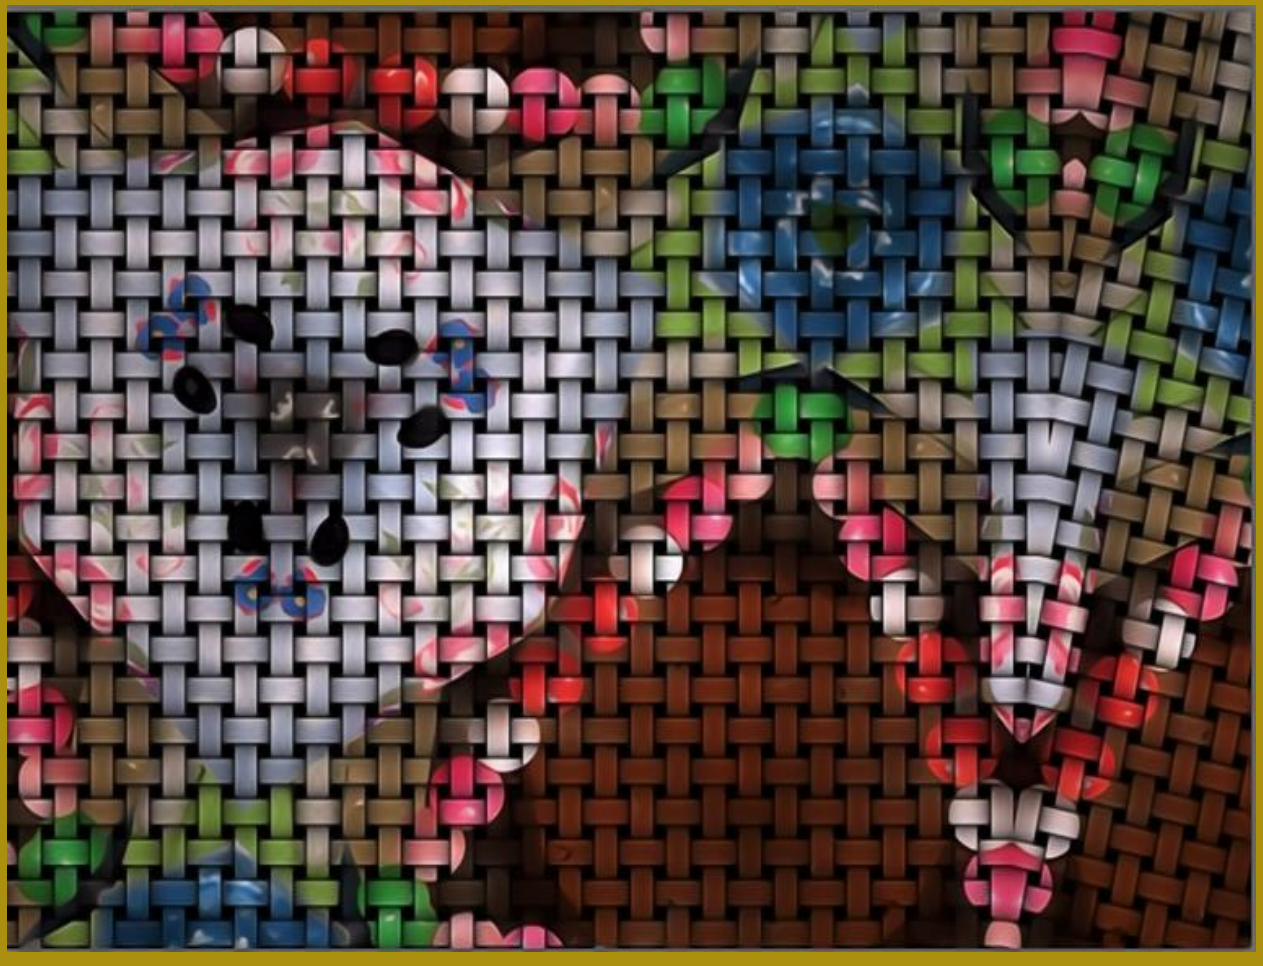
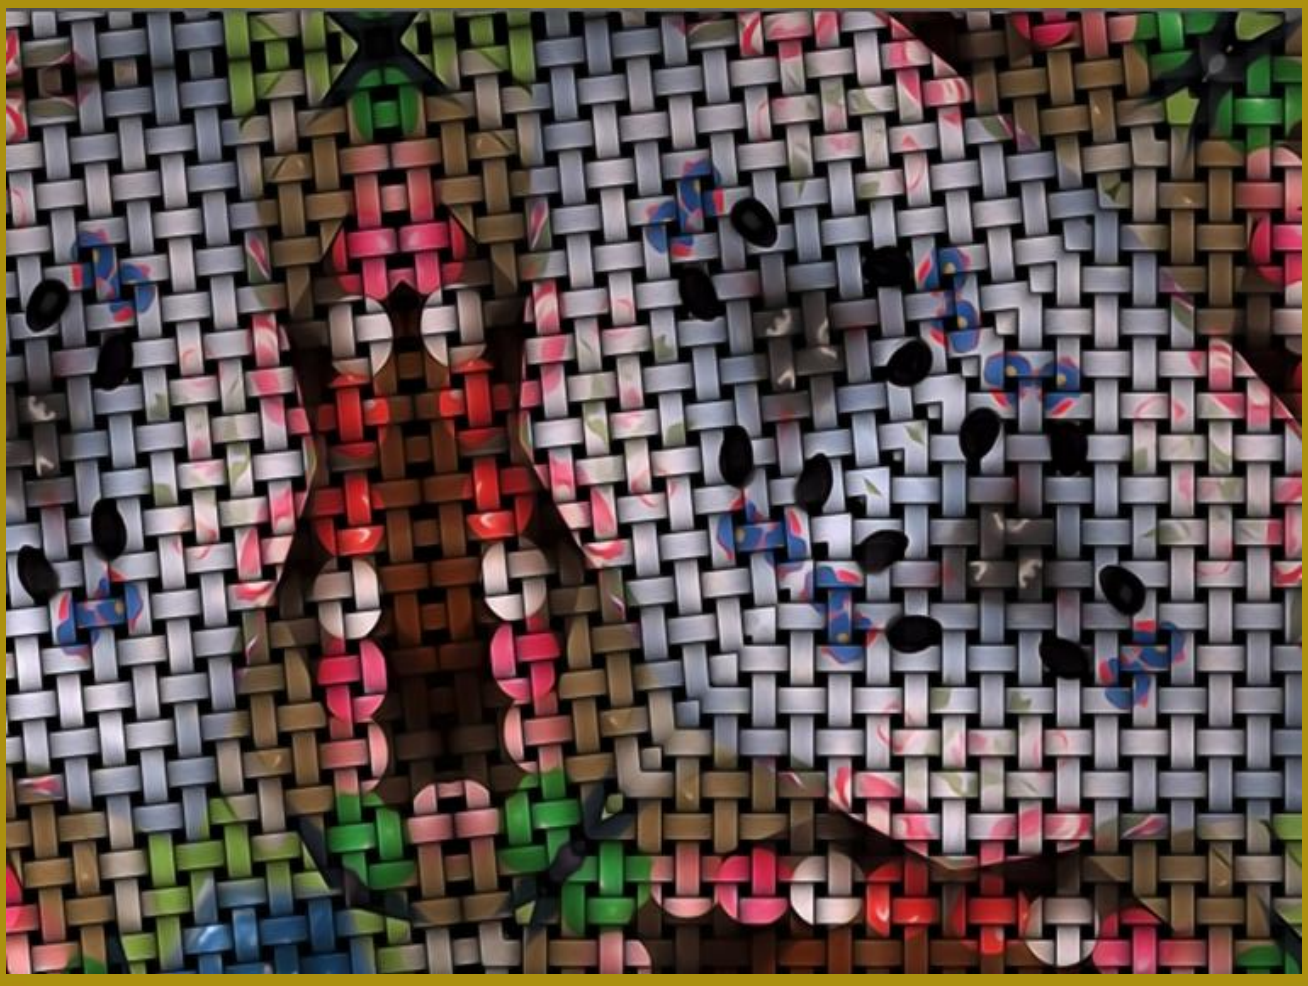
RE: Zombie Samples Overrun Ward

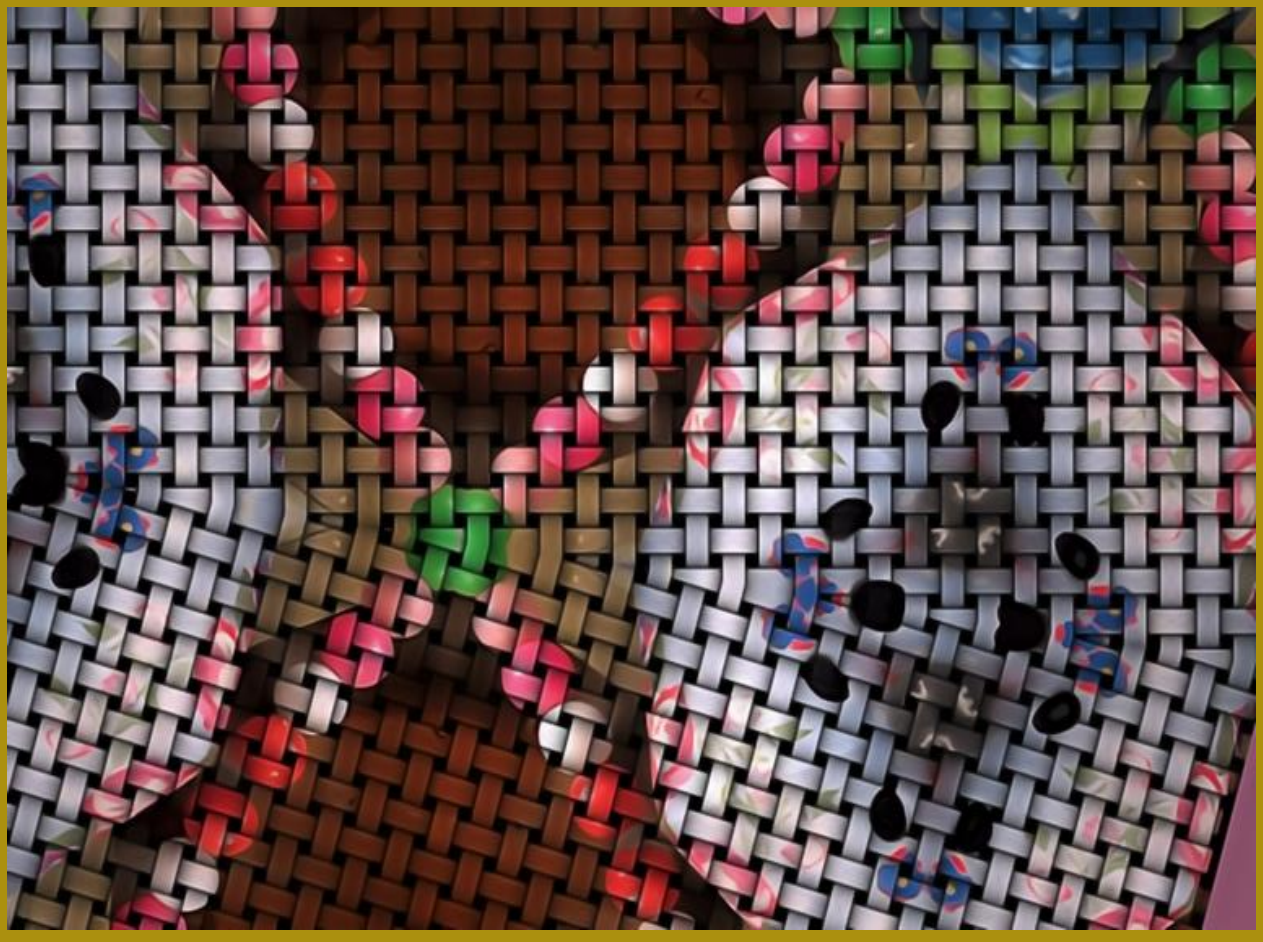
It is early morning here in Ward 5 and as I am reporting, the National Guard stand vigilant on almost every street corner enforcing the Governor's Curfew and screening all passing citizens for potential infection by Emil's GOF Zombie Samples which (according to the scarry lady at the CDC) involve:

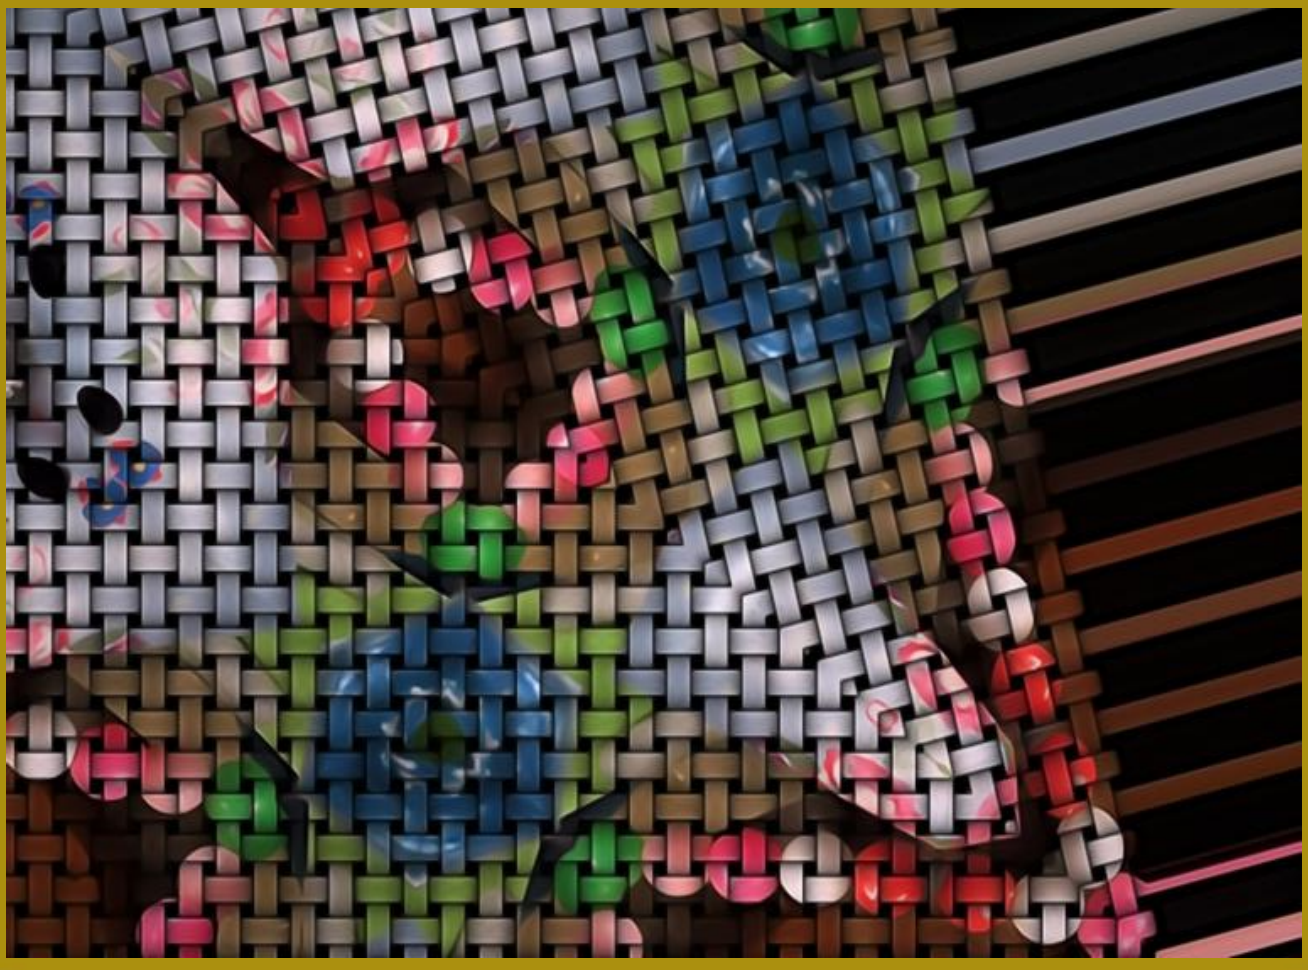




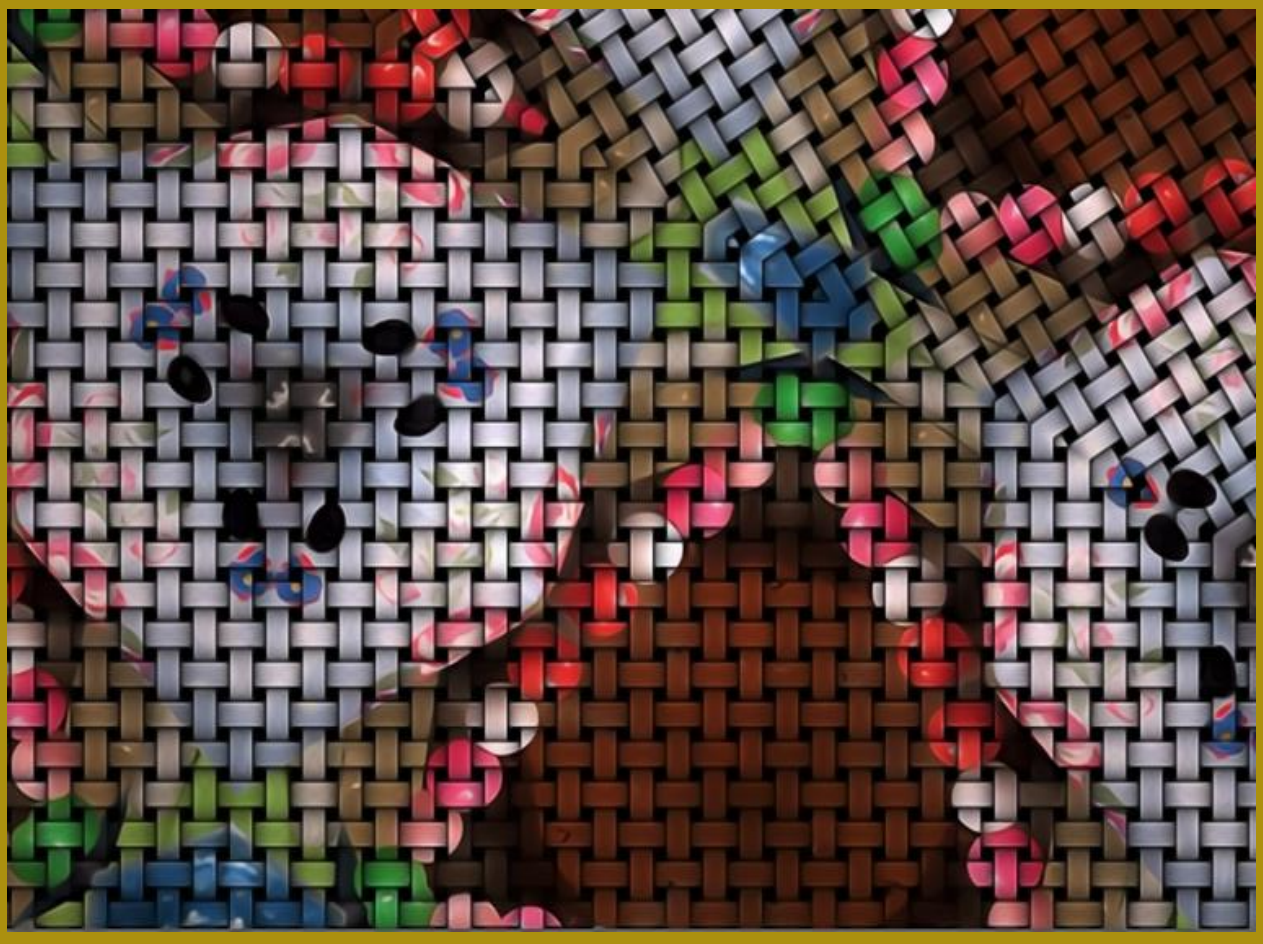


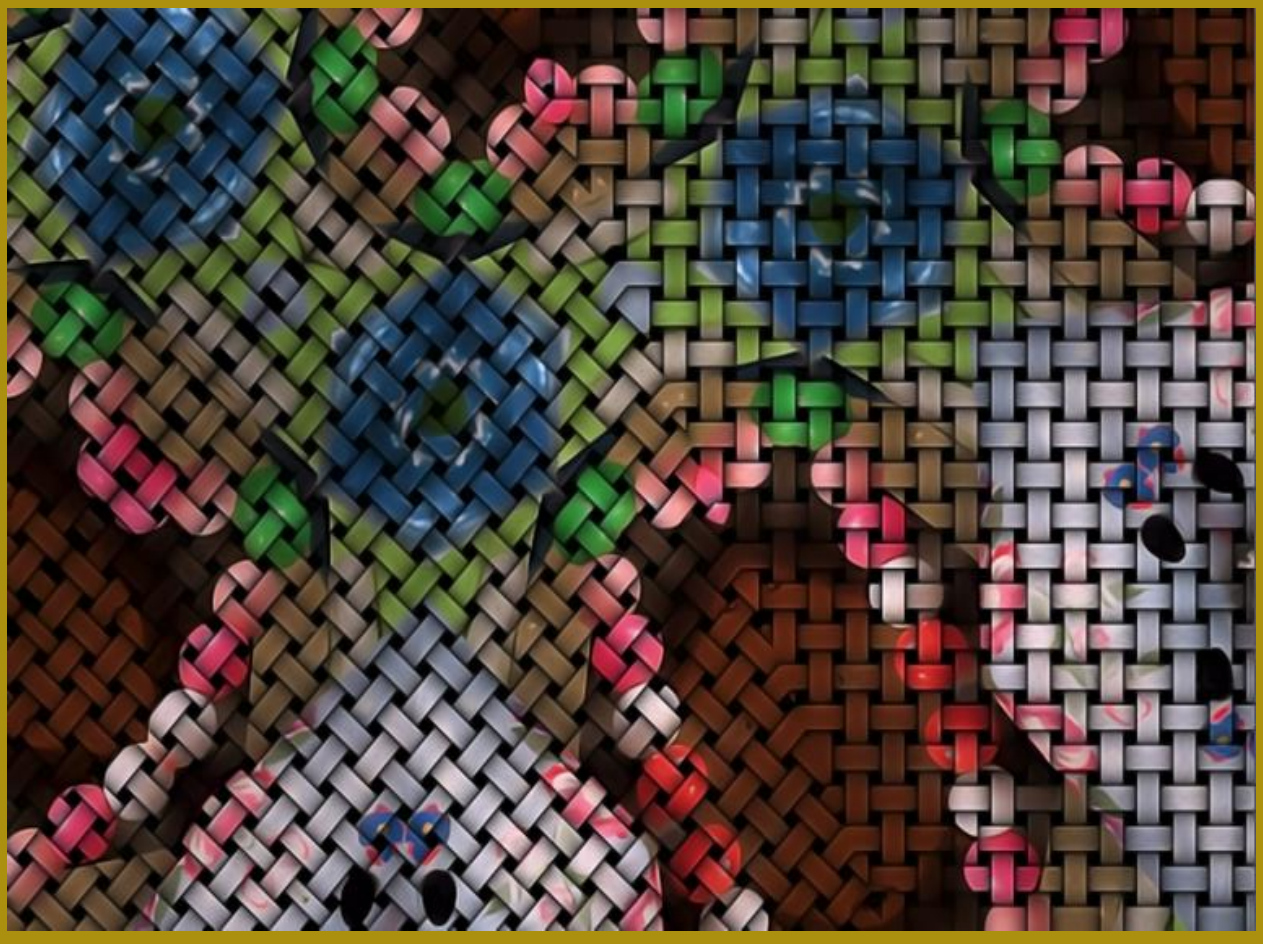
{A} A seemingly joyful mood beyond the usually solemn attitude for someone going to work.
{B} The very vocal use of improper pronouns and/or demonstration of other banned action verbs in combination rude hand gestures directed again anyone challenging or taking "Woke" Offence to such behavior(s).
{C} Open usage of "common" sense.

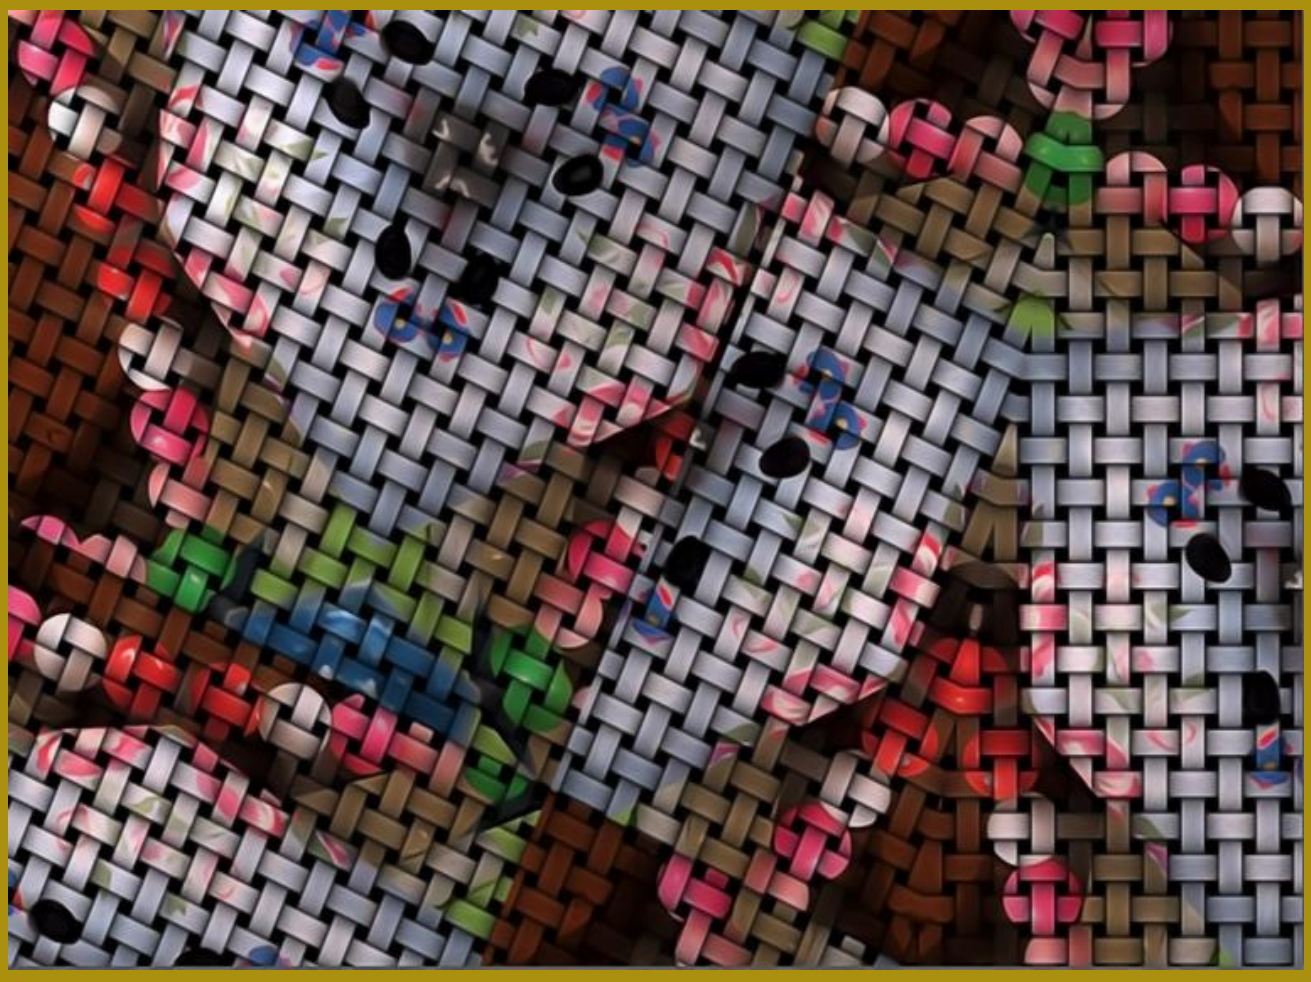




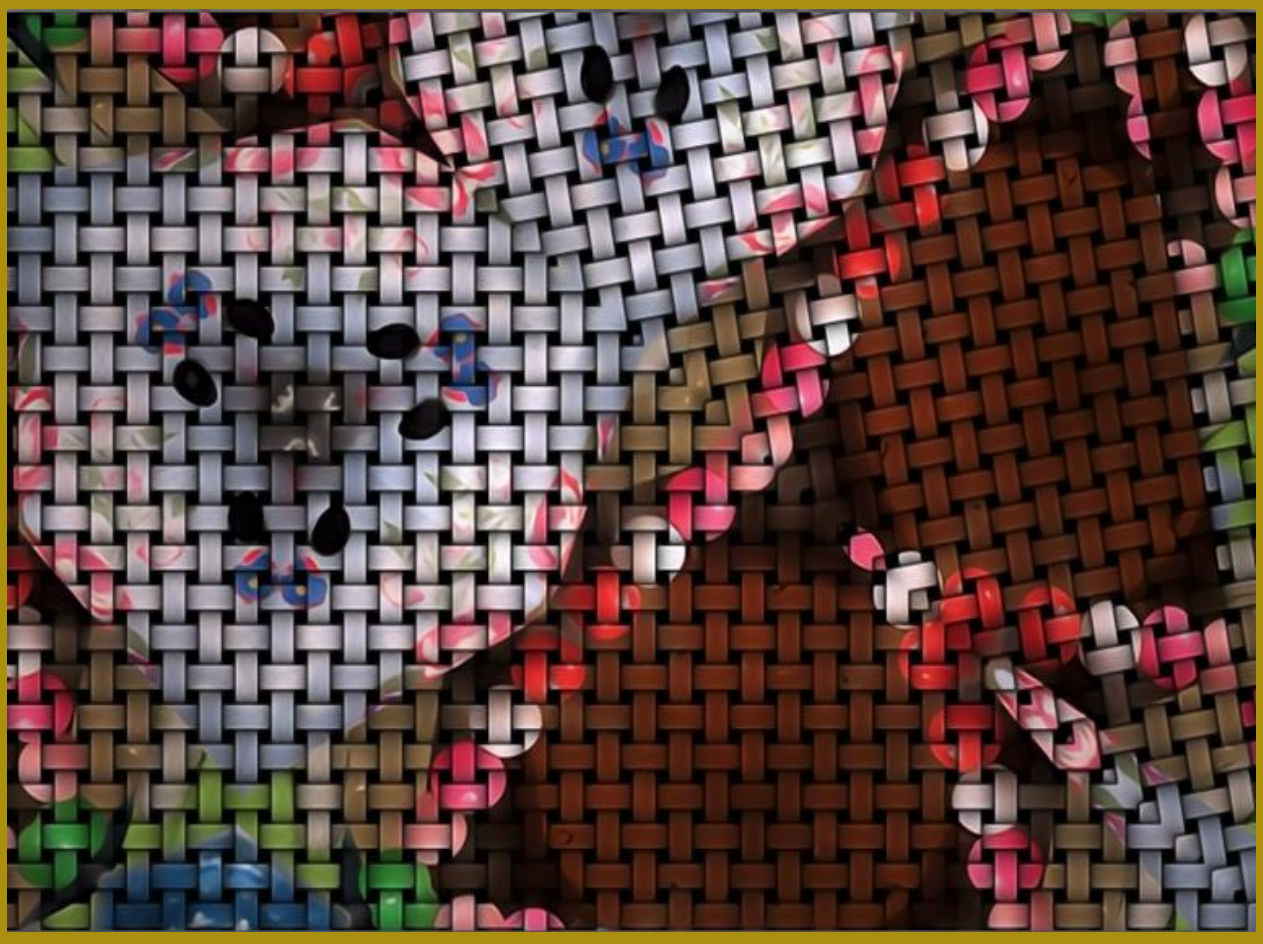
So far, the Ward's Police Chief has reported that several thousand people have been detained in a makeshift isolation ward in several of the local High School Gyms until which time they are deemed infected or not.
There is no consensus on the cause(s) for this current outbreak but. Scientists are concerned about such a massive spike in CIS Humans being infected in what had originally been (mostly) a computer virus.

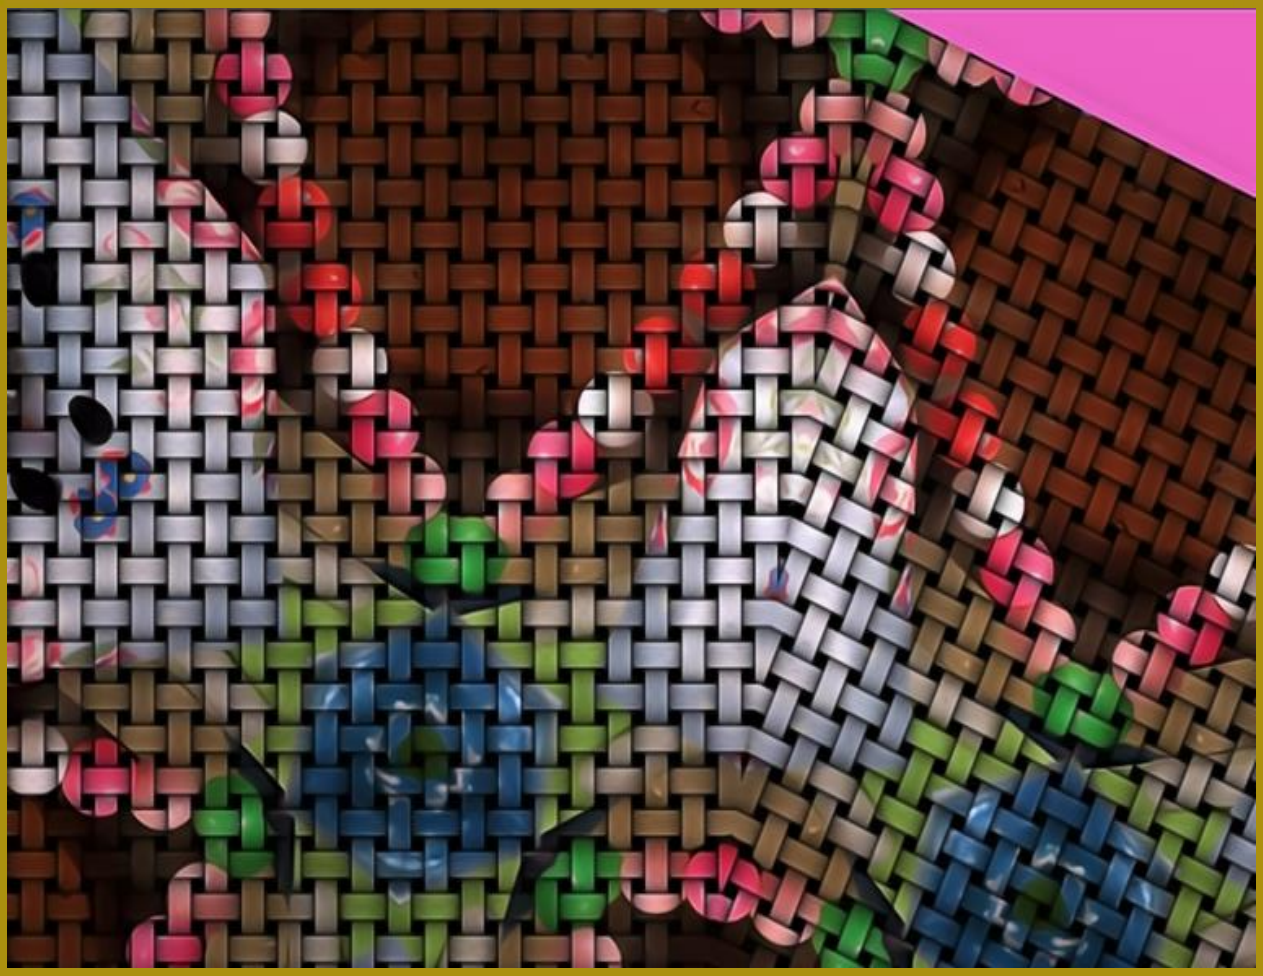




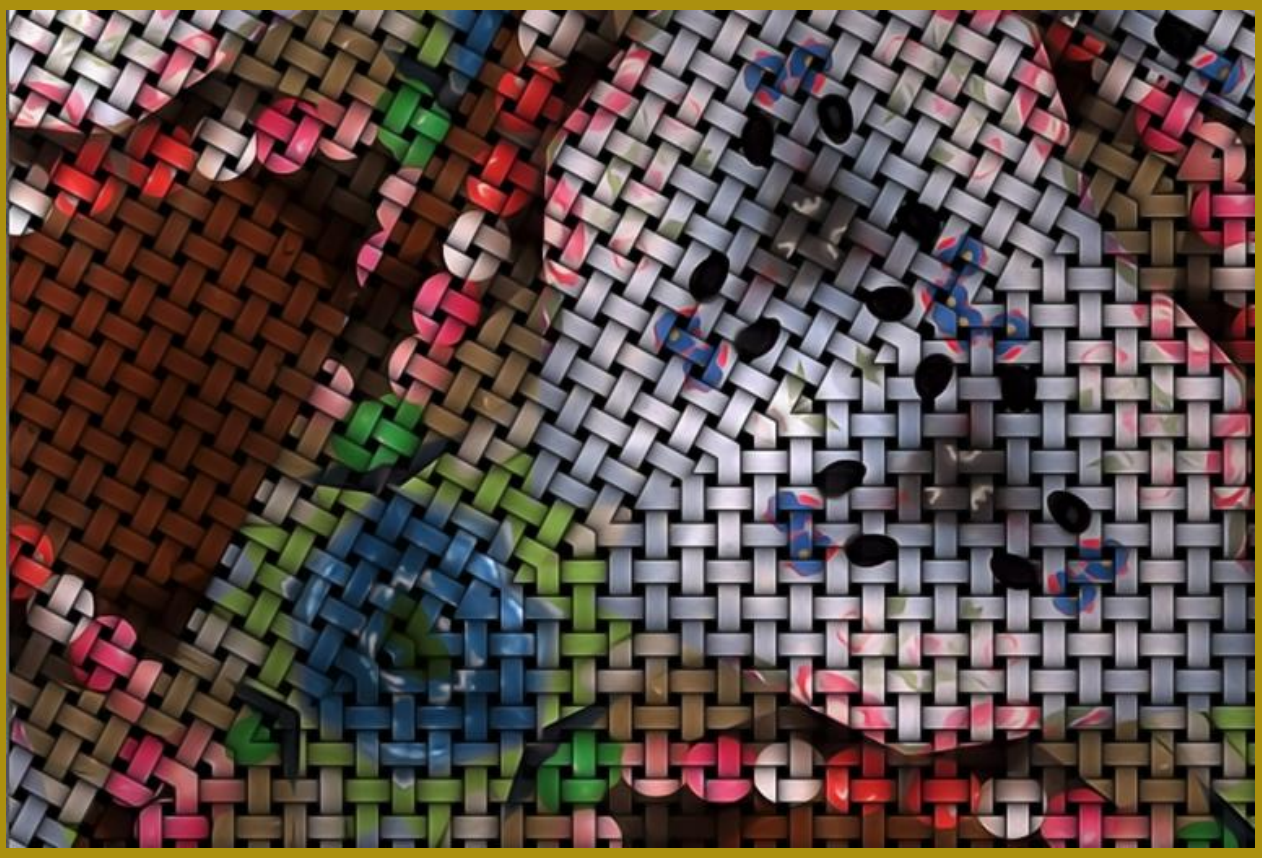


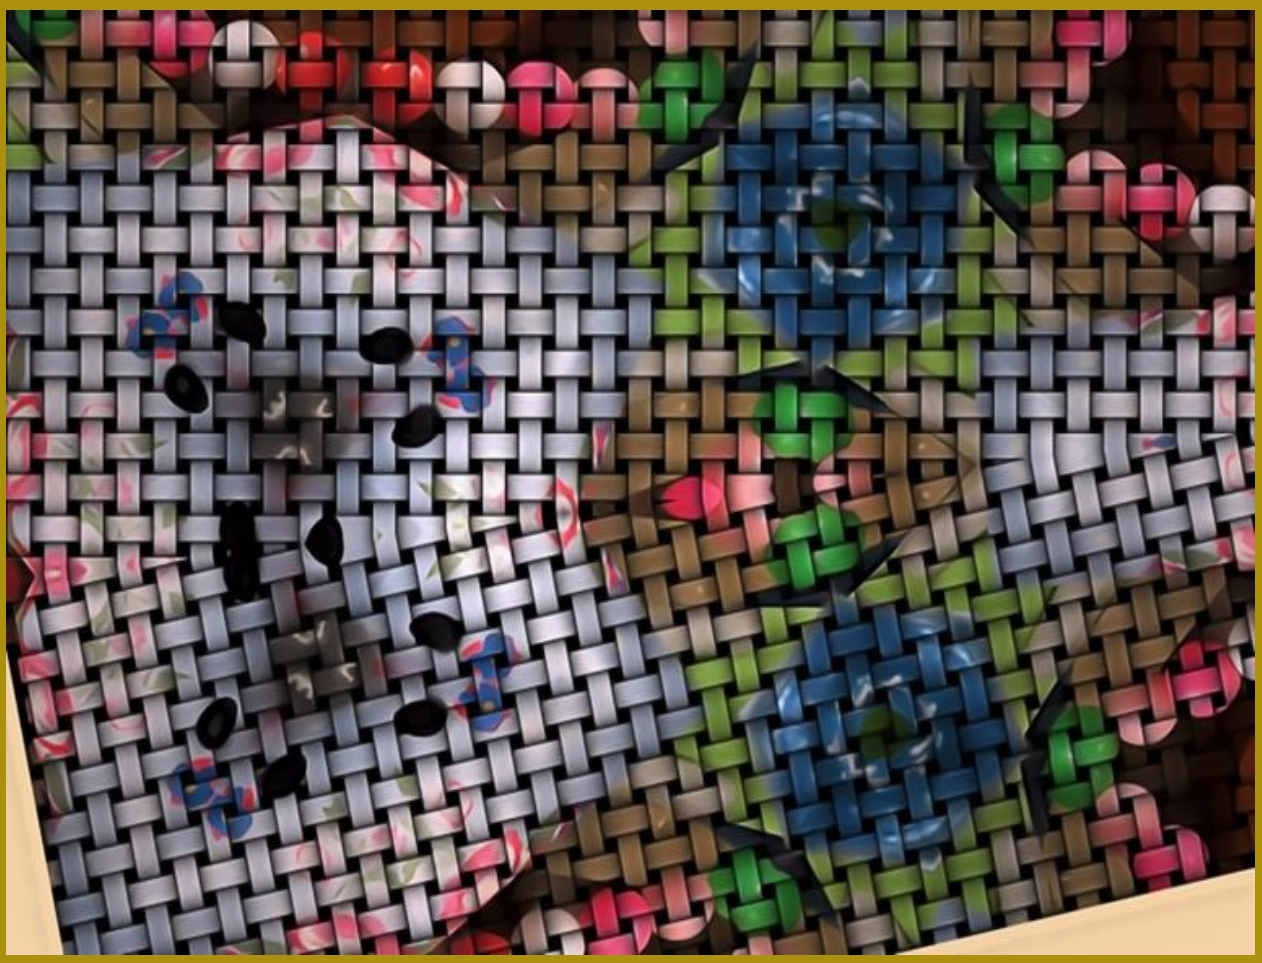
All schools and most local businesses except for the local Walmart's, Pot Dispensers and liquor store remain closed until further notice.
Local Health Officials have instituted a general call for masking, social distancing and for all good denizens to remain sheltered at home and remain there until a breakthrough vaccine becomes available.
On a related note, local officials refused to comment over the rising

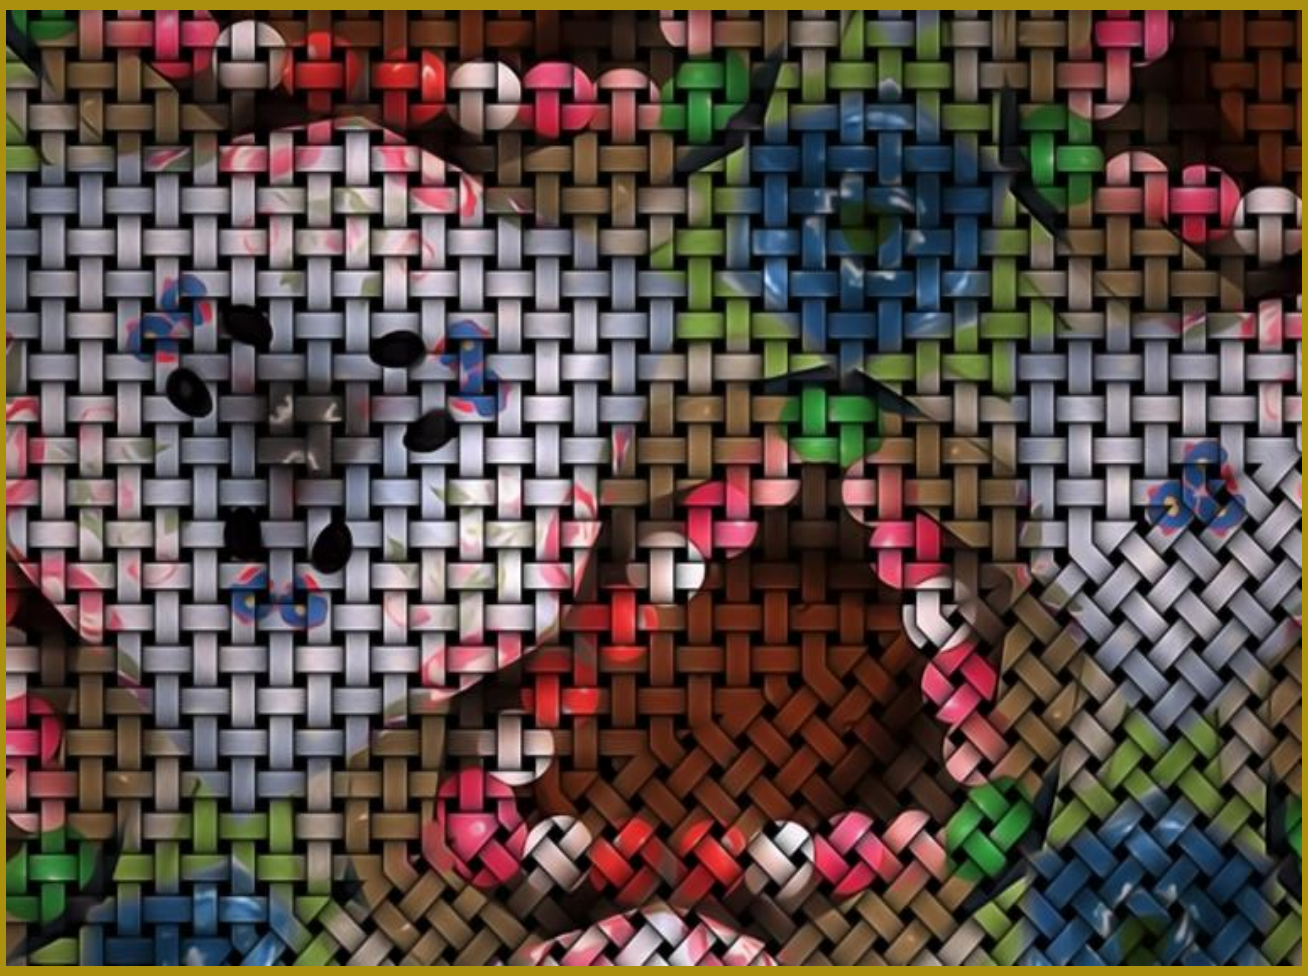




controversy over the Governor's Curfew Declaration and what many observers claim is an over-step of his authority in allowing National Guard Troops to use deadly force to contain this outbreak from further spread throughout the rest of the city. Several local preachers have been detained for attempting to hold "Prayer" meetings in open violation of the Governor's Curfew.

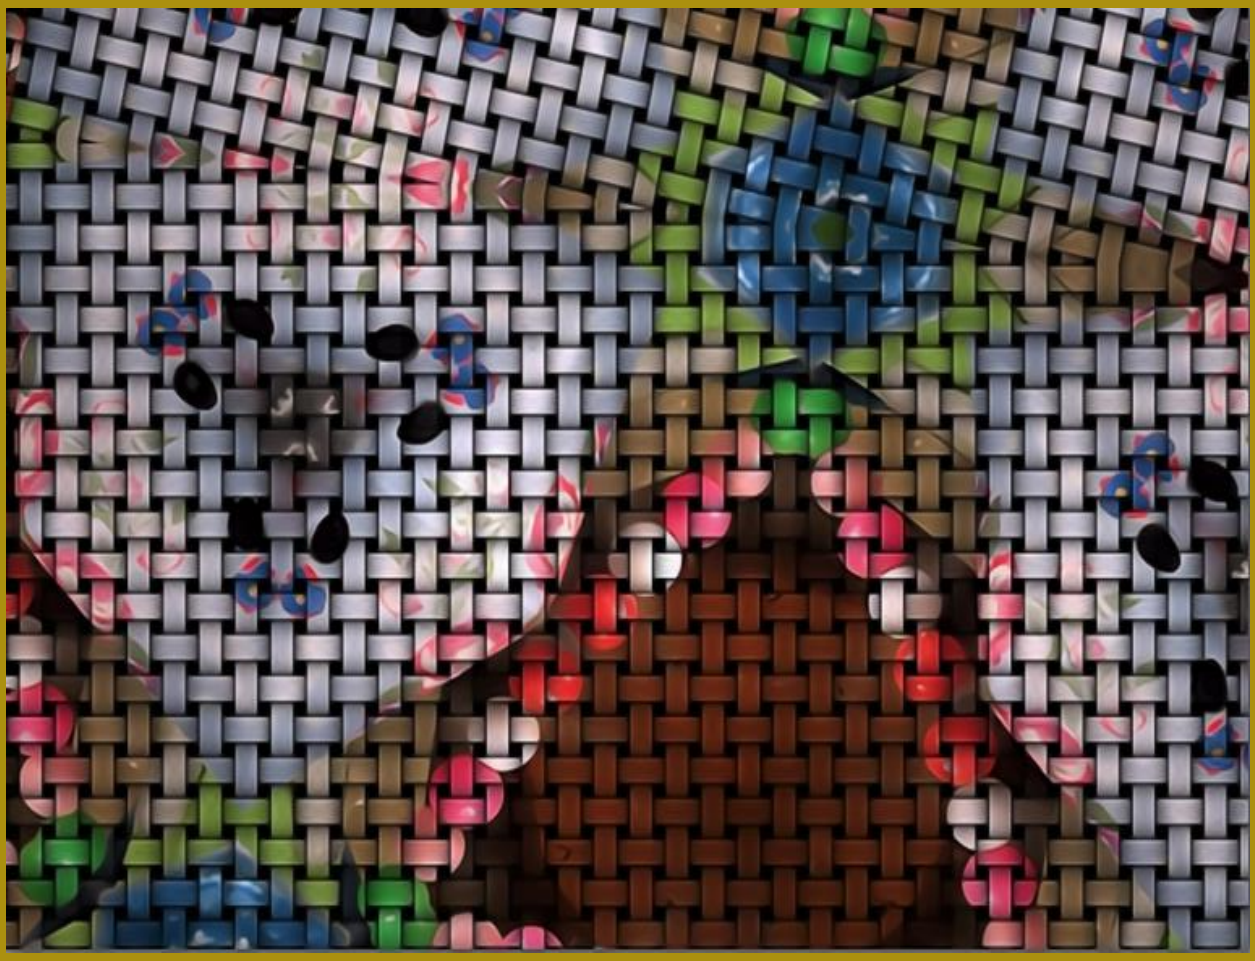


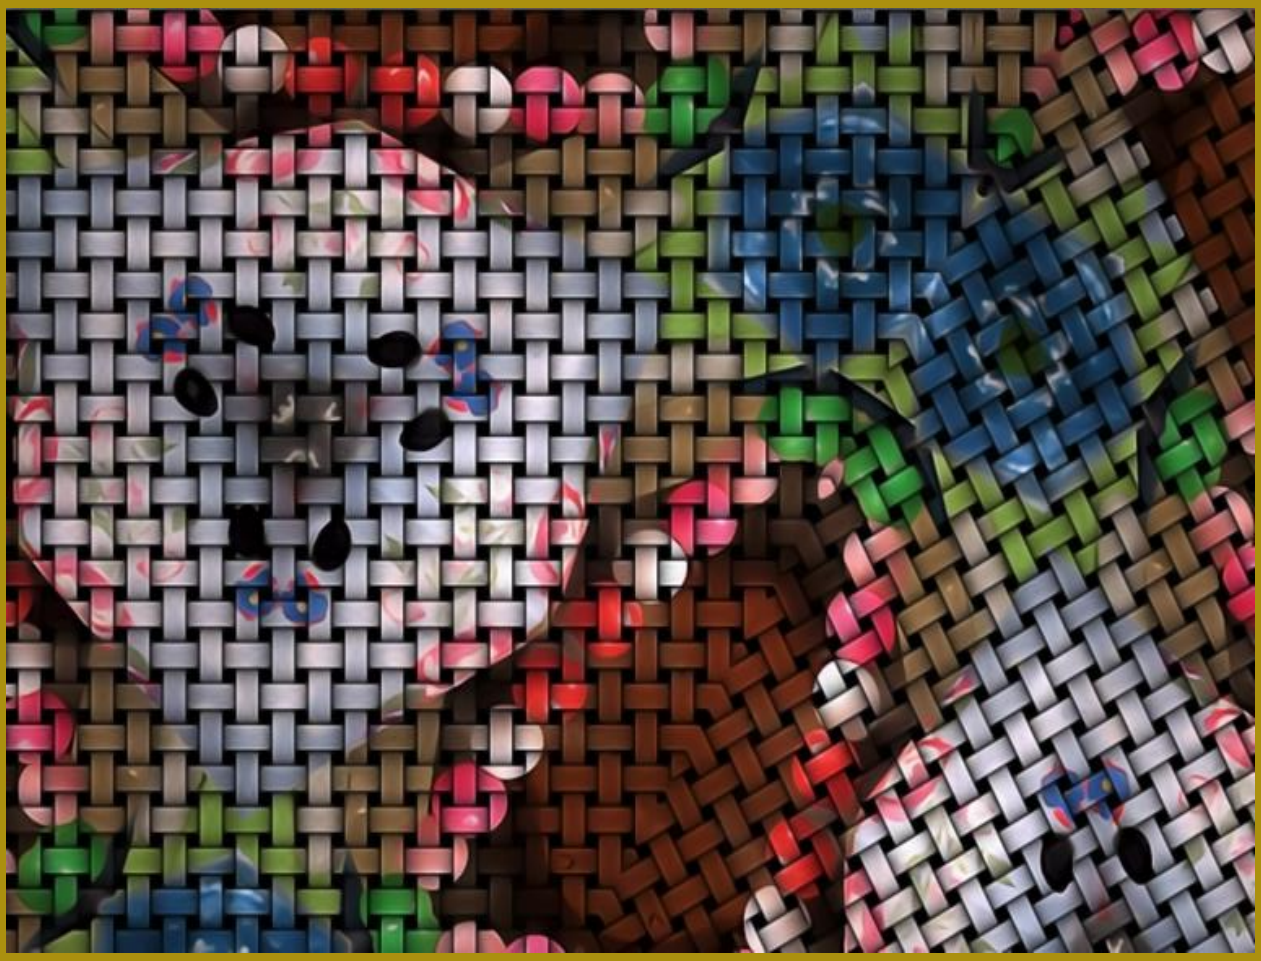


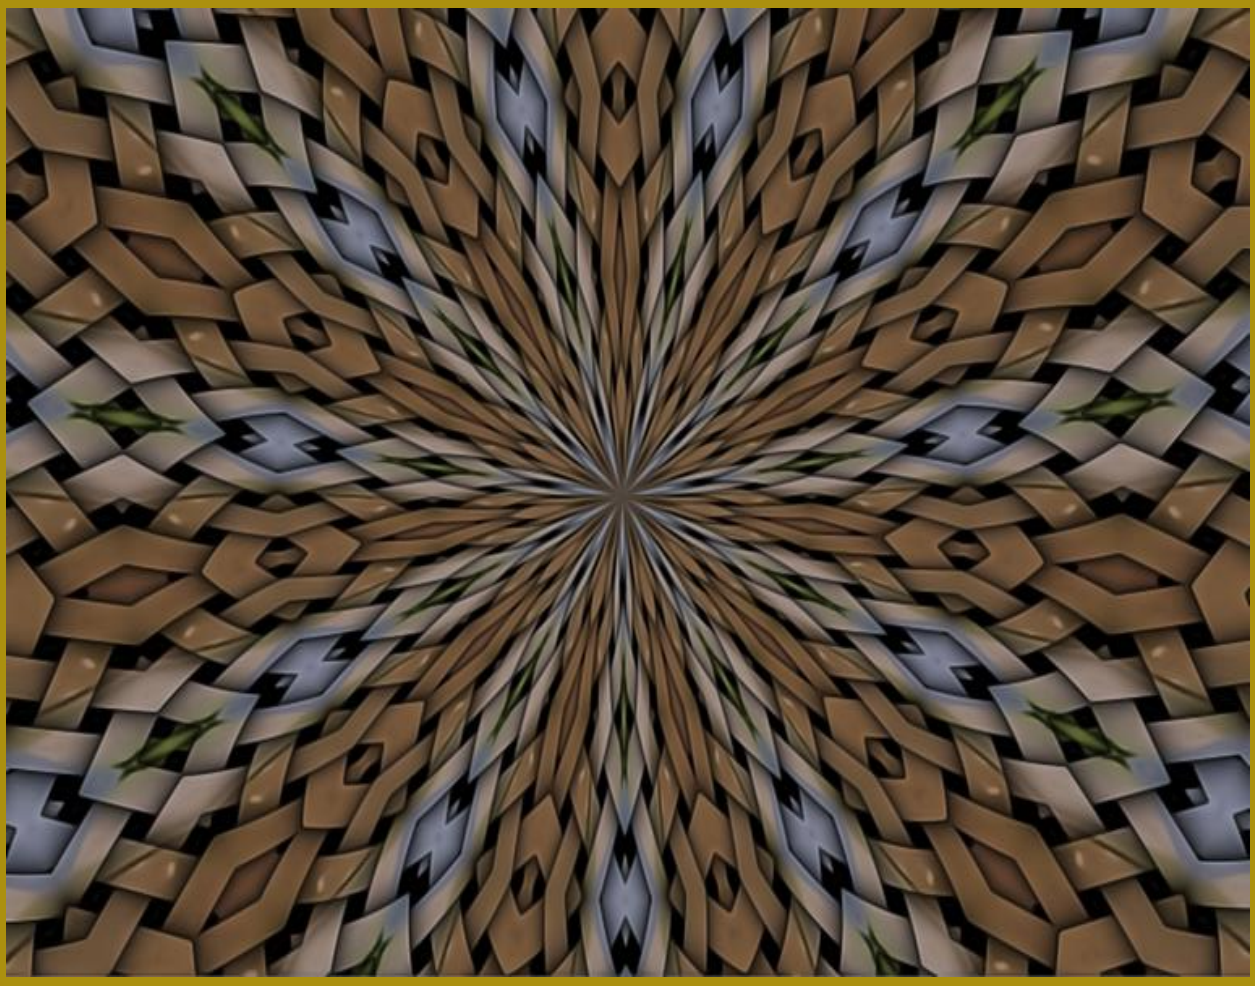


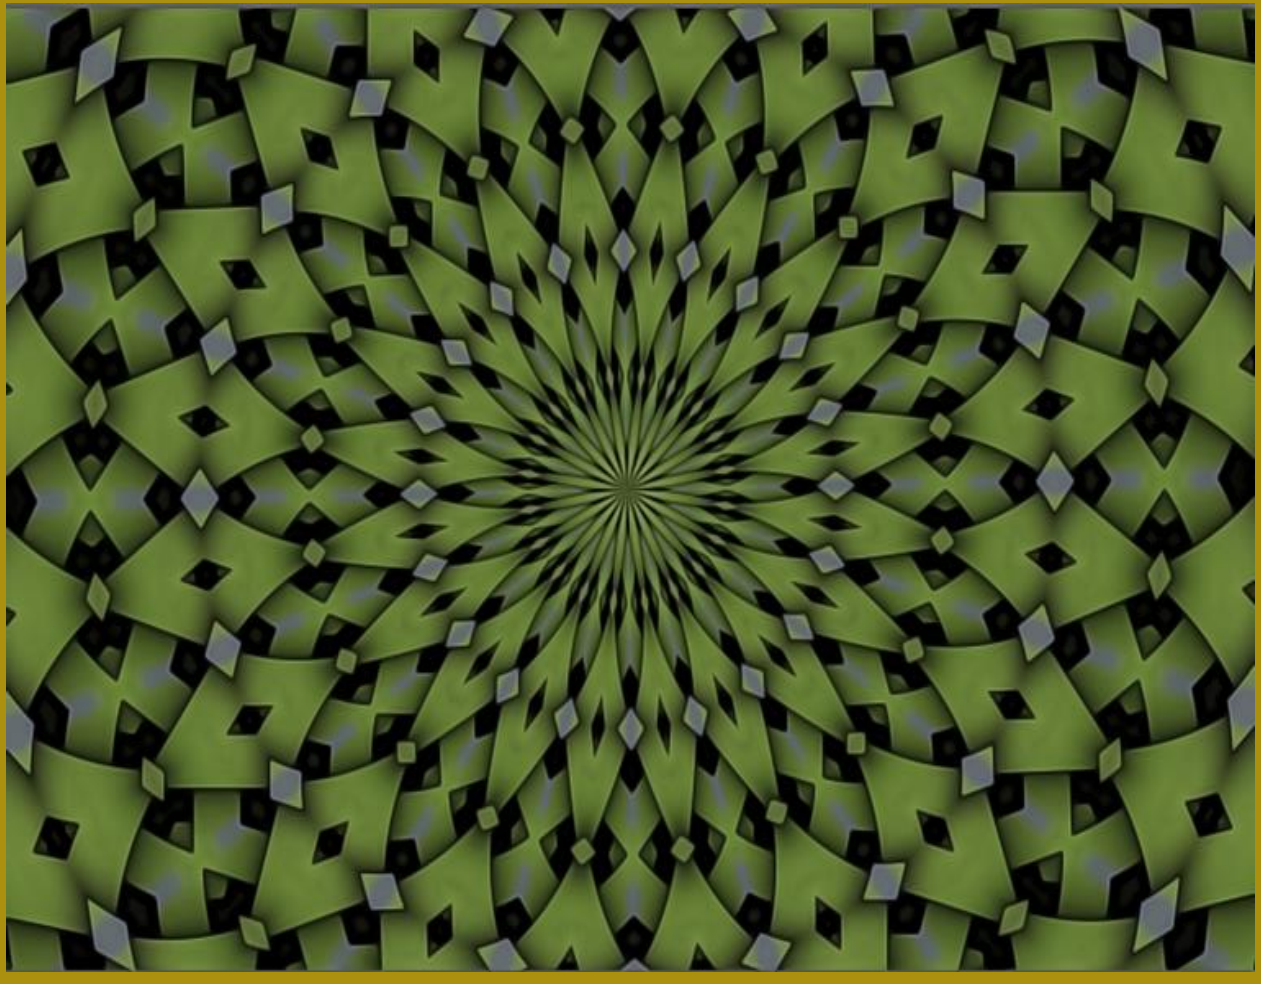
We attempted to investigate rumors that the whole city council left for a Cancun Retreat last week upon the outbreak of this newest Zombie Outbreak but, all city hall was closed with all the ground floor windows boarded up by city's sanitation department workers.

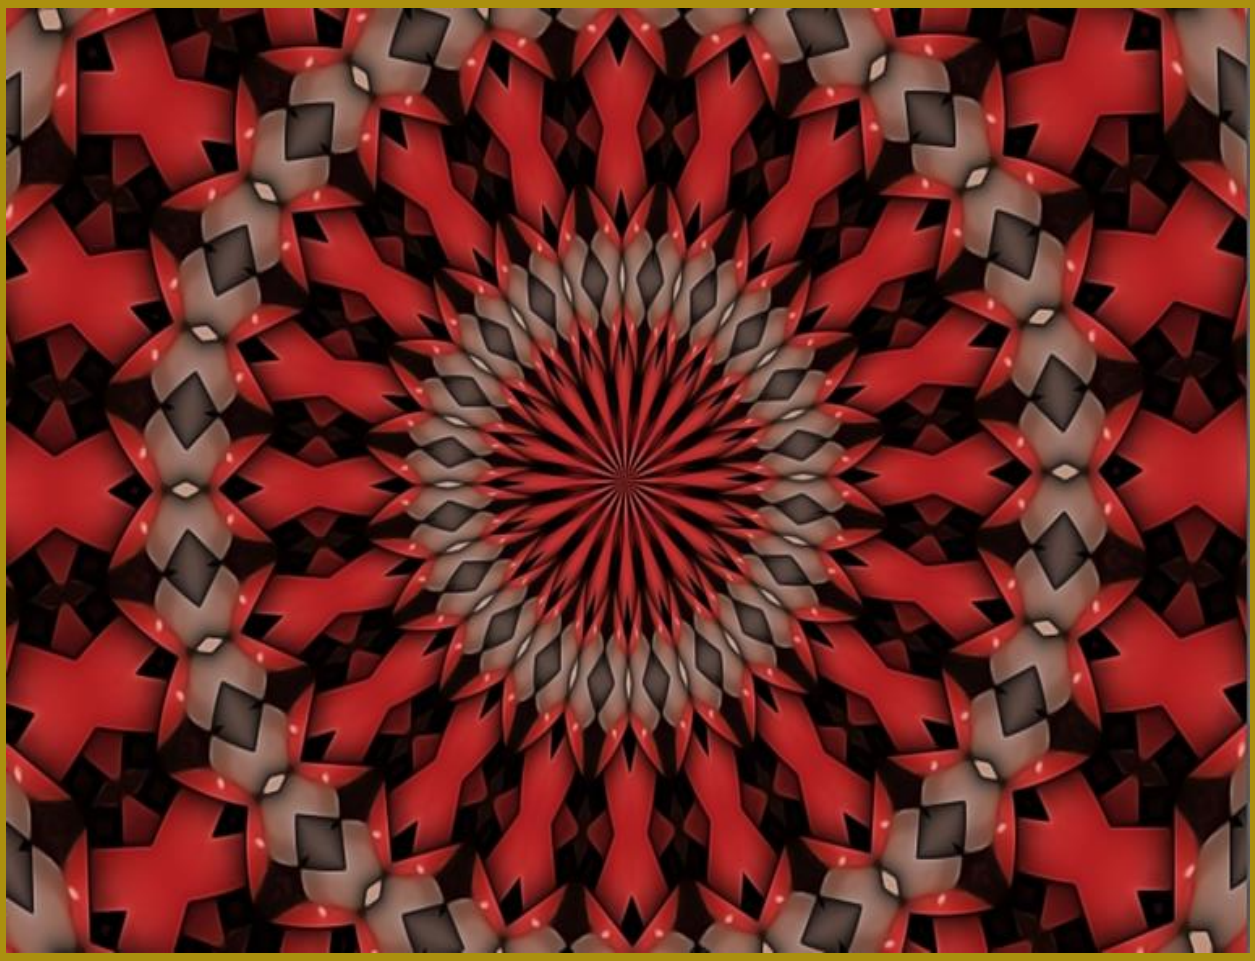
"More news as it becomes available here in Ward 5. We return you to normal broadcasting..."

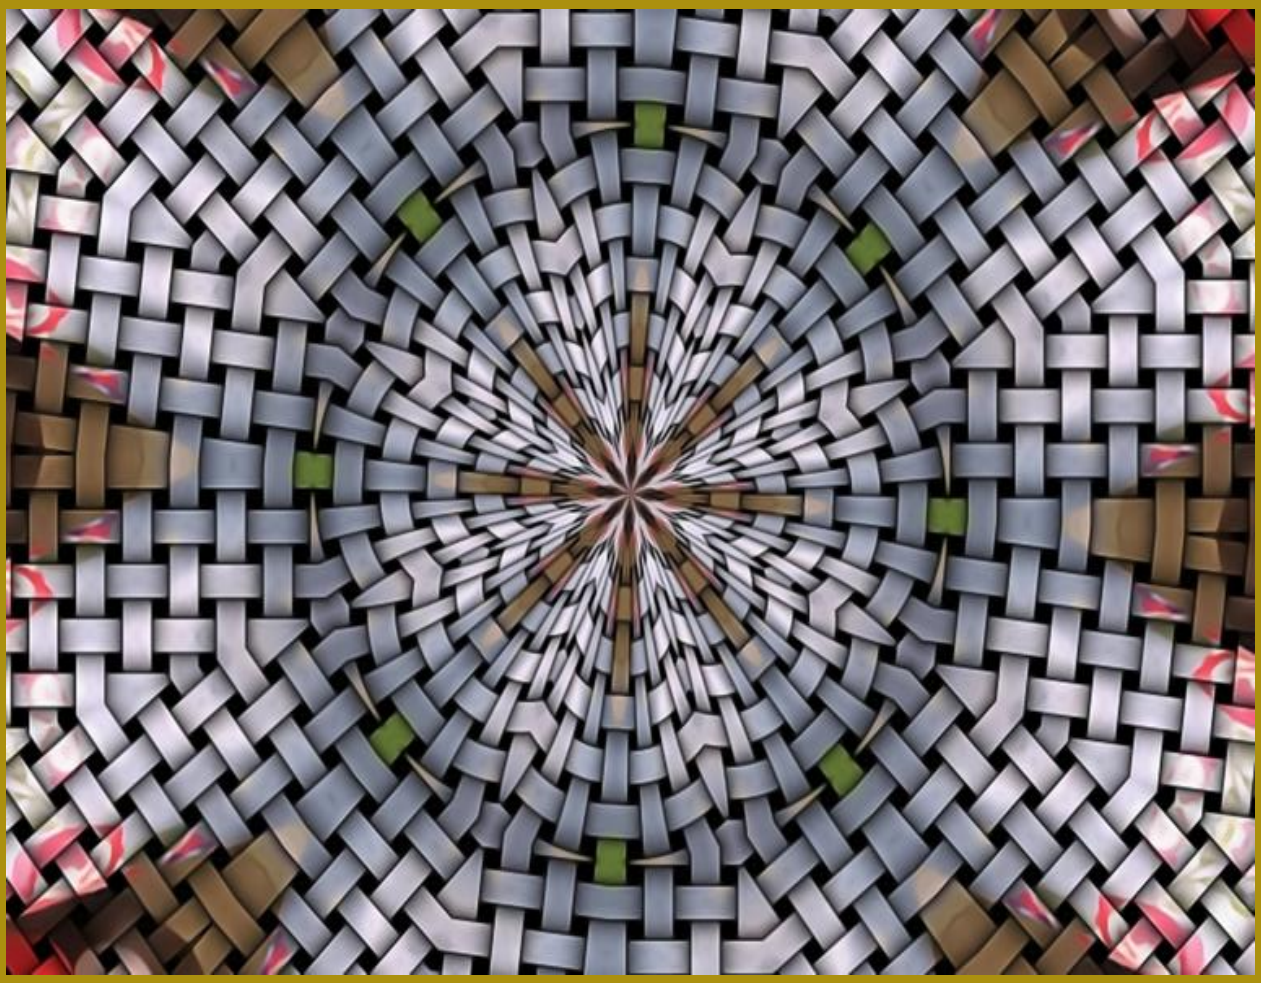


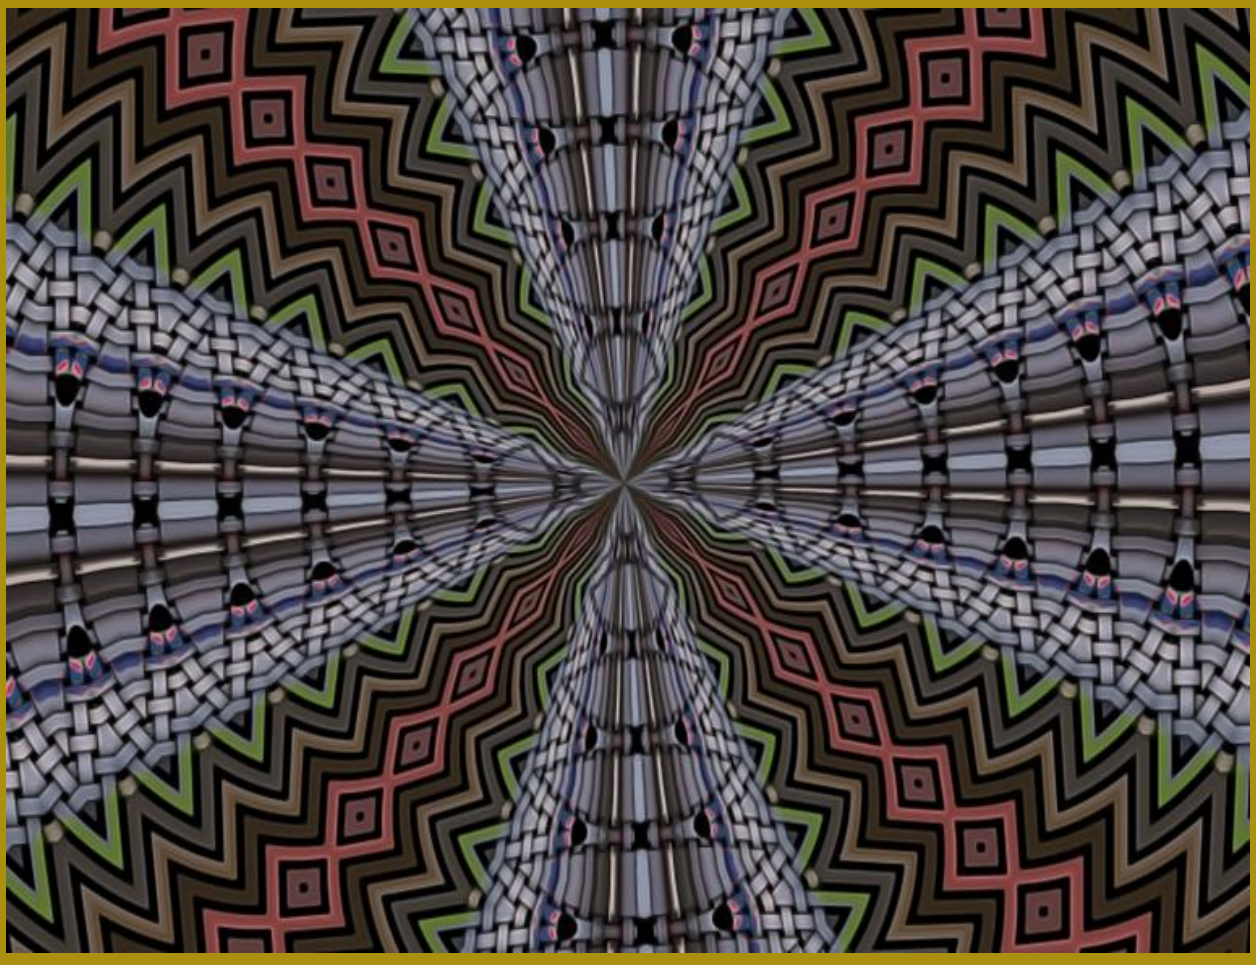


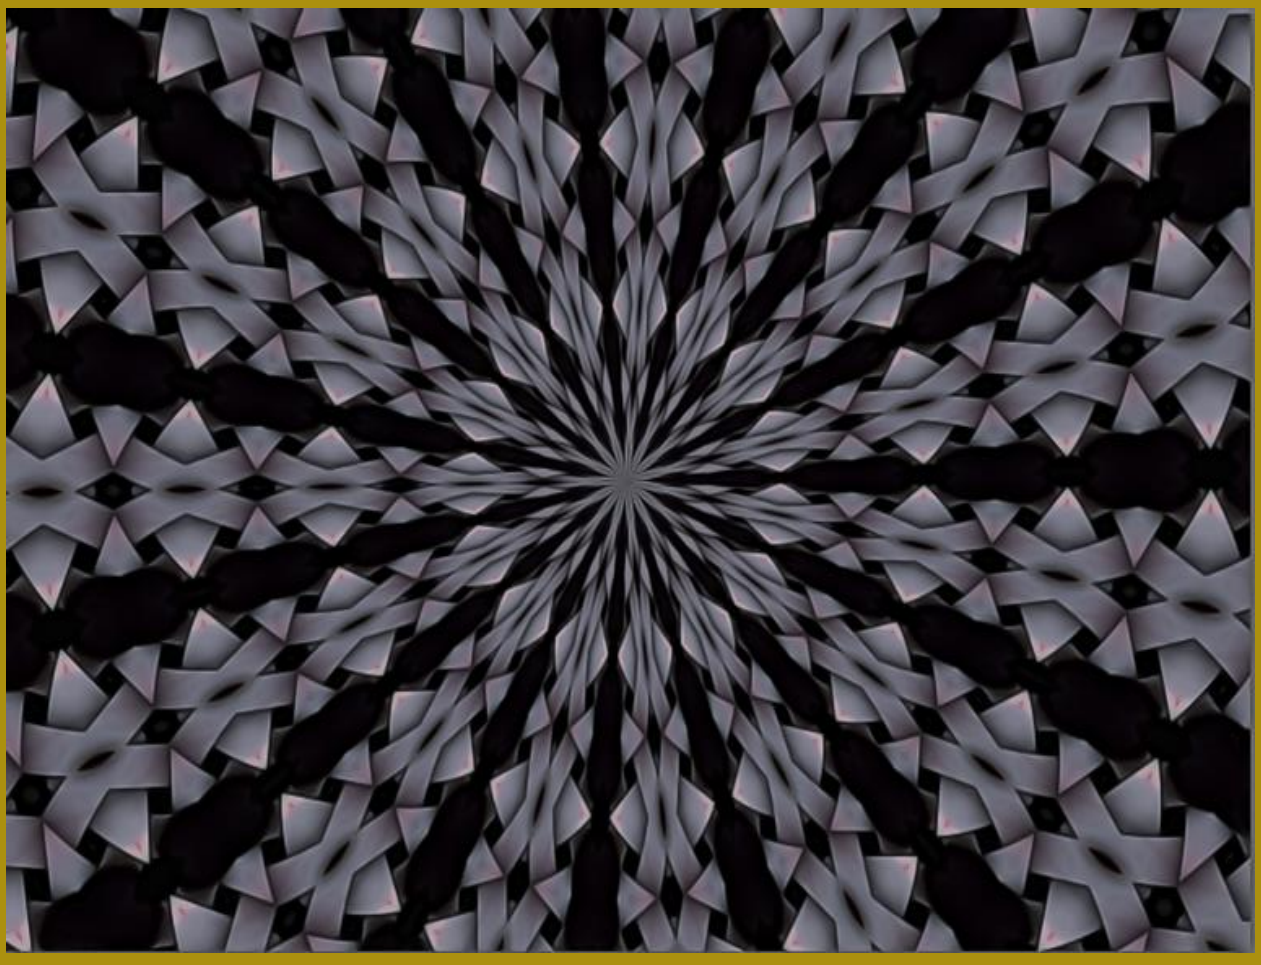


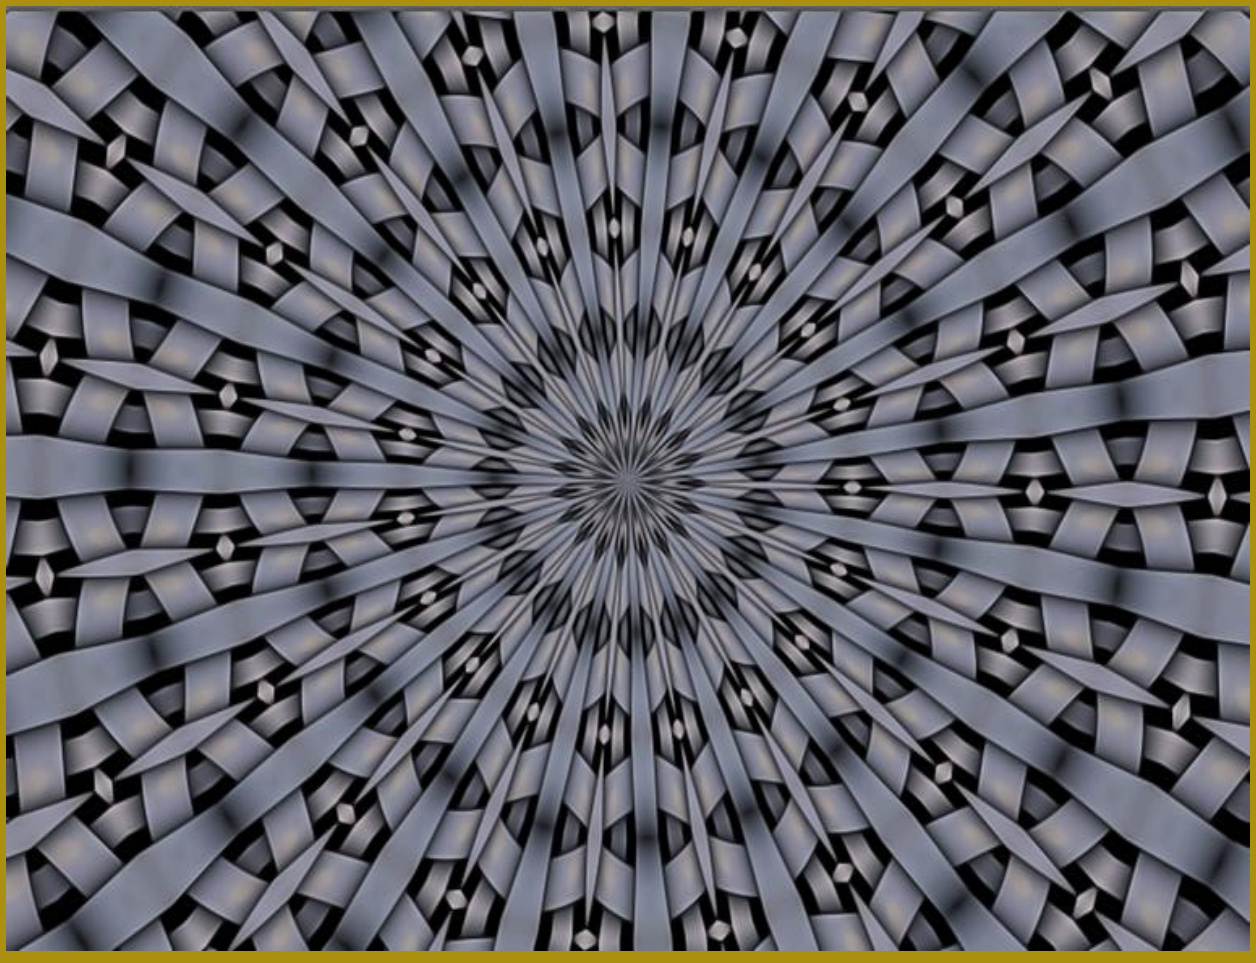


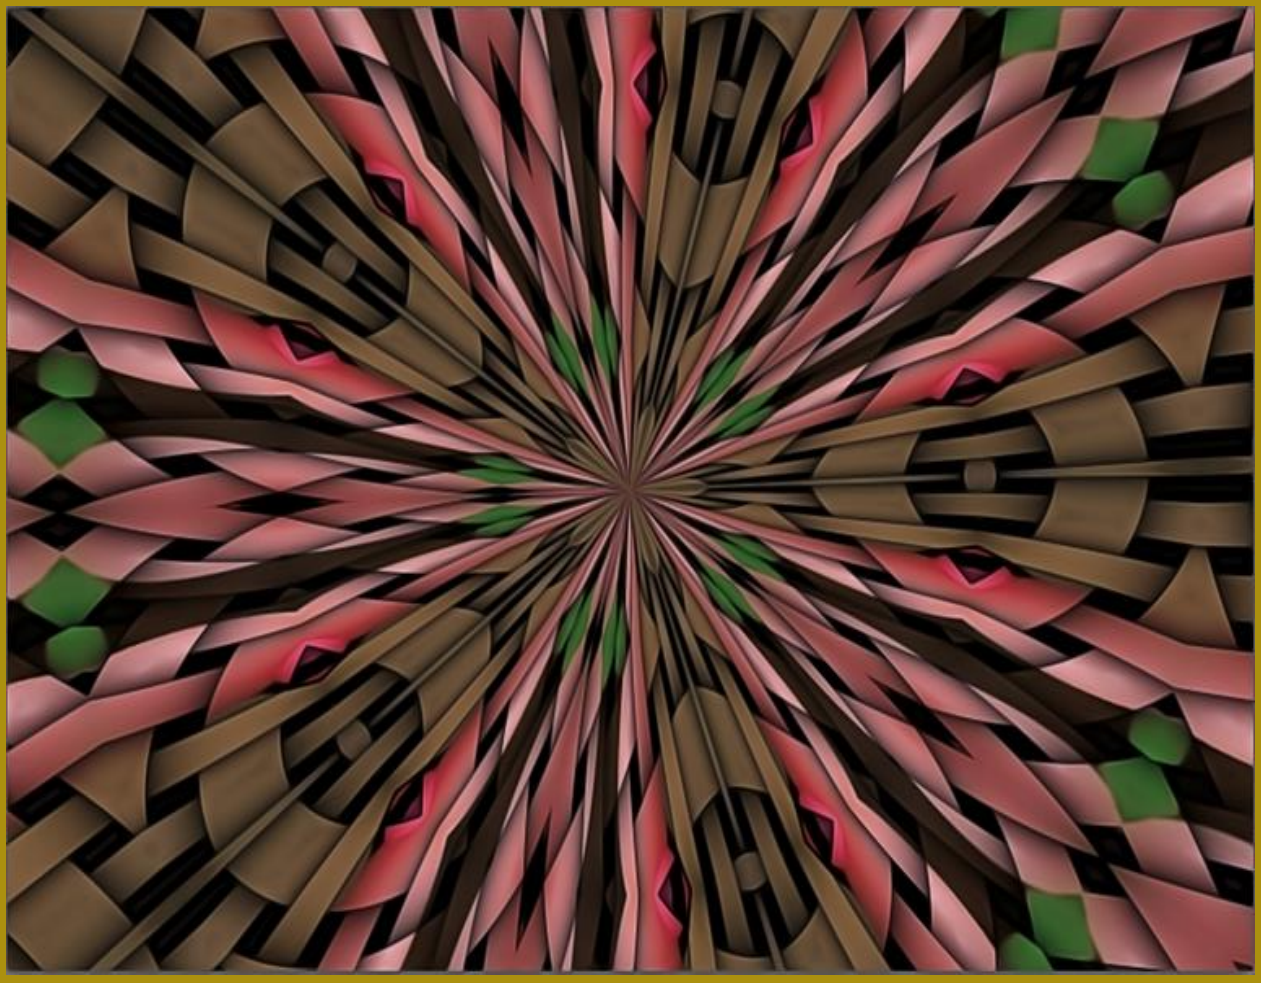


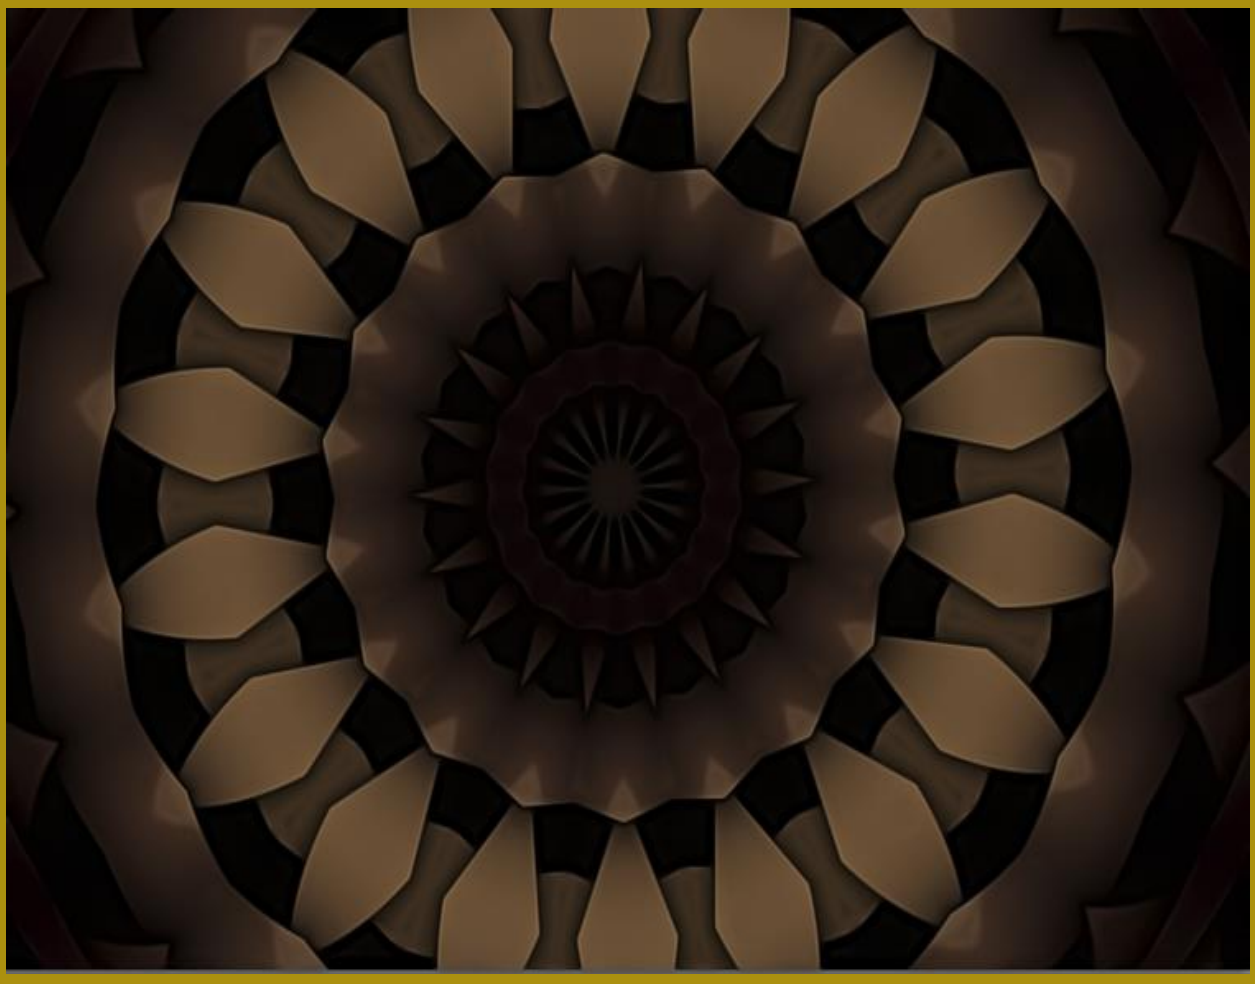


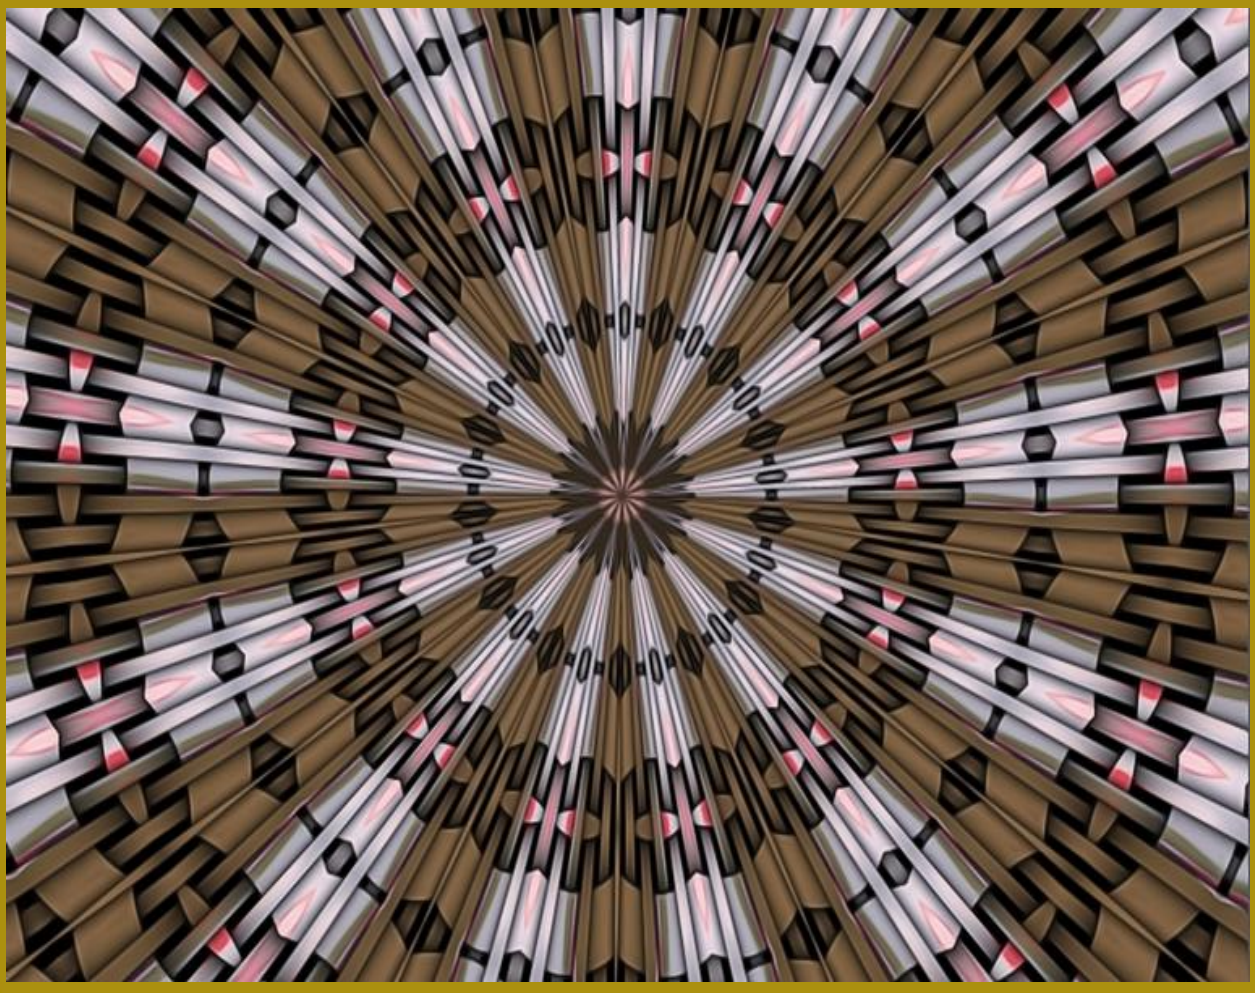


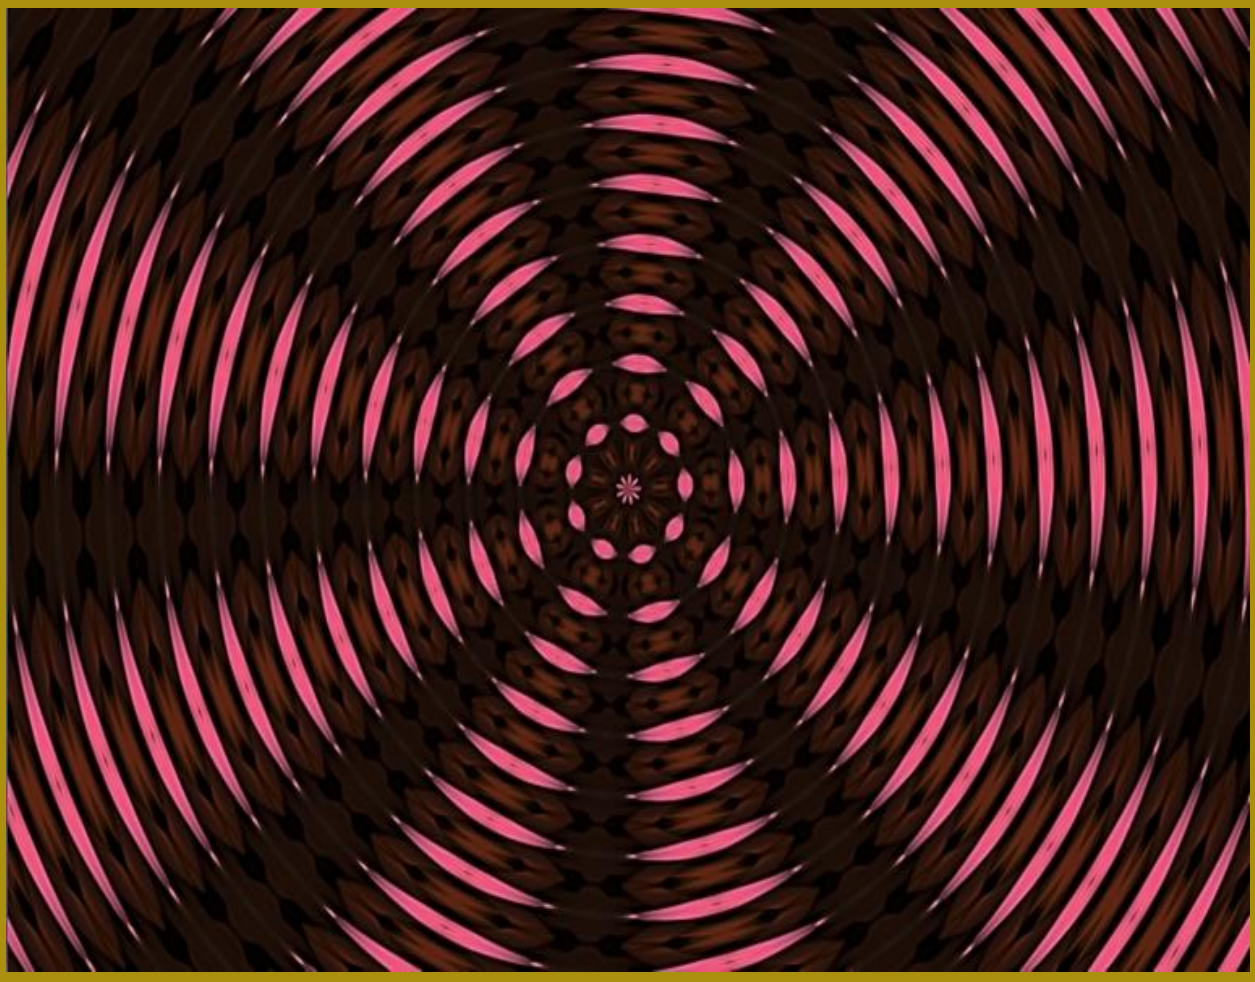


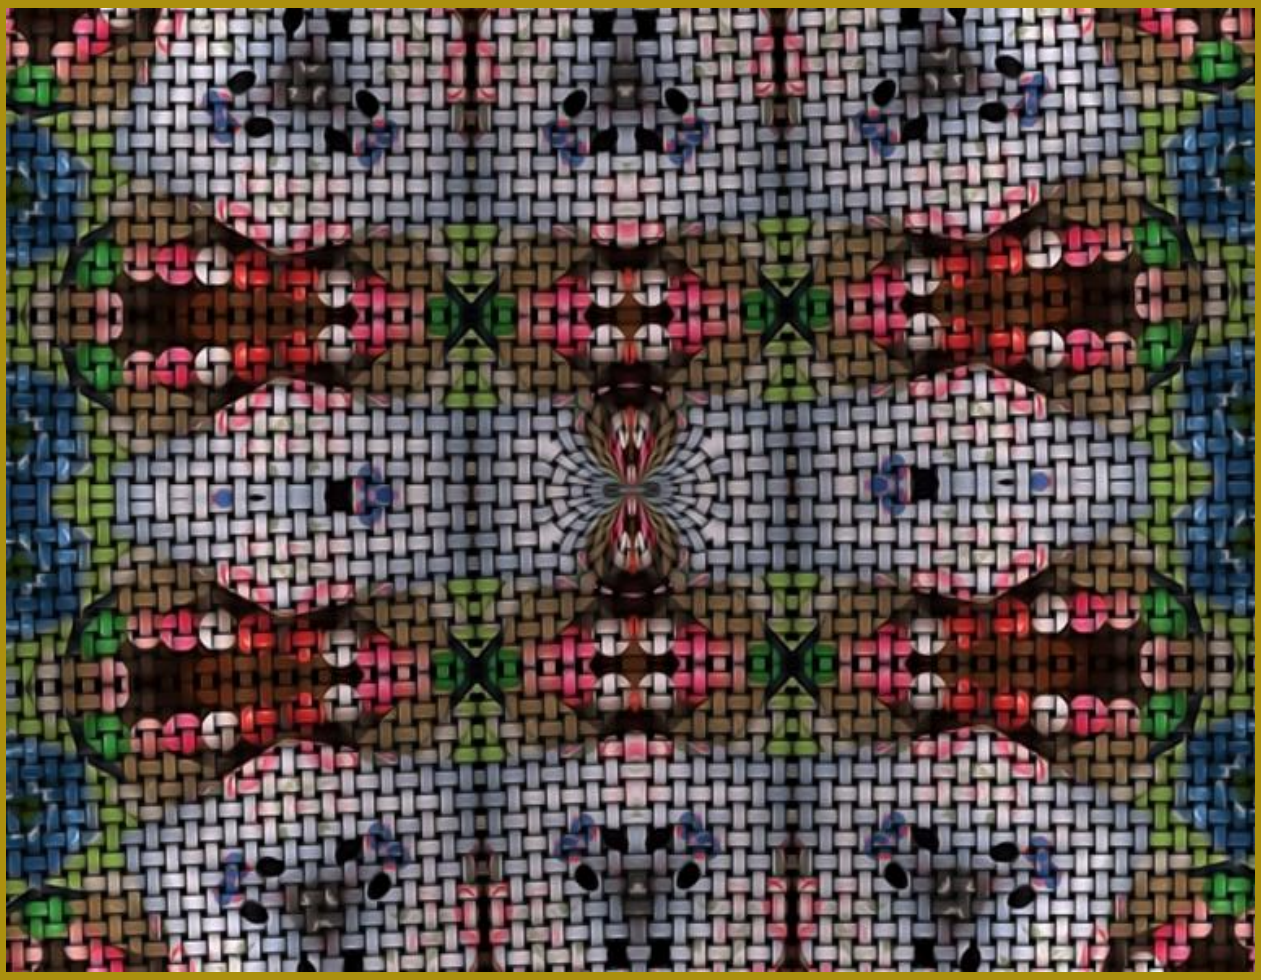


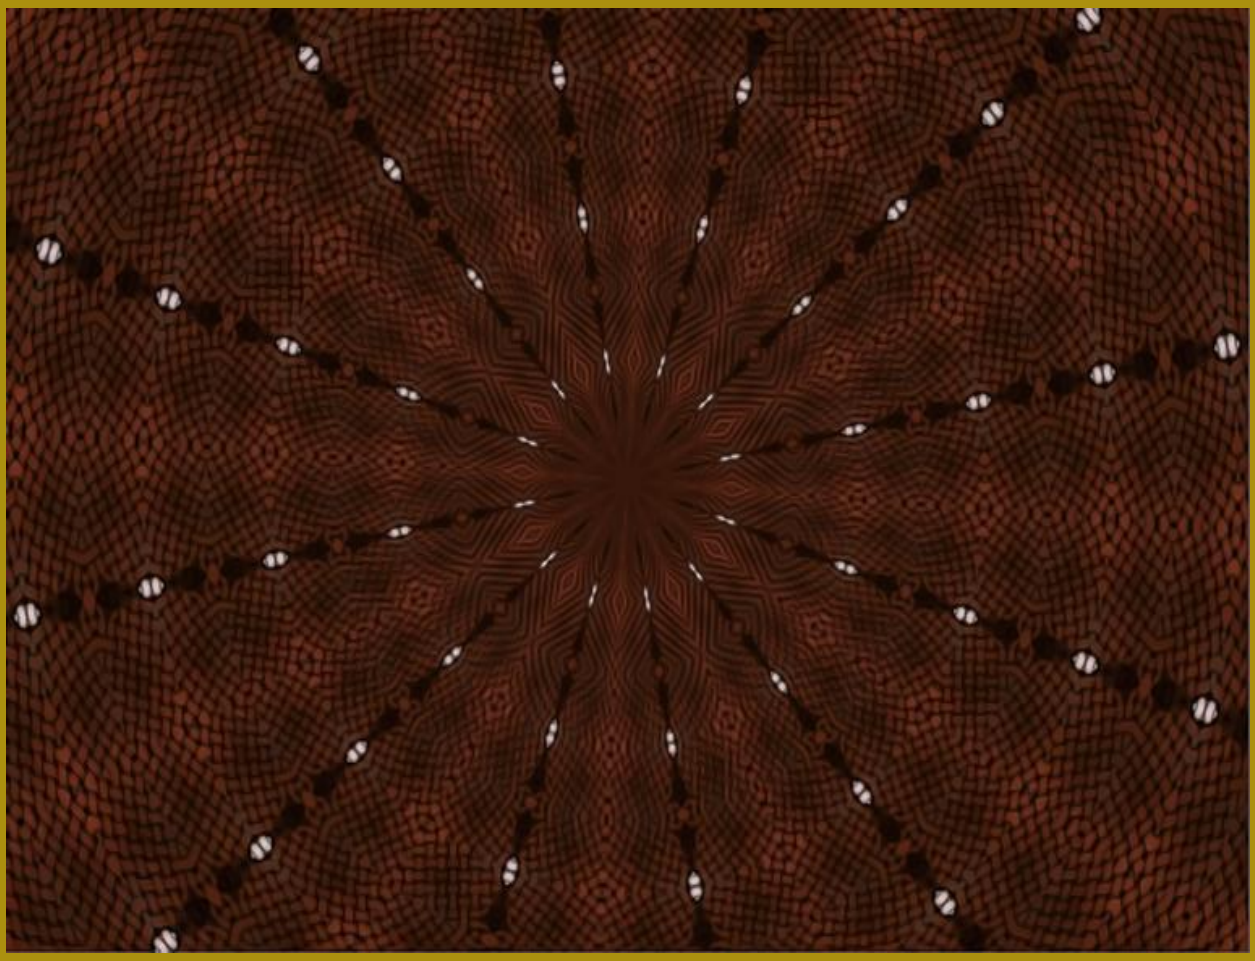


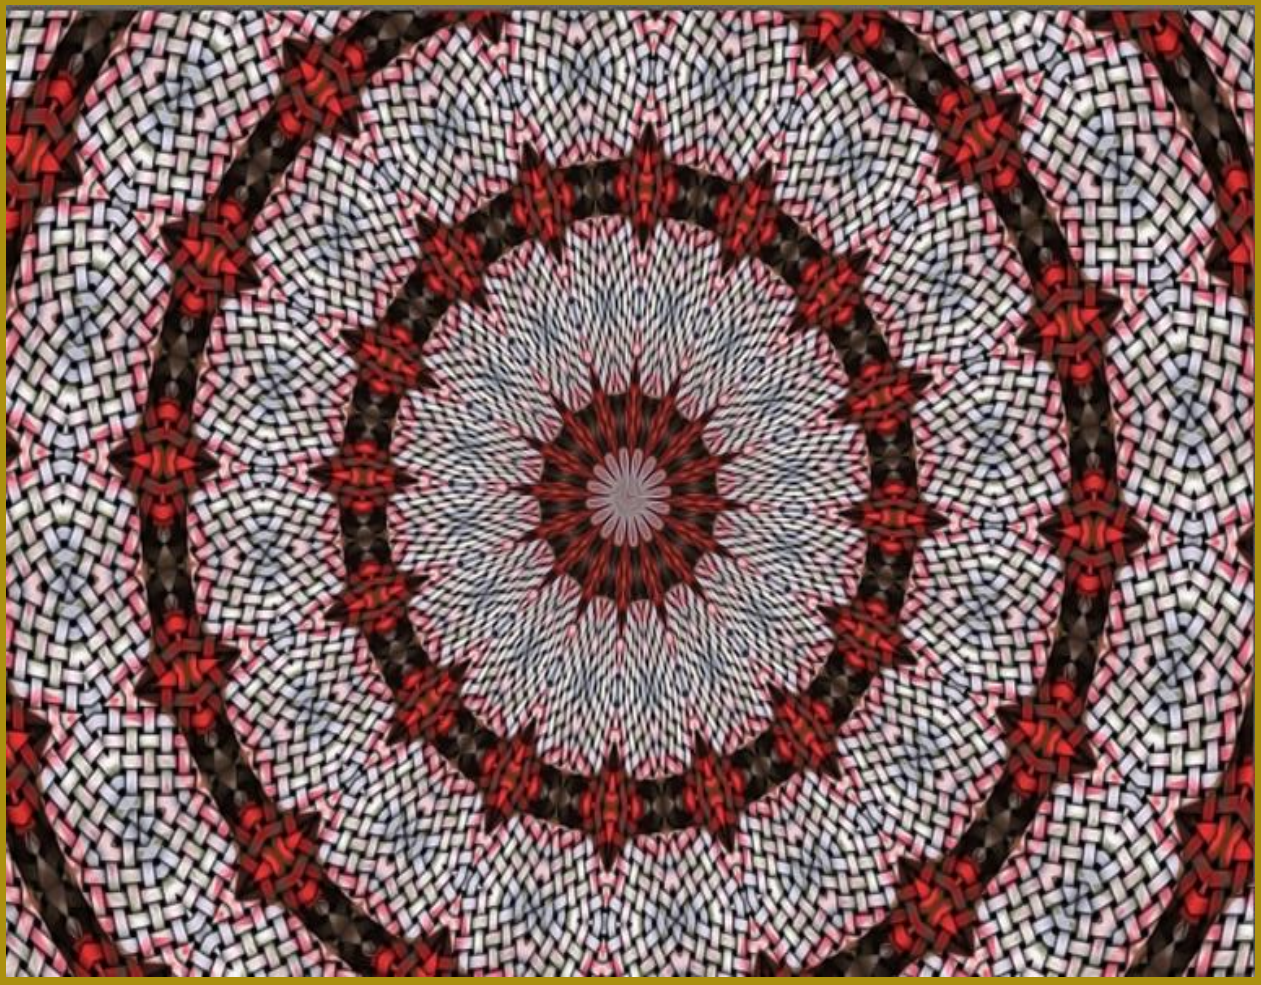


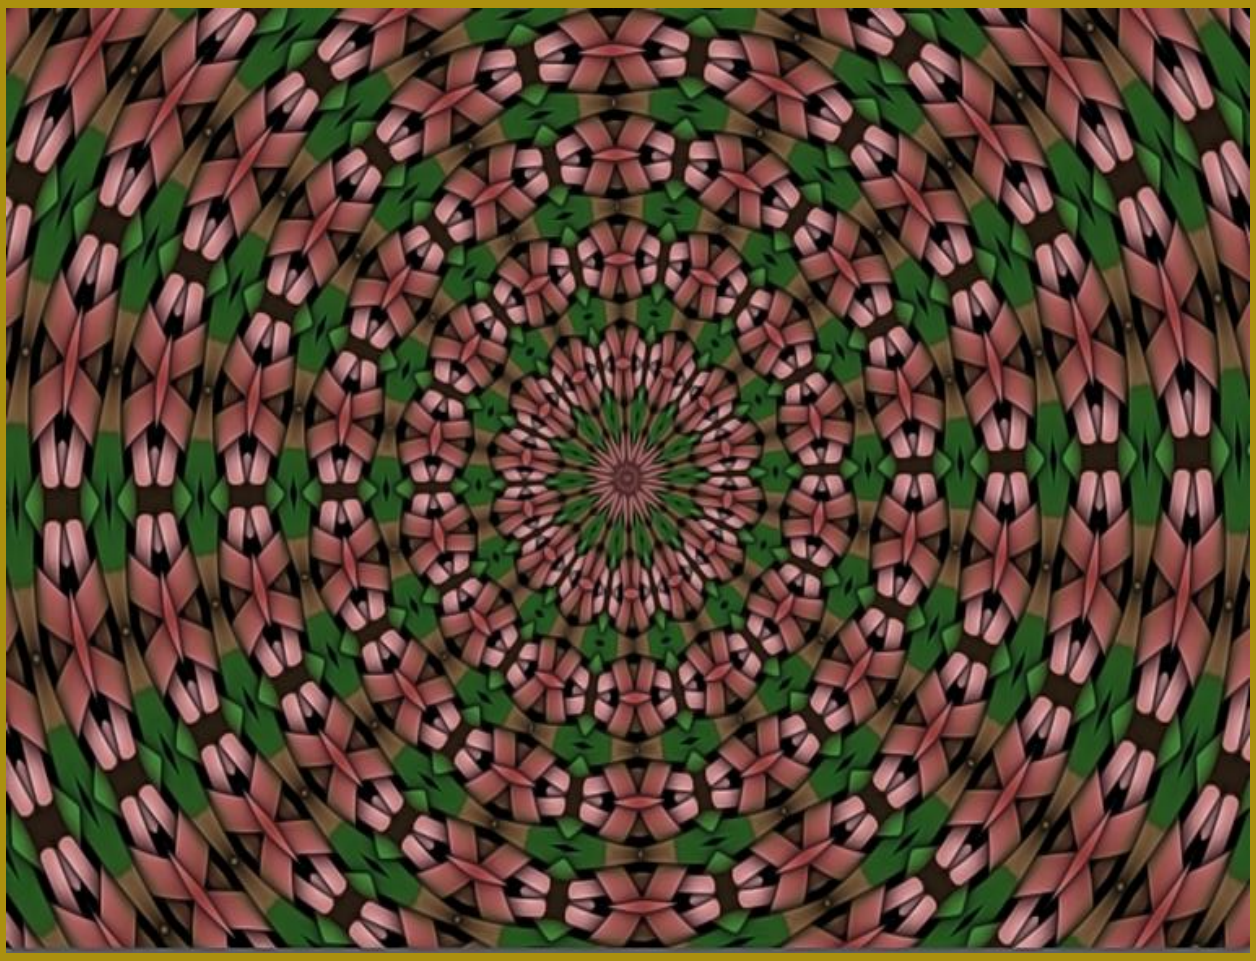


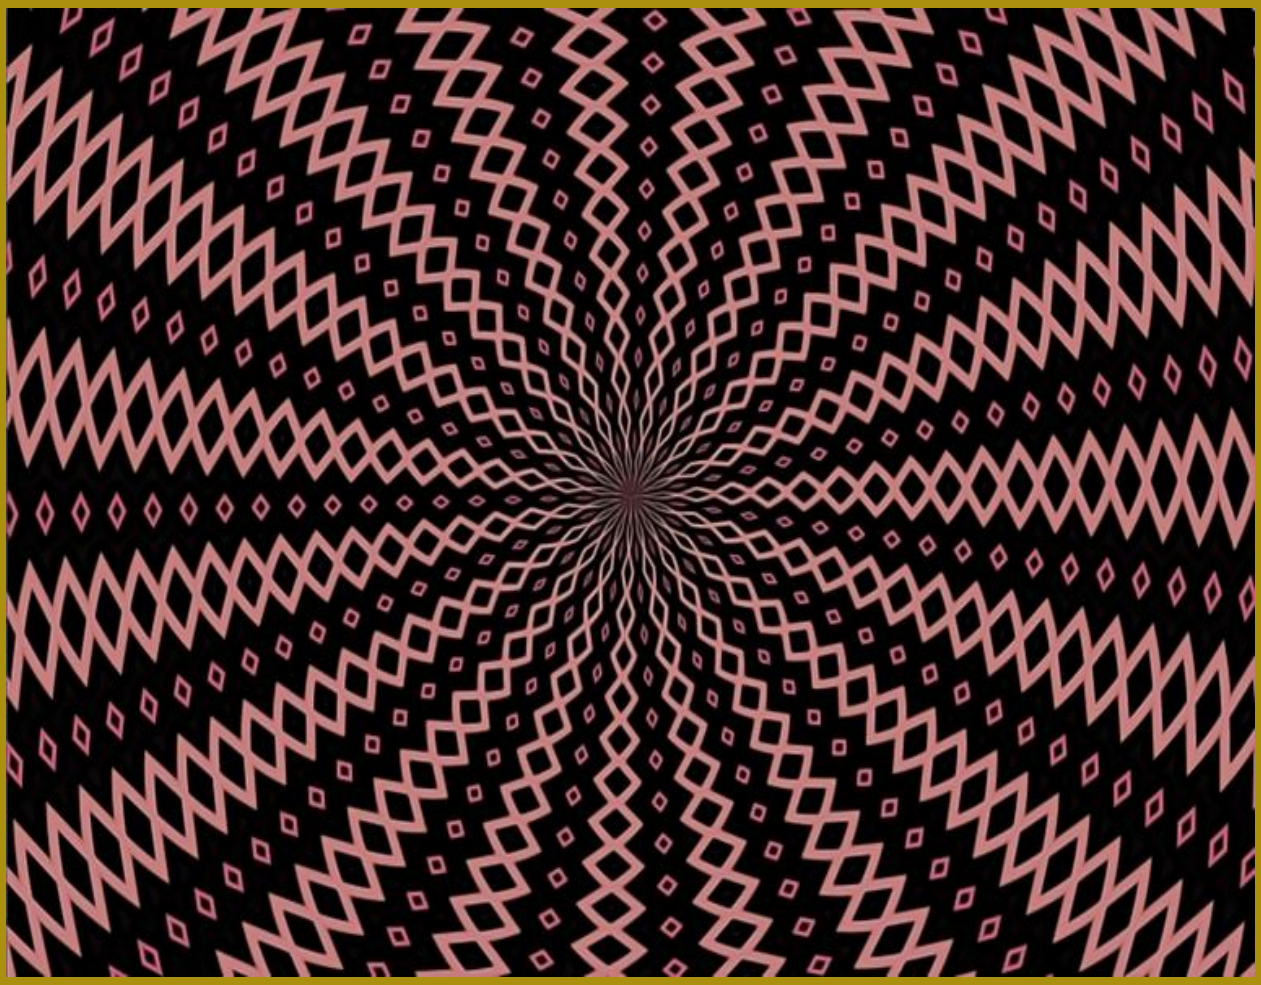


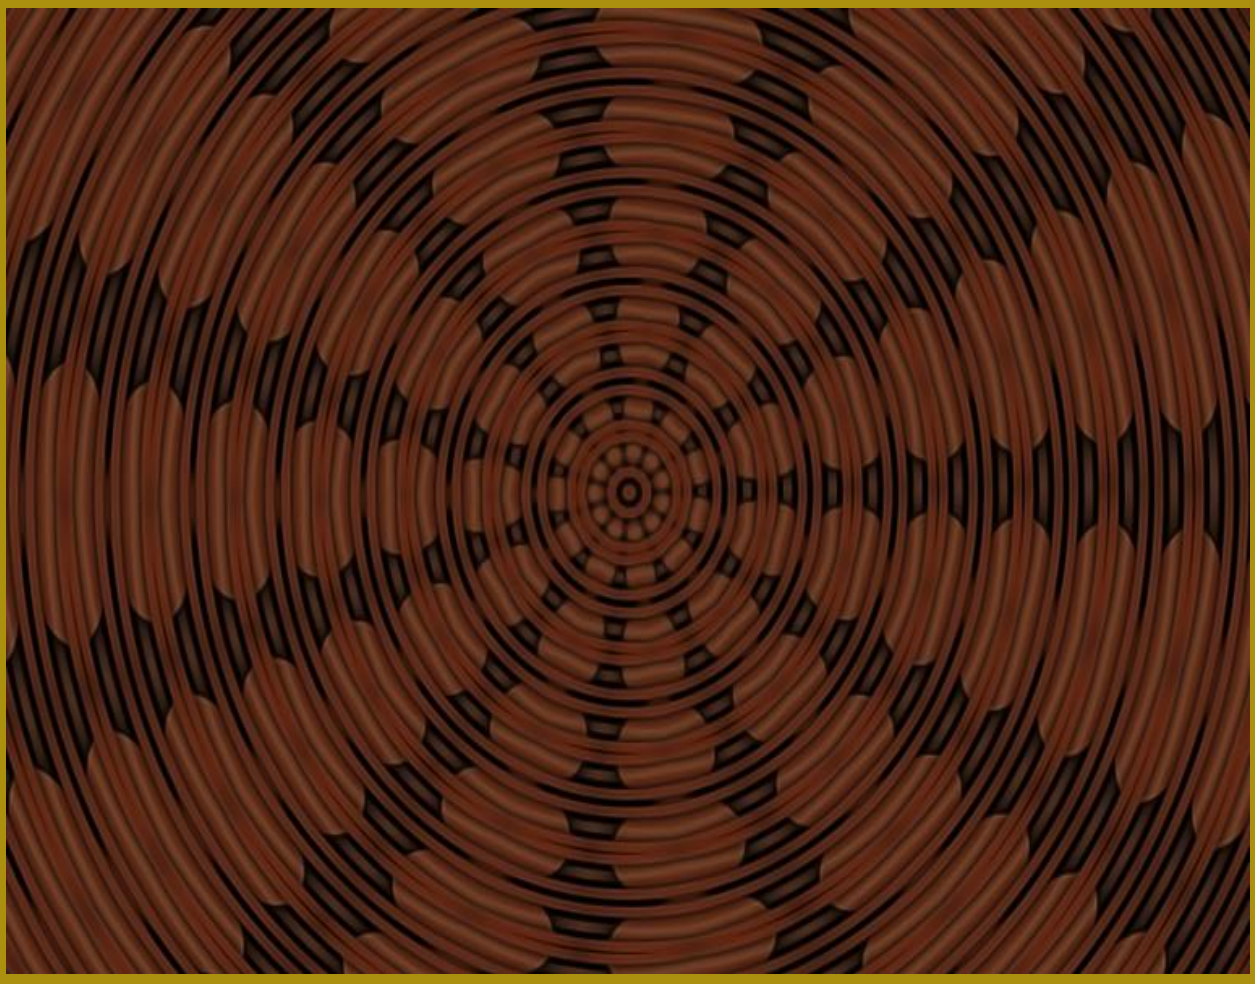


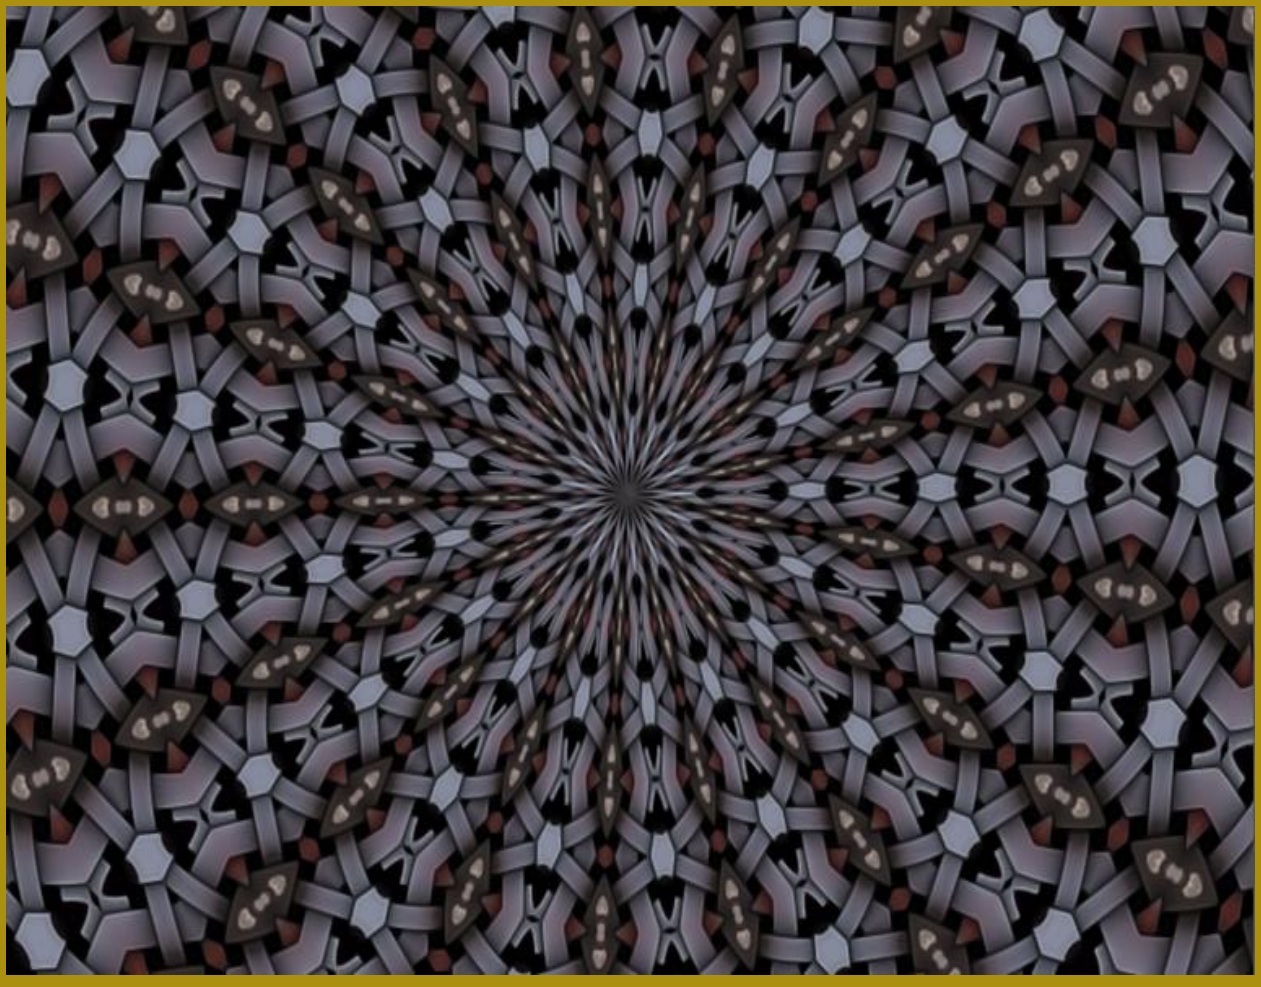


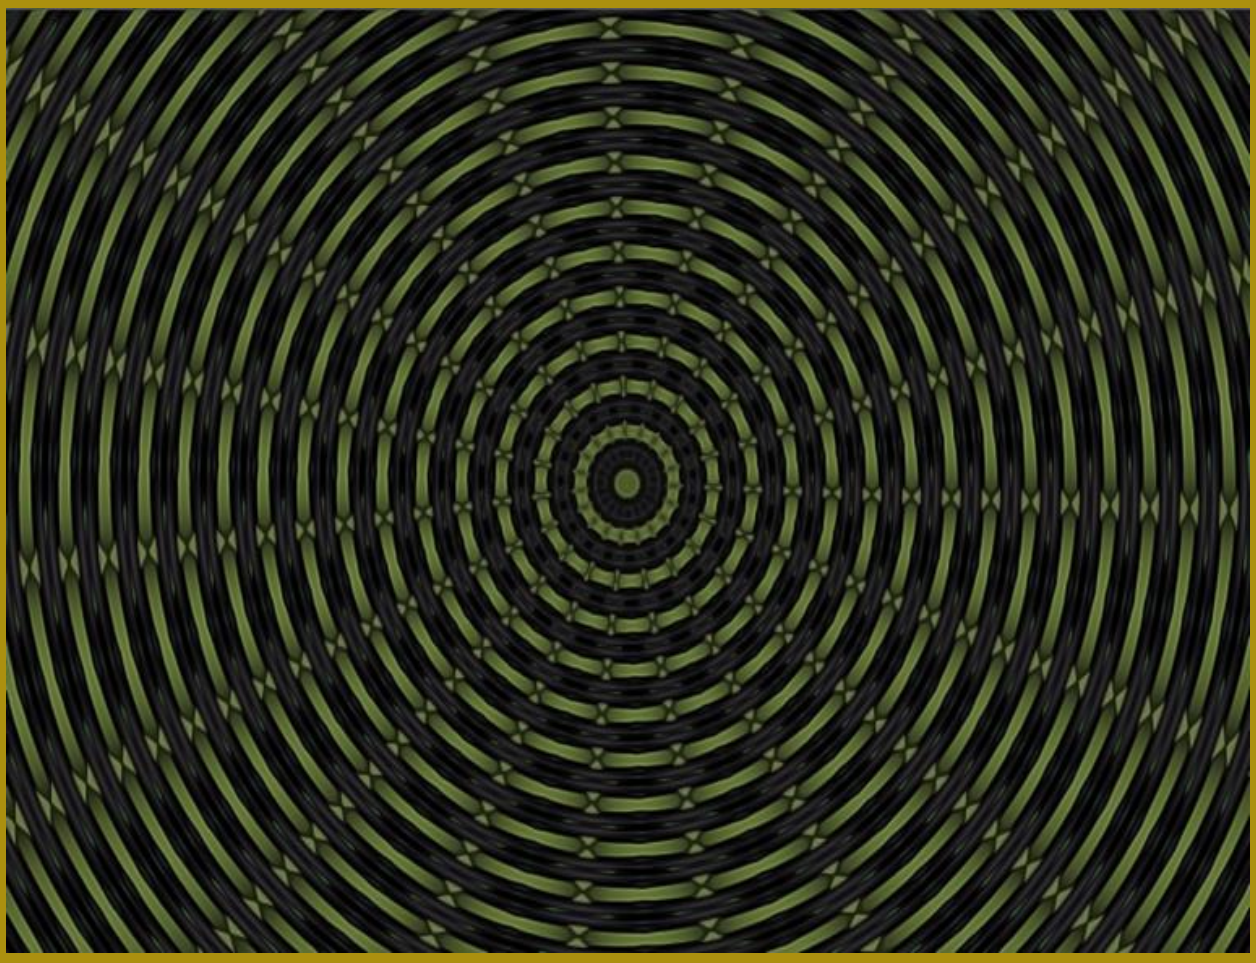


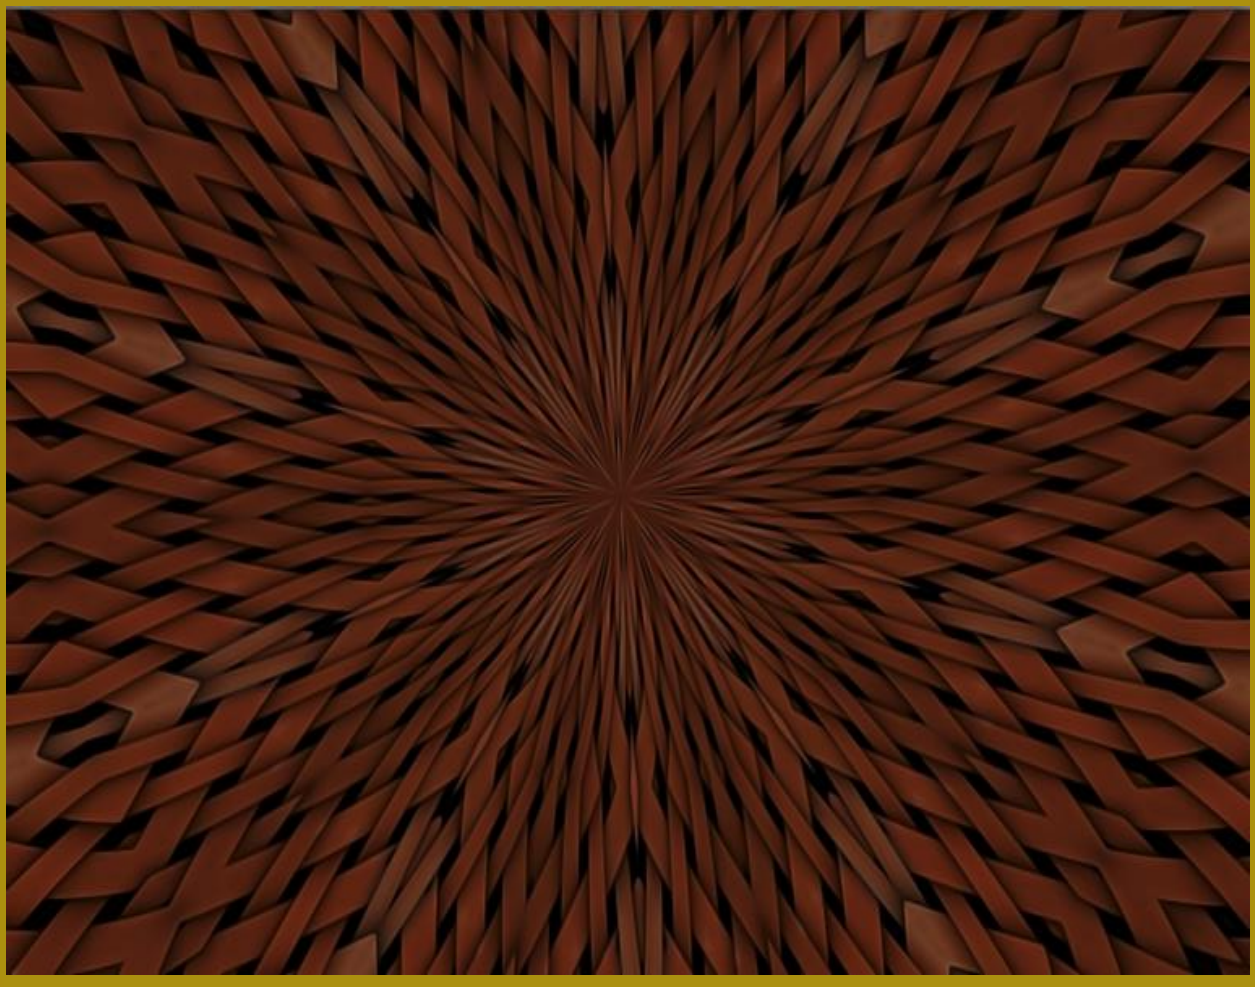


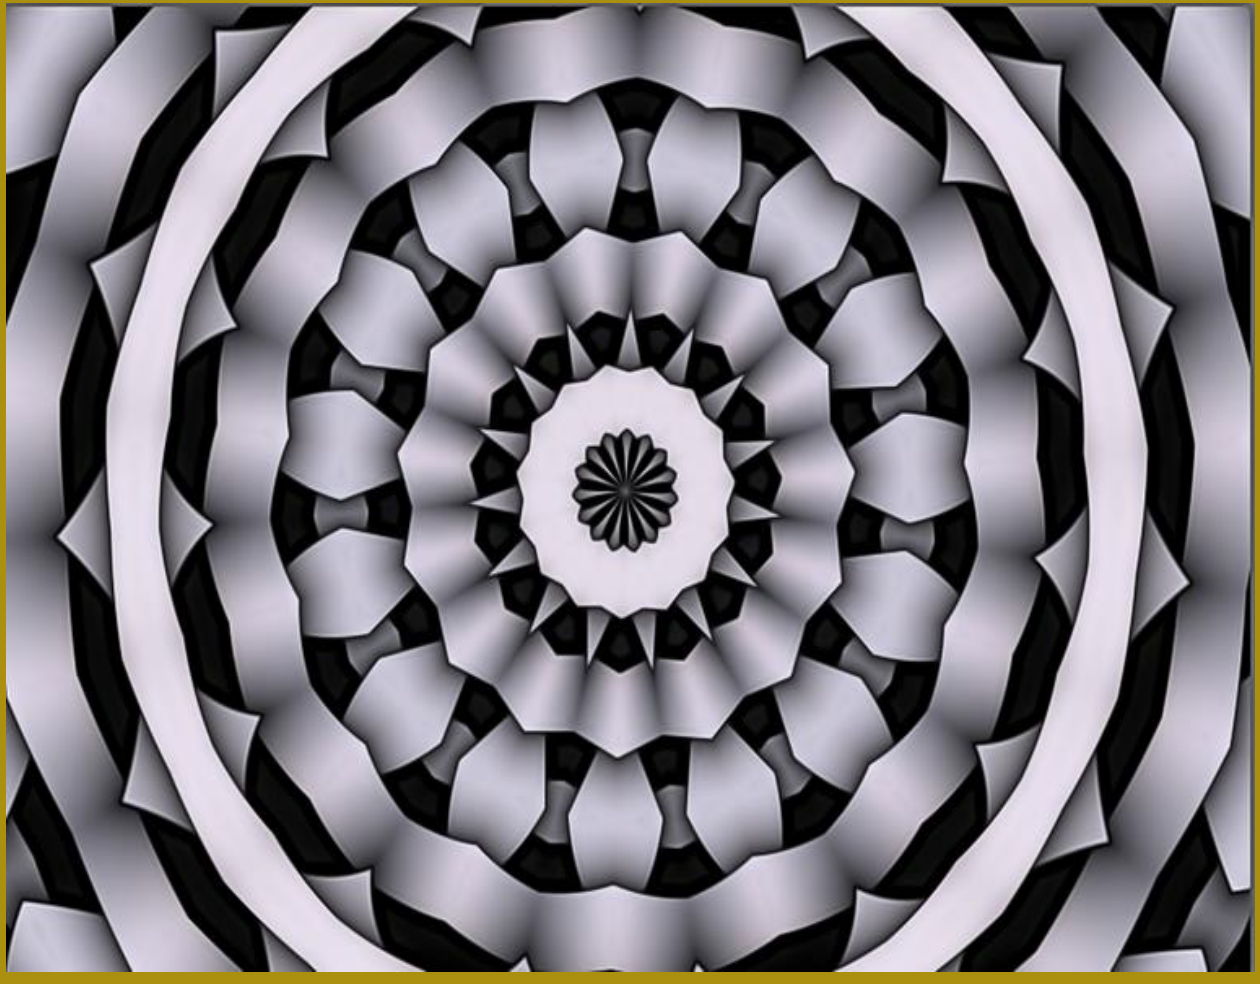


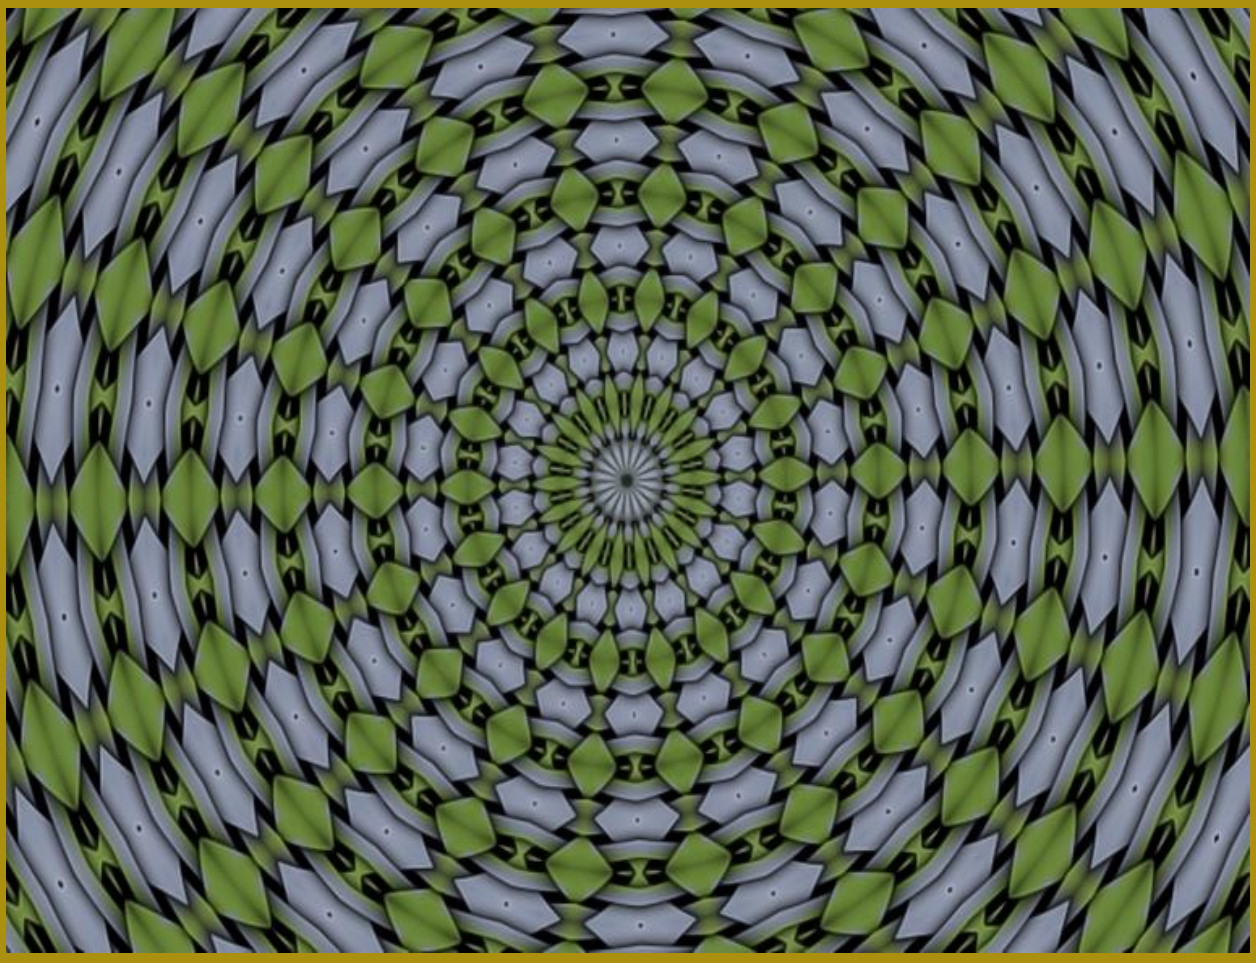


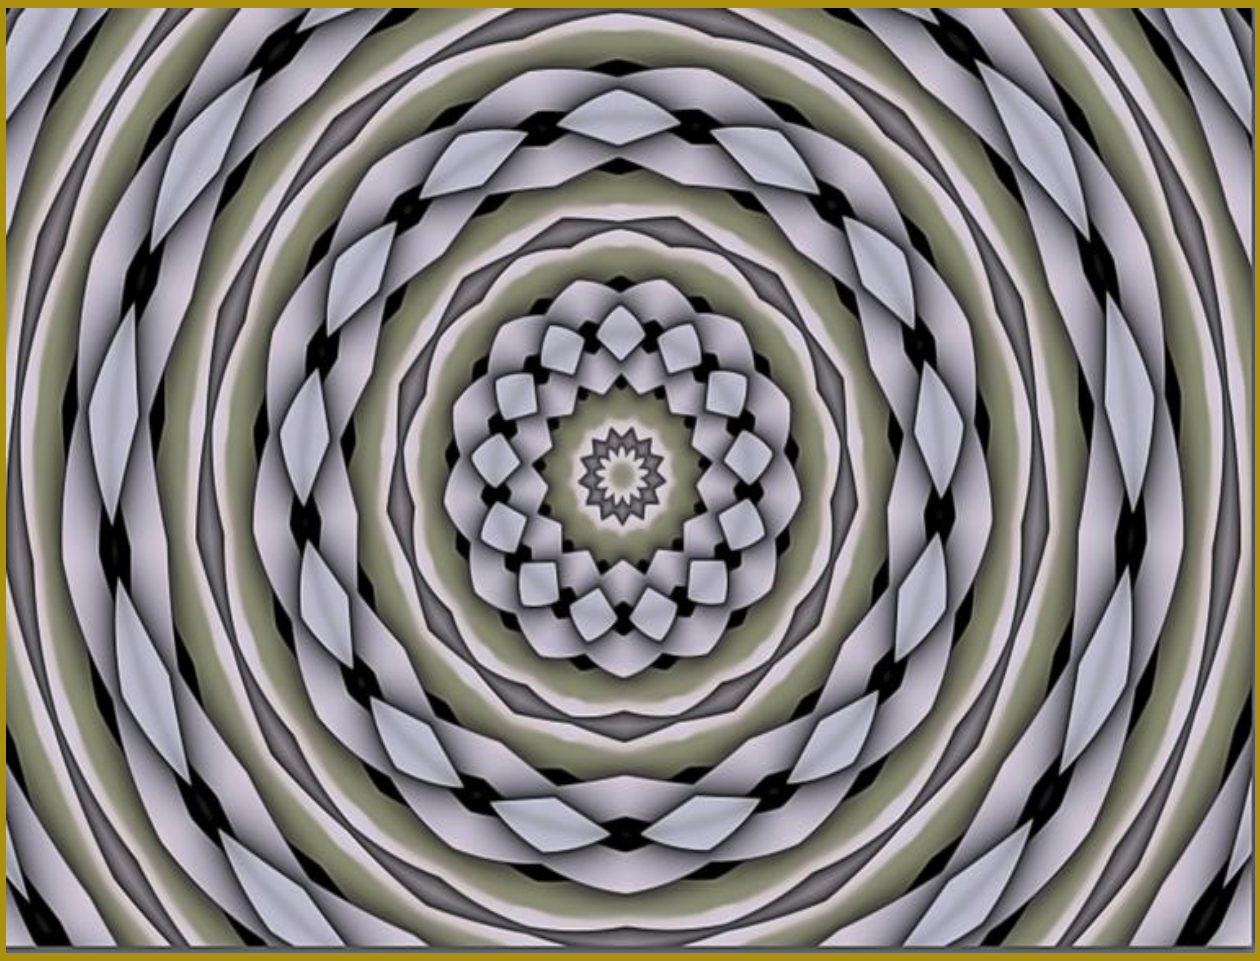


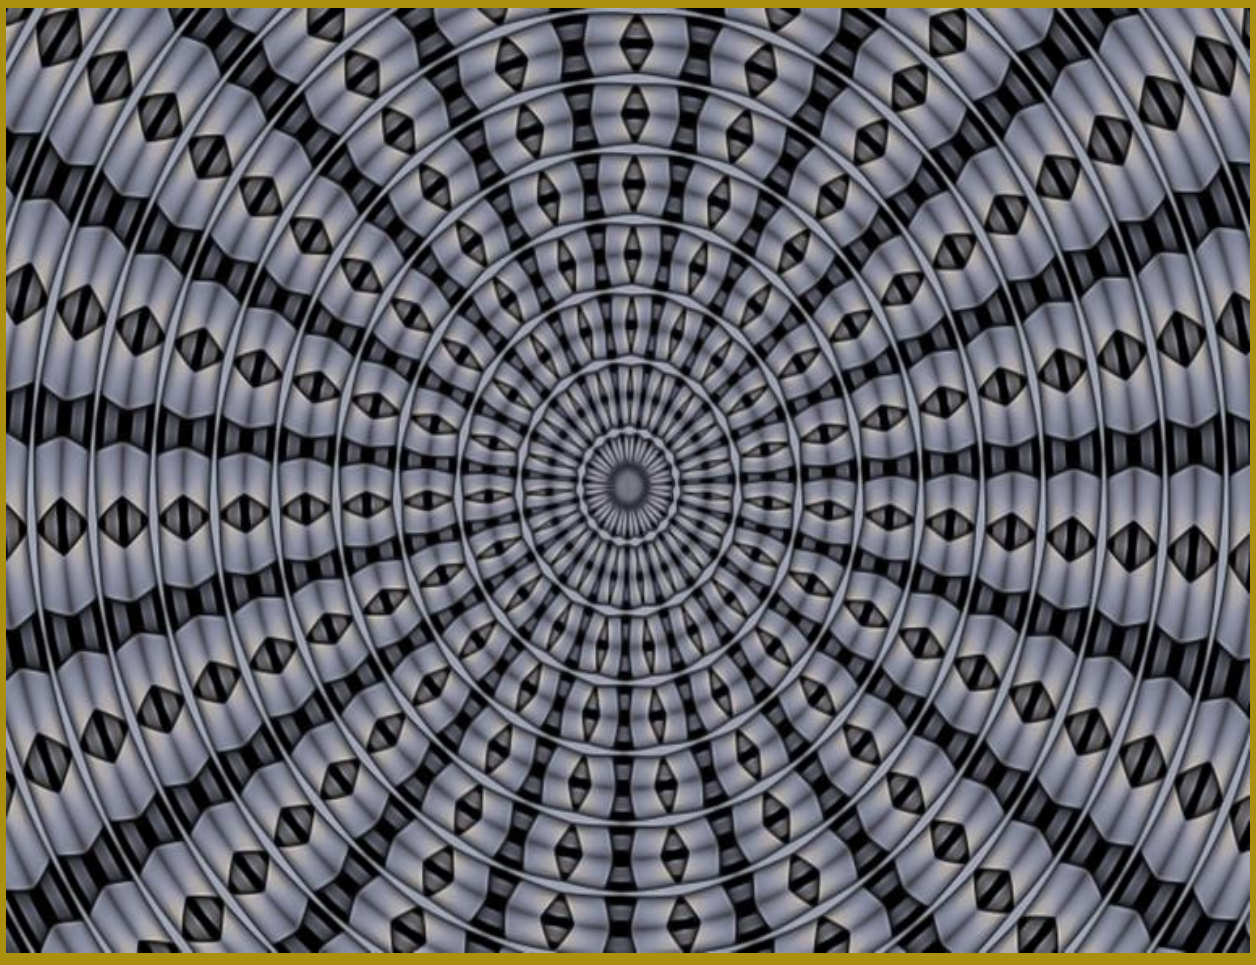


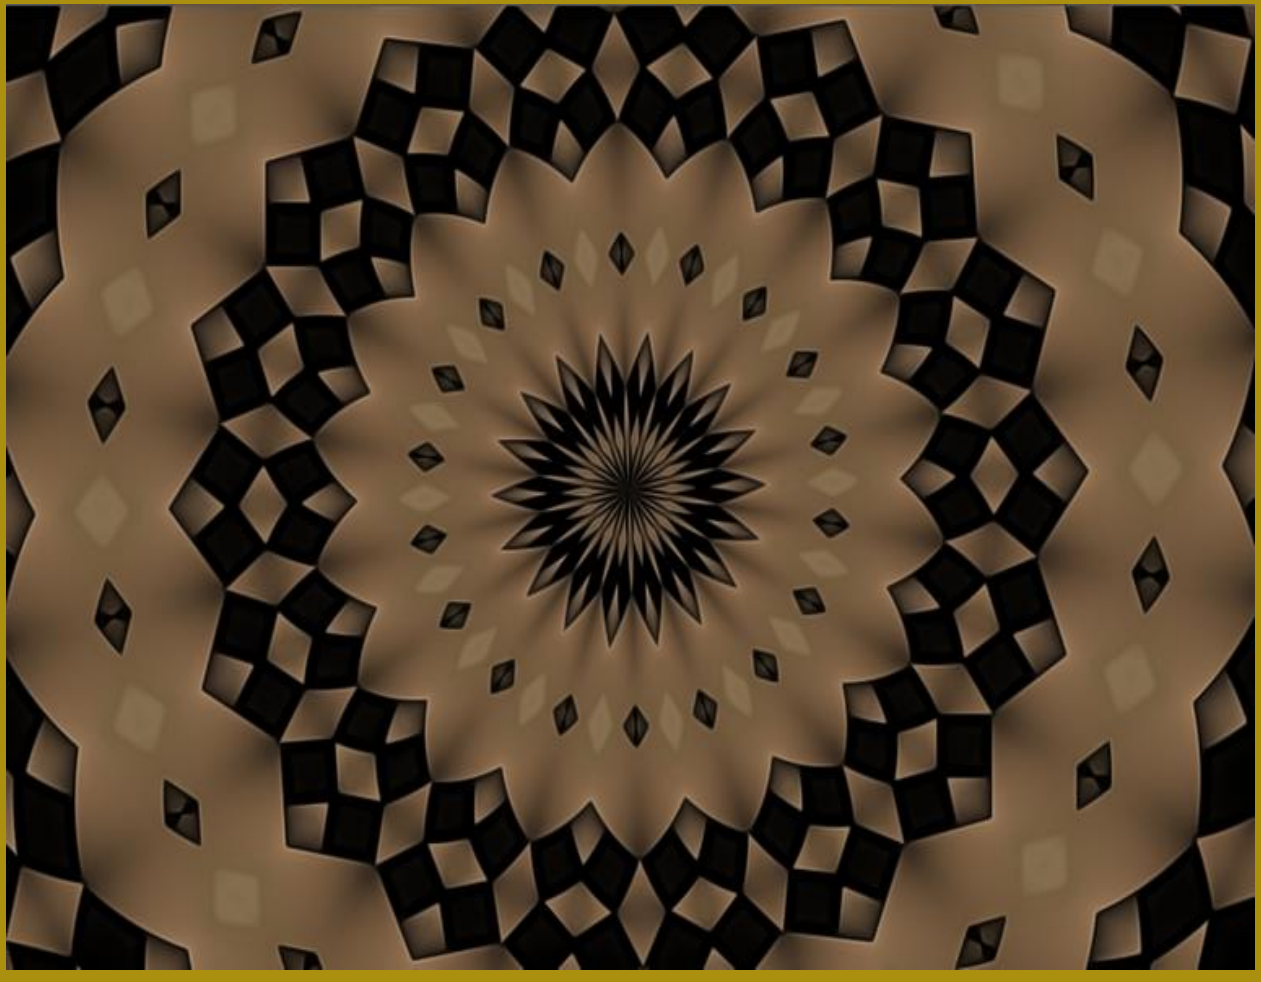


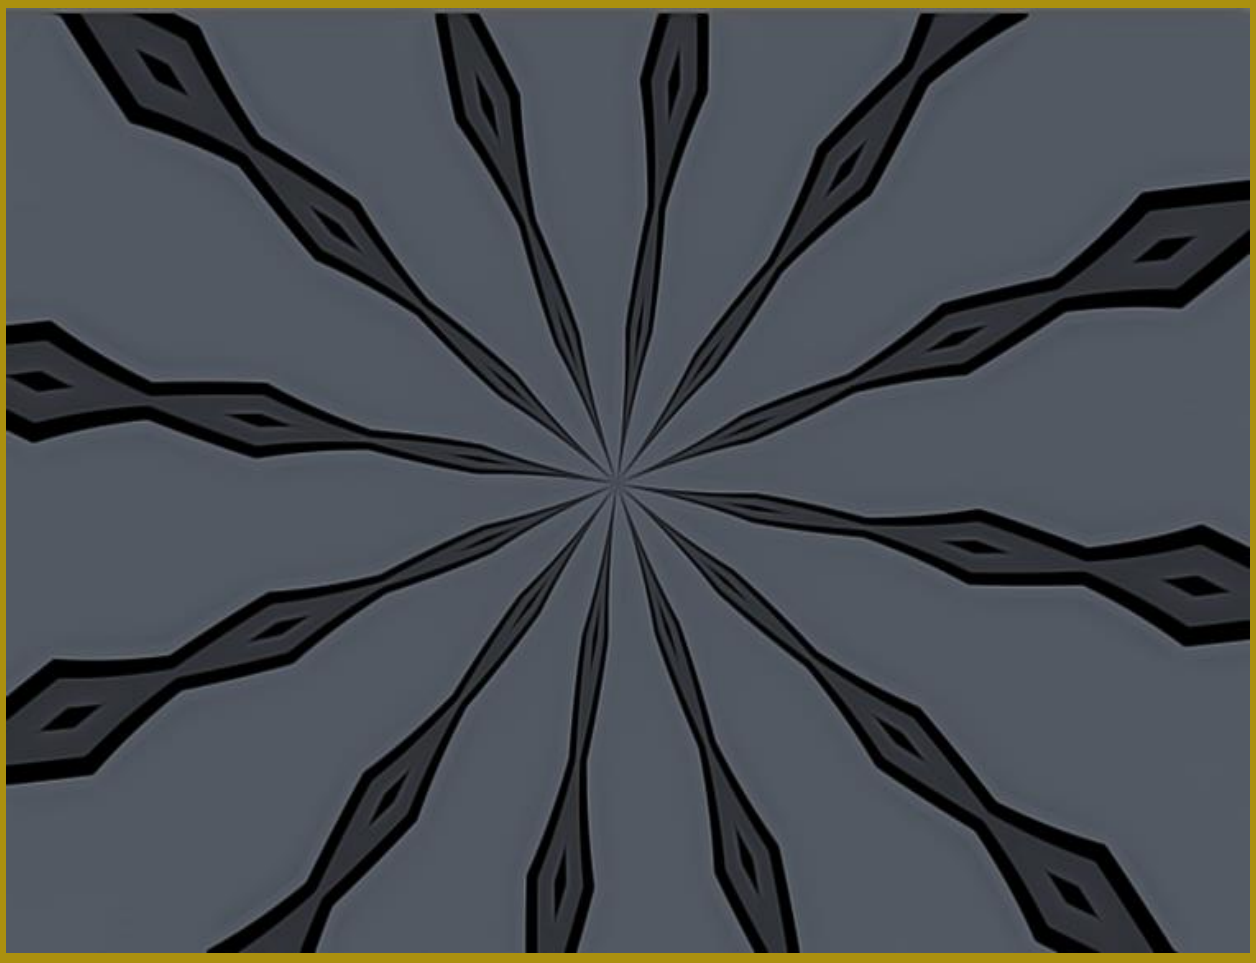


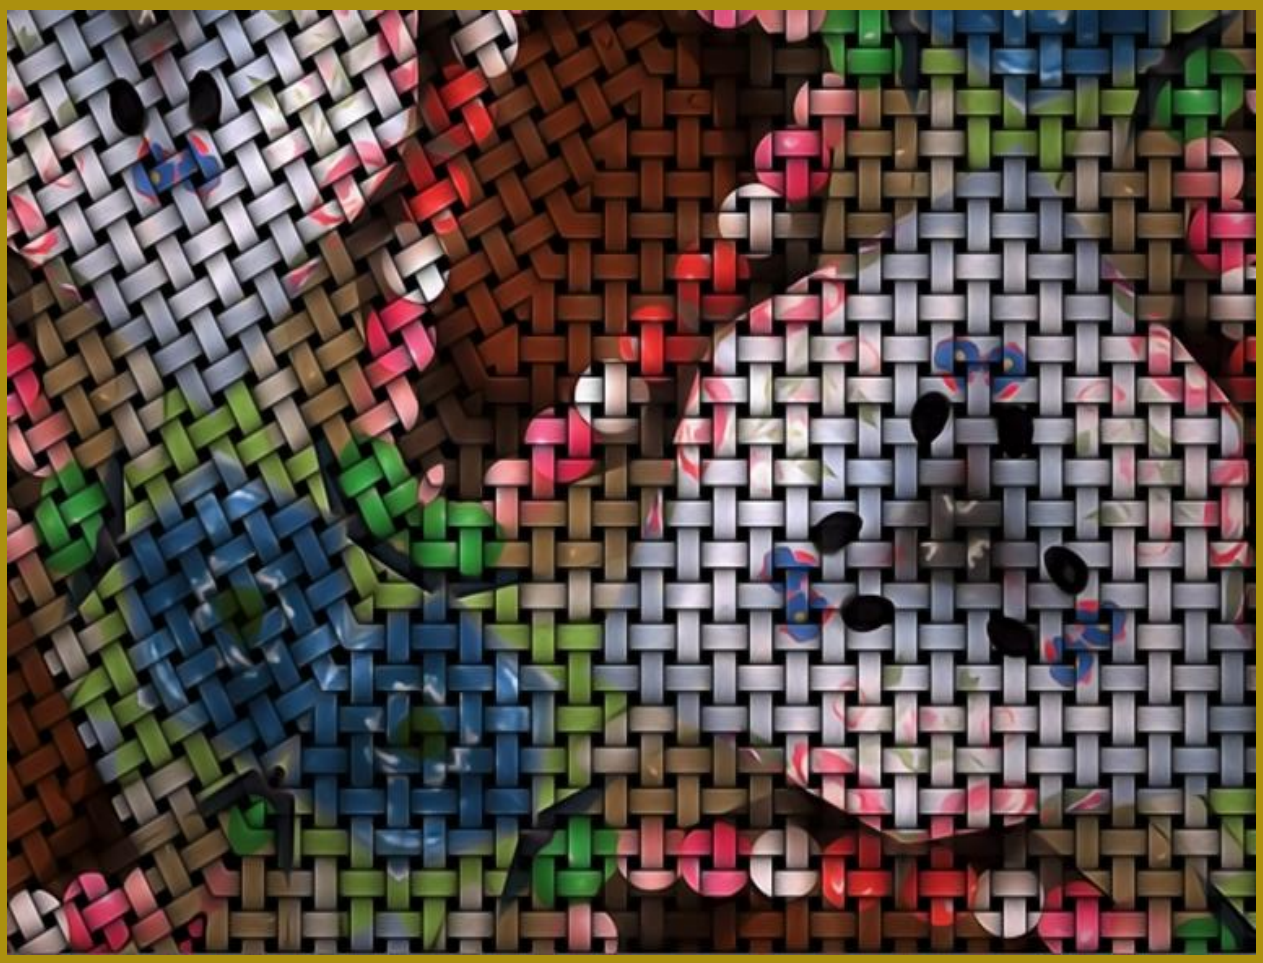


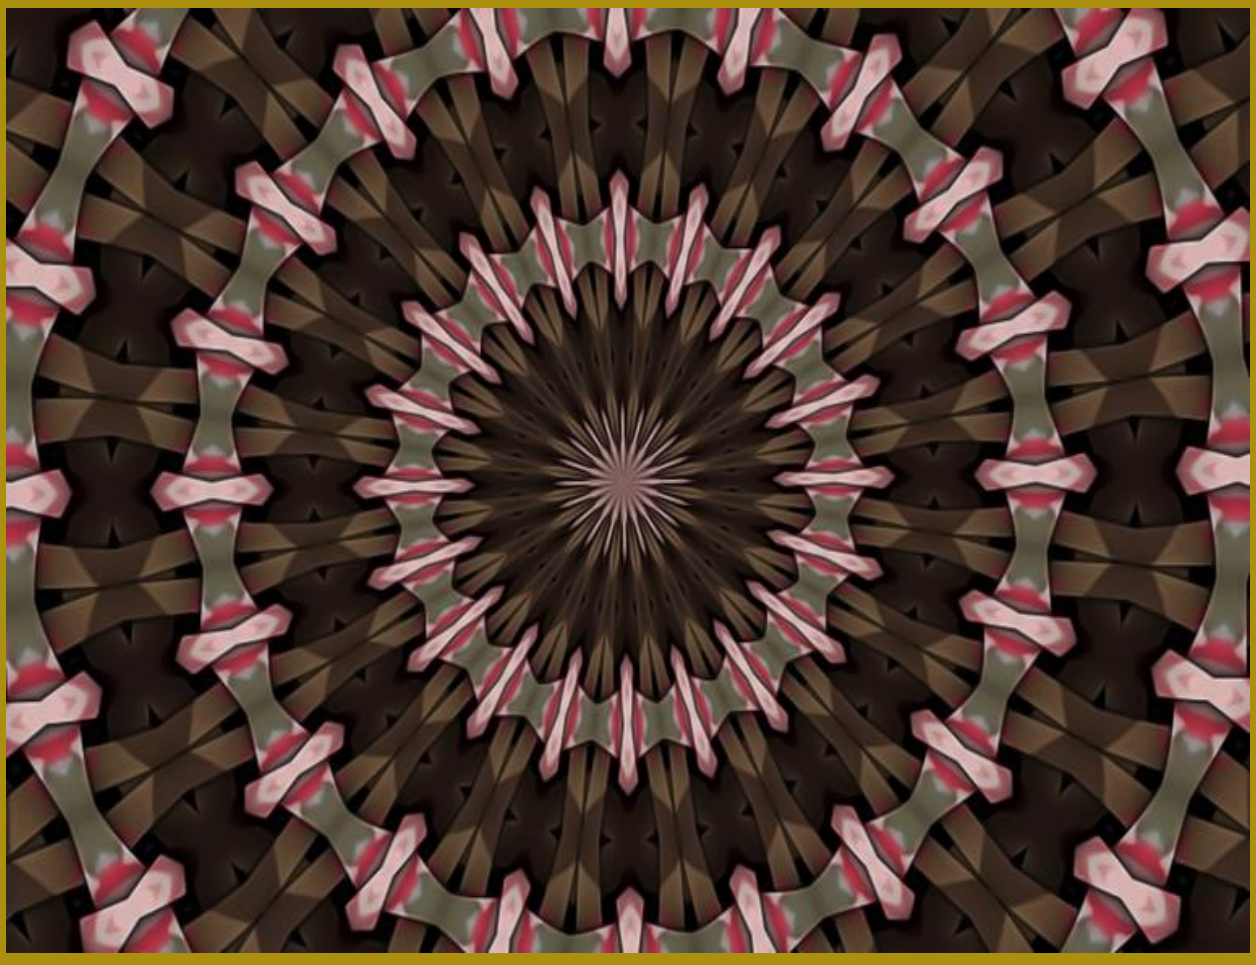


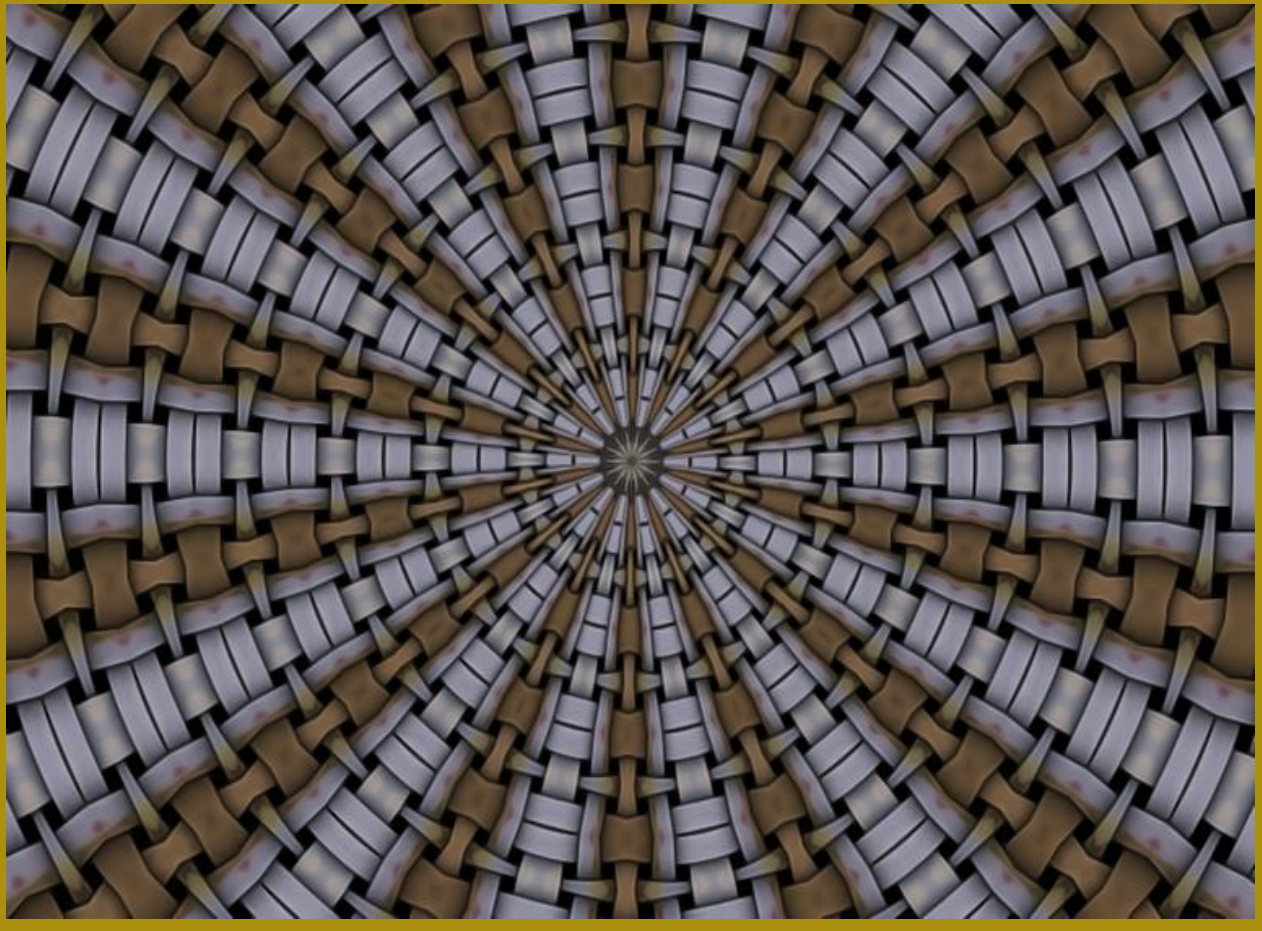


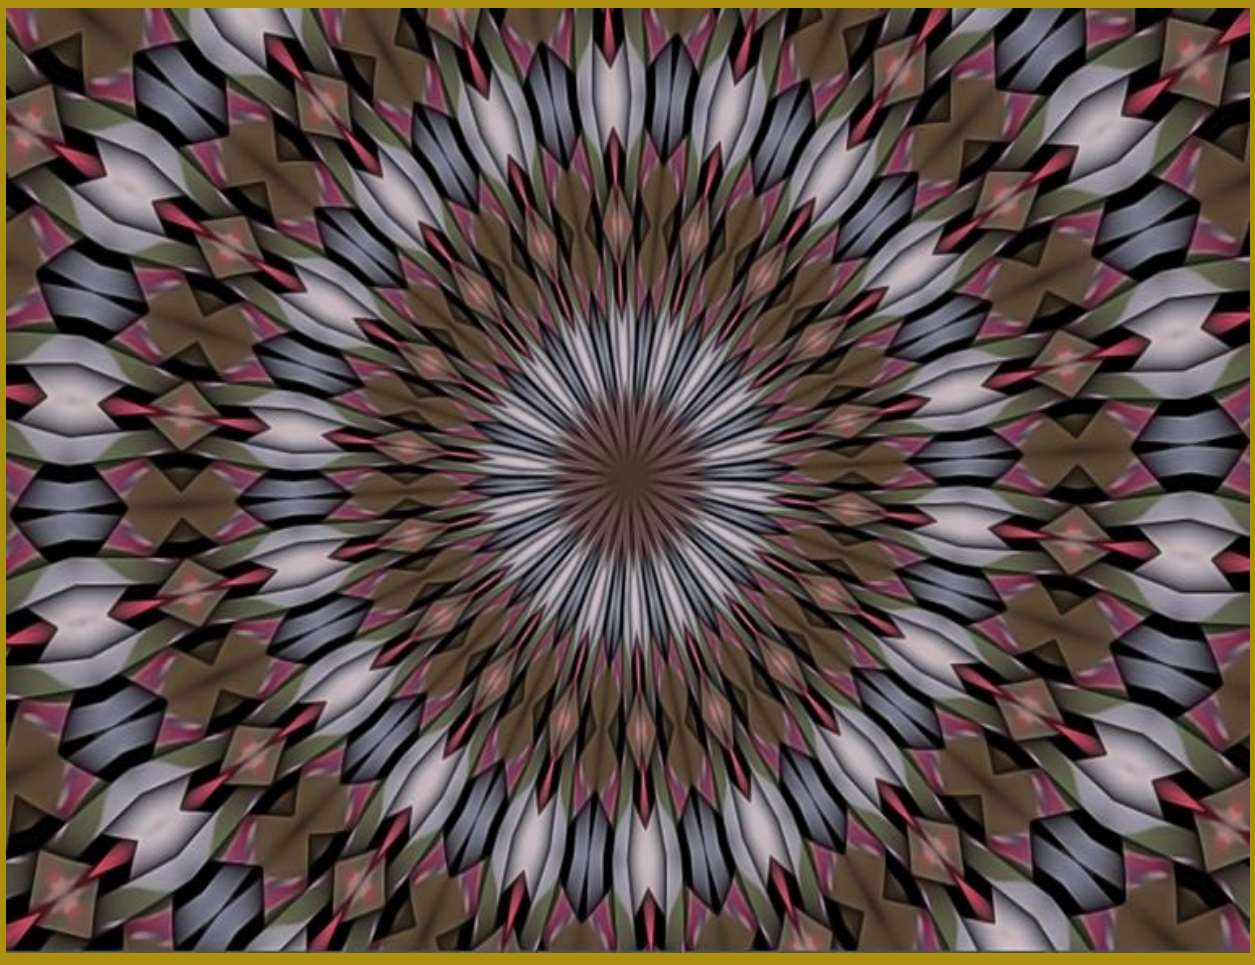


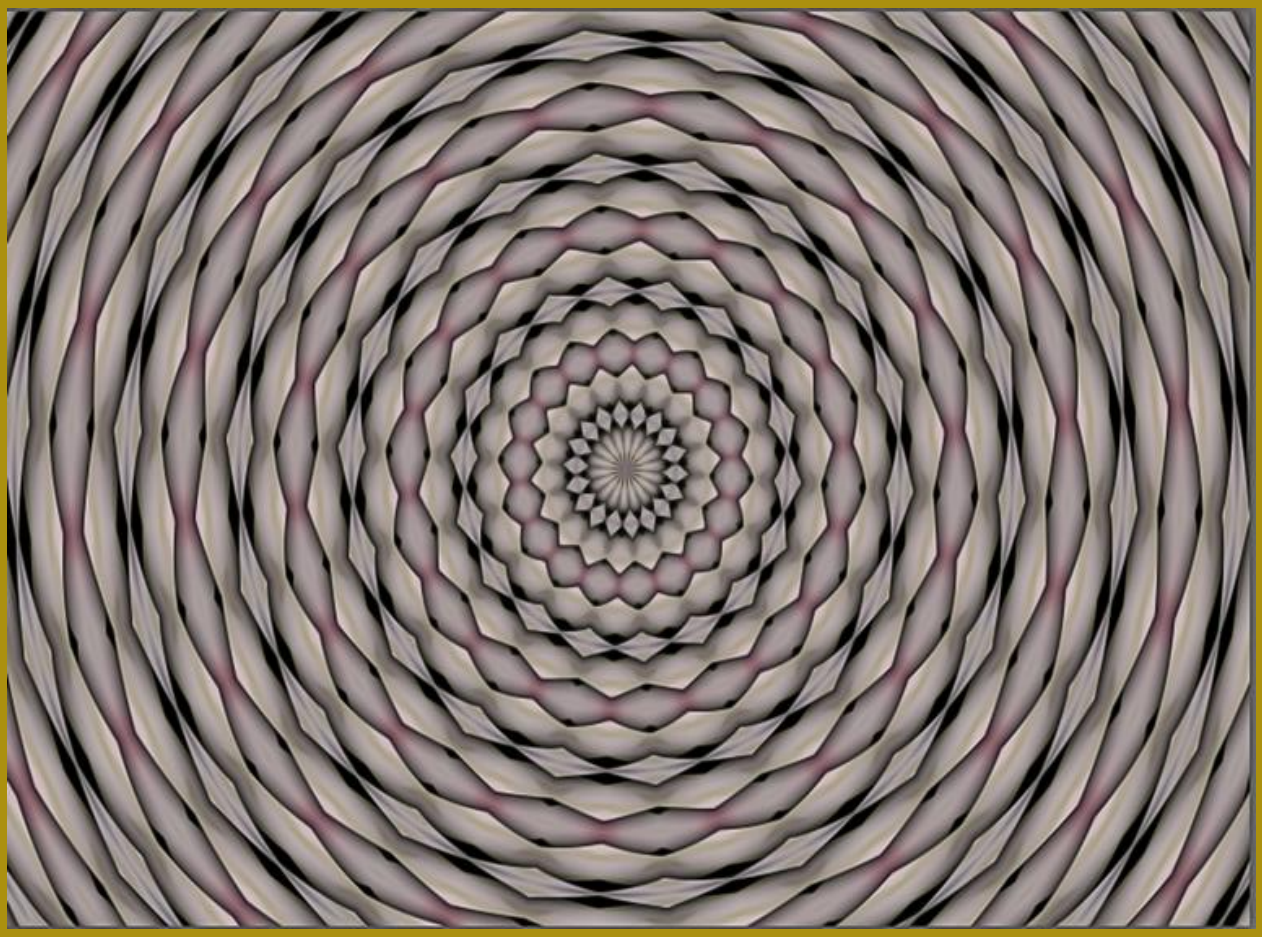


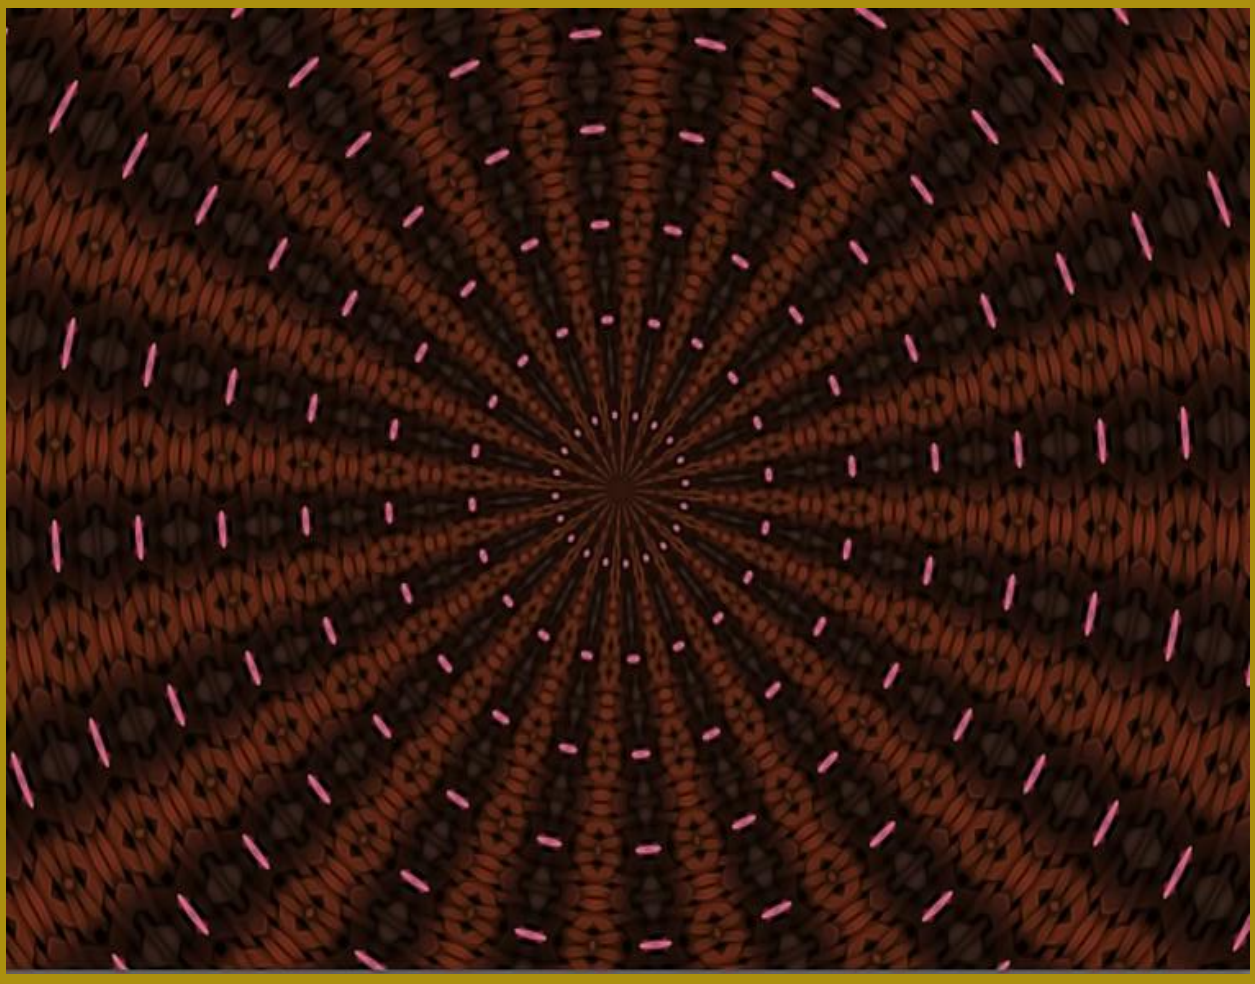


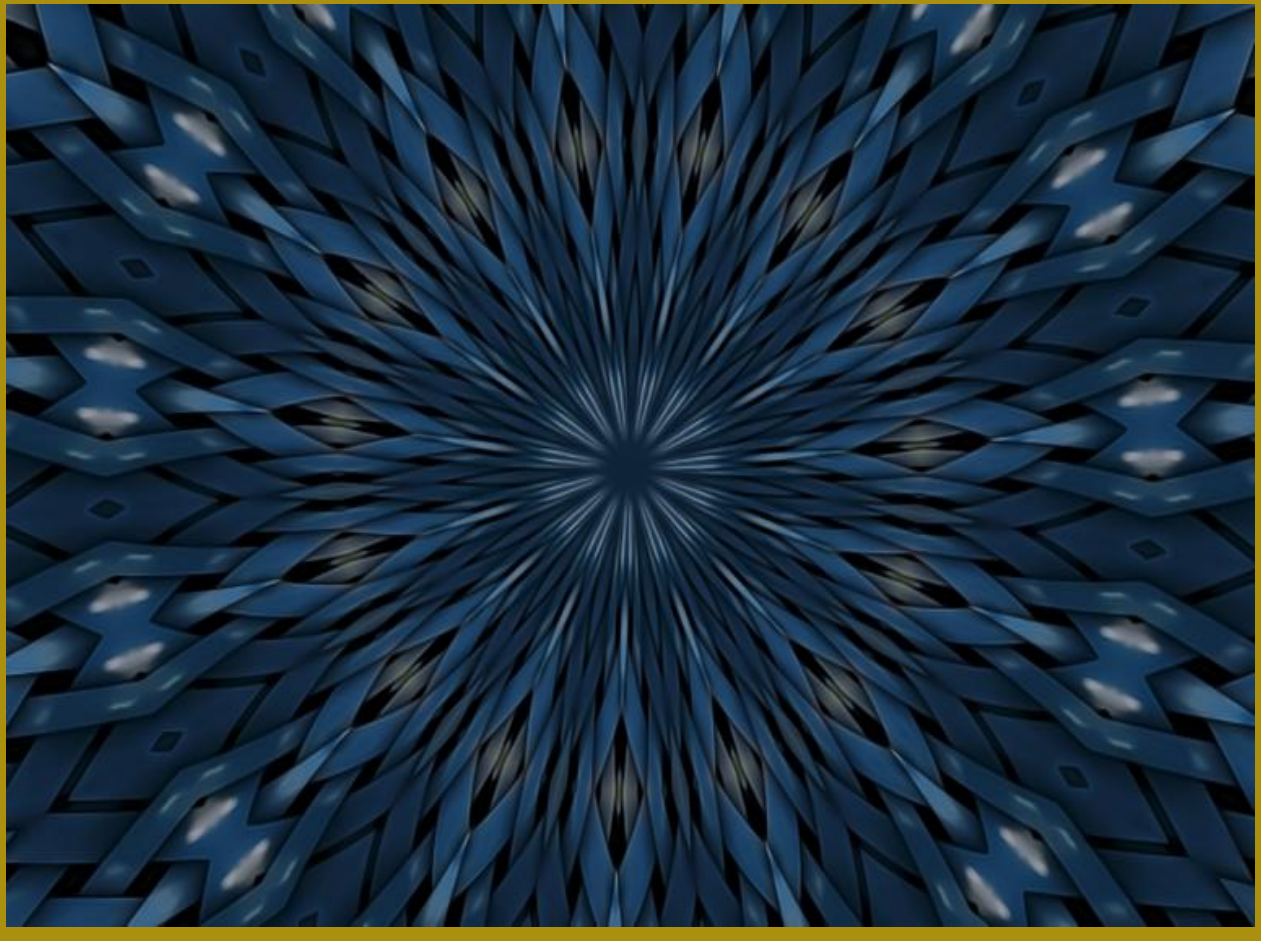


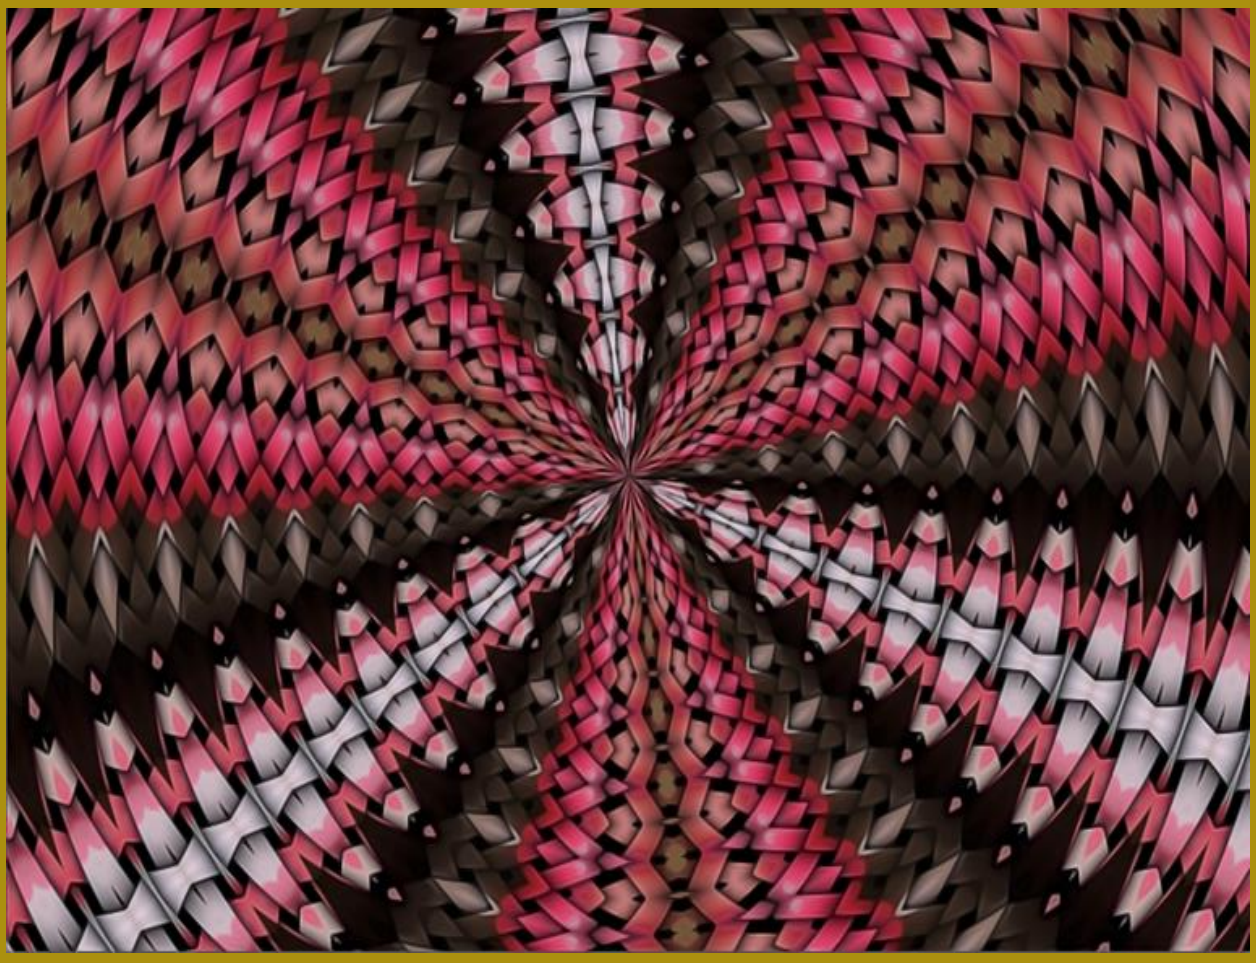


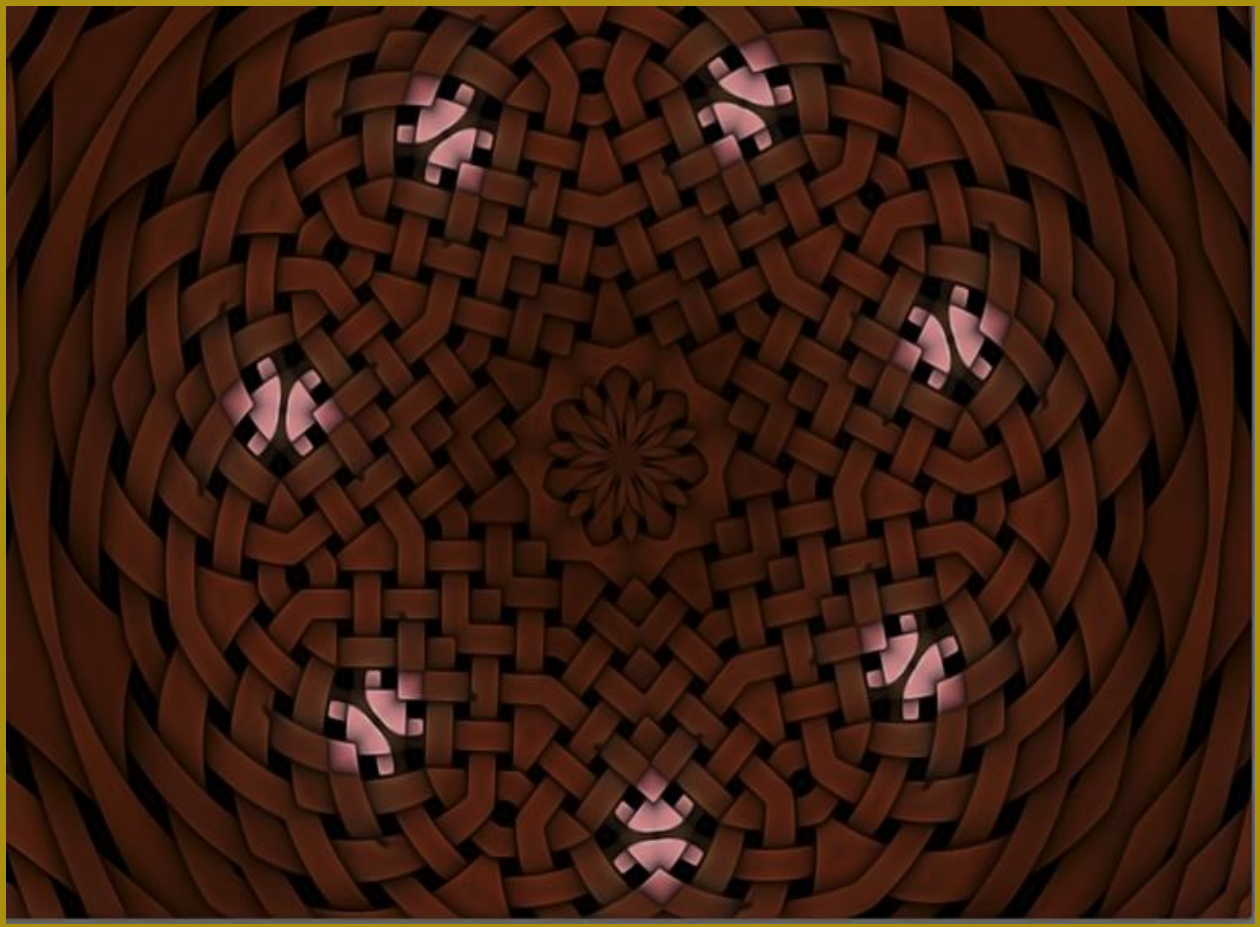


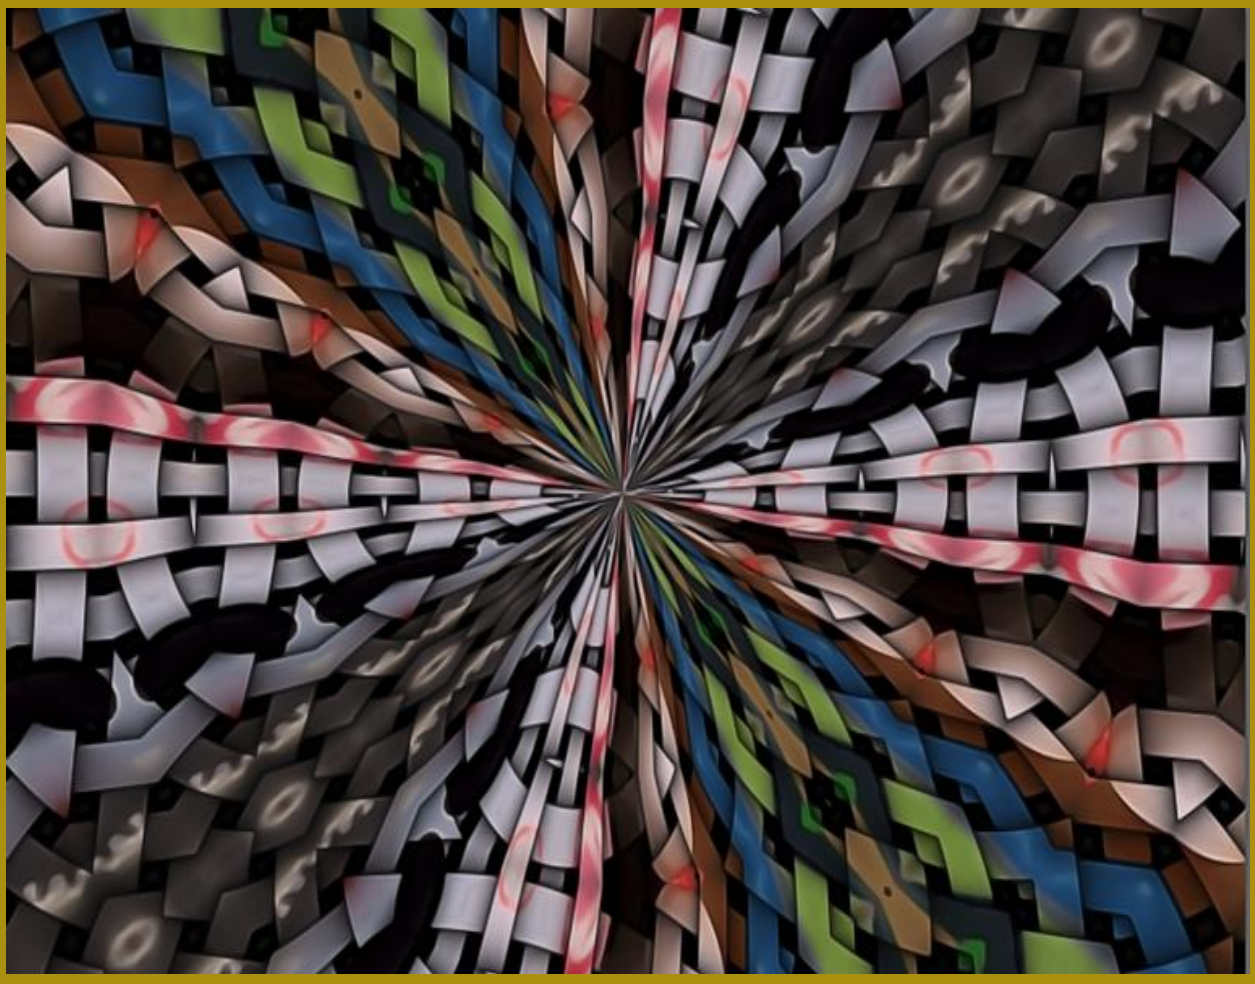


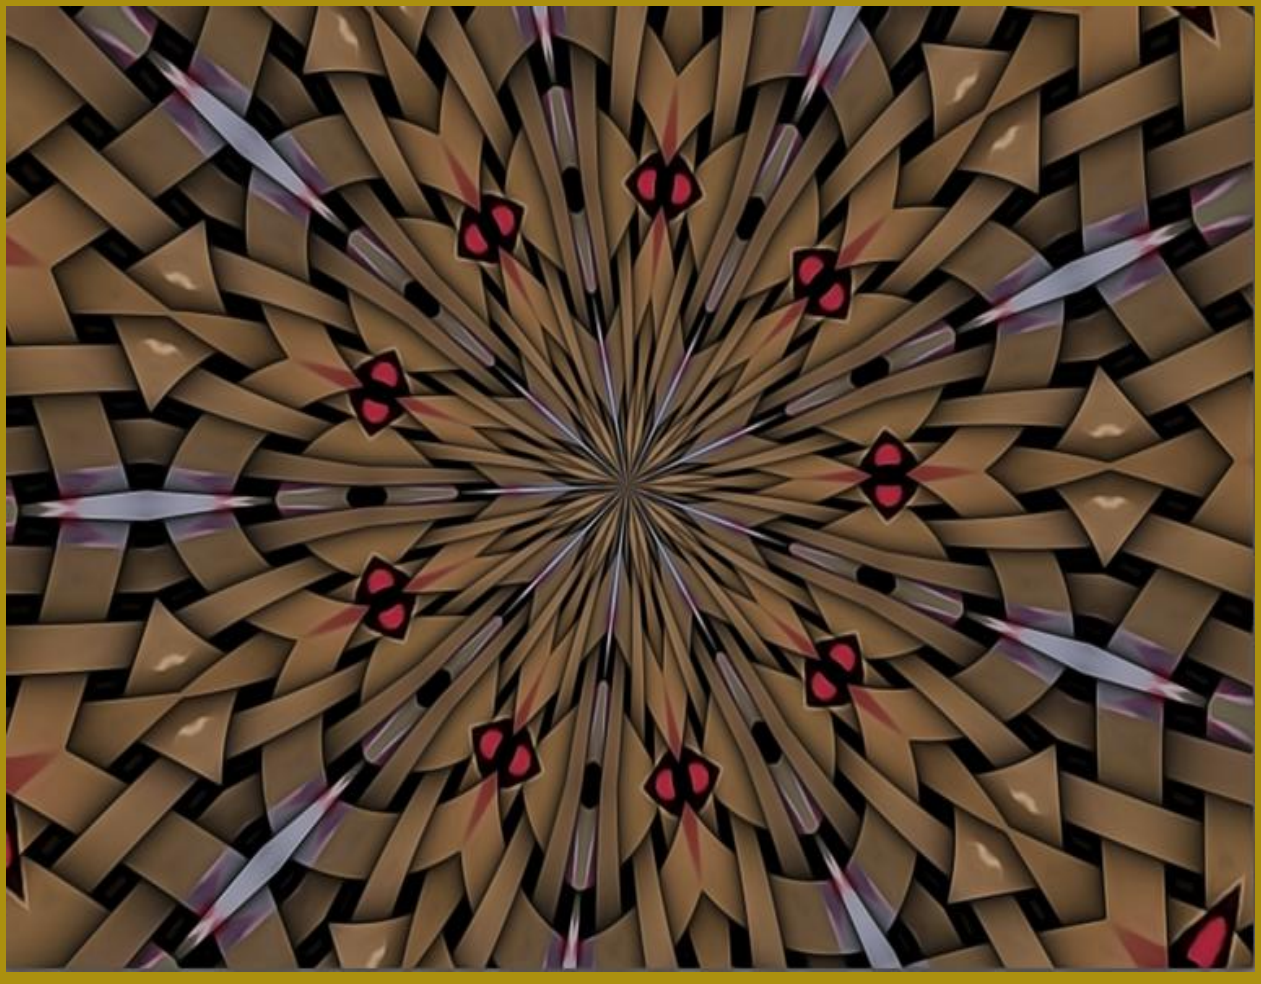


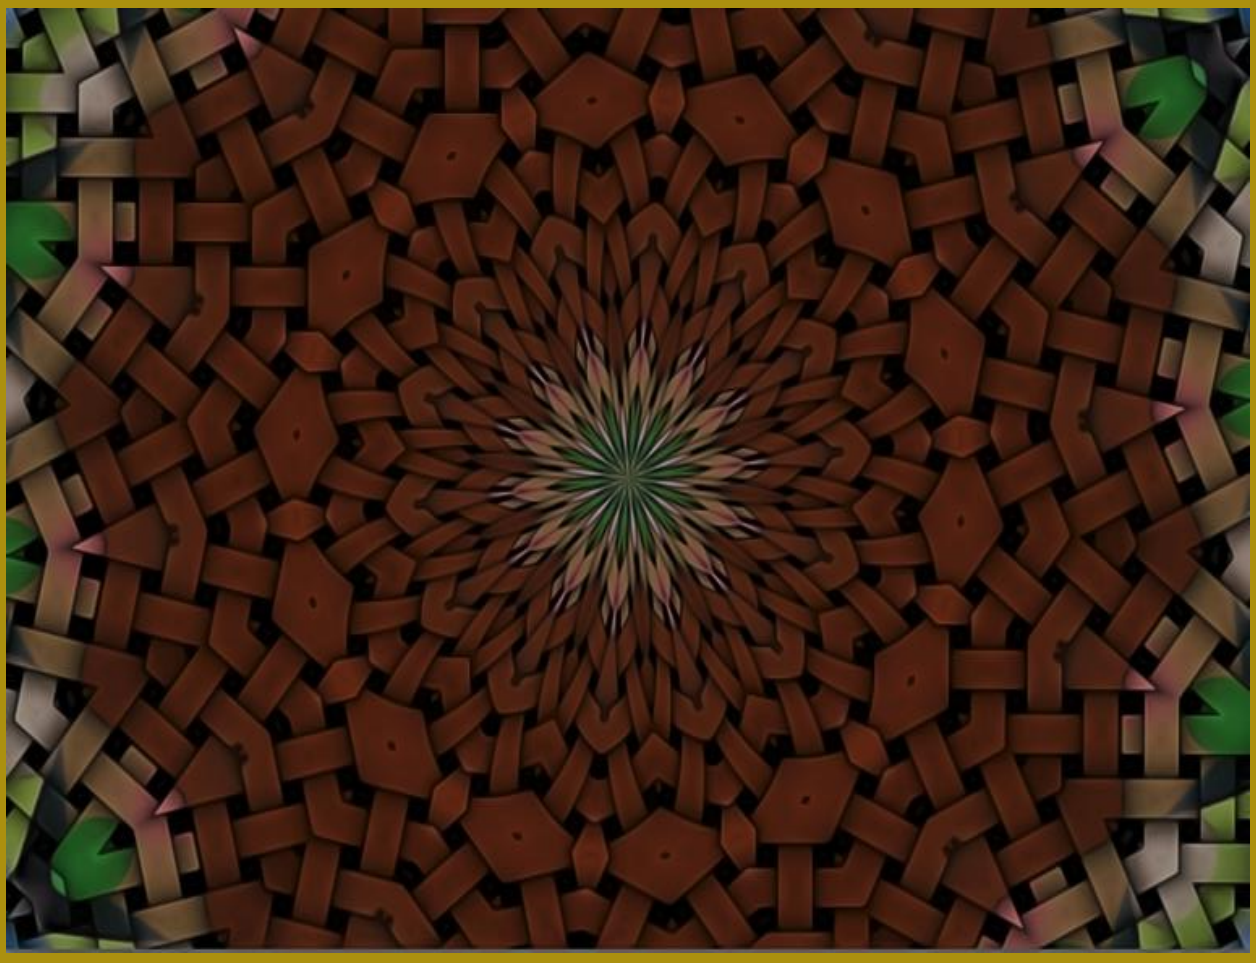


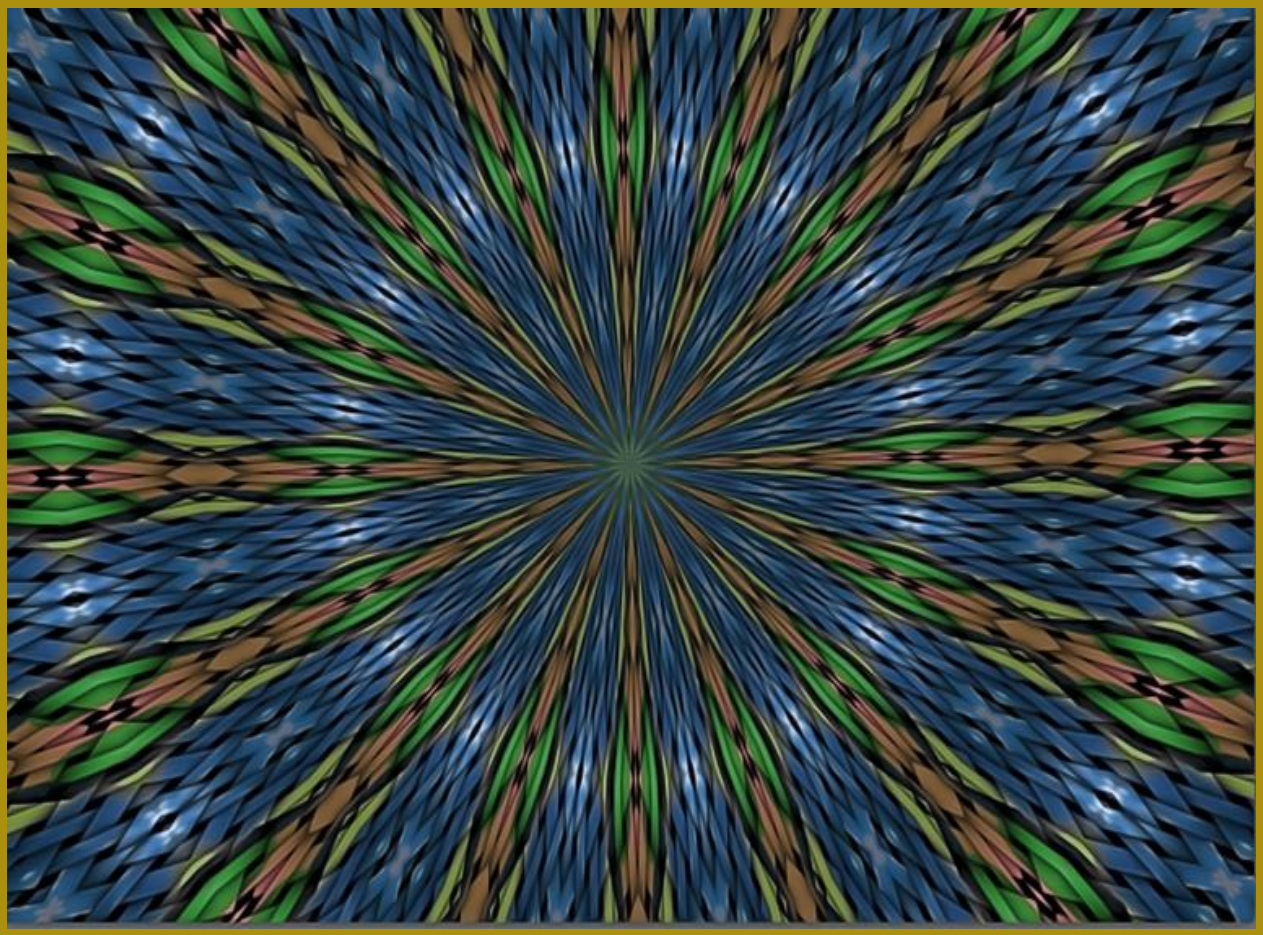


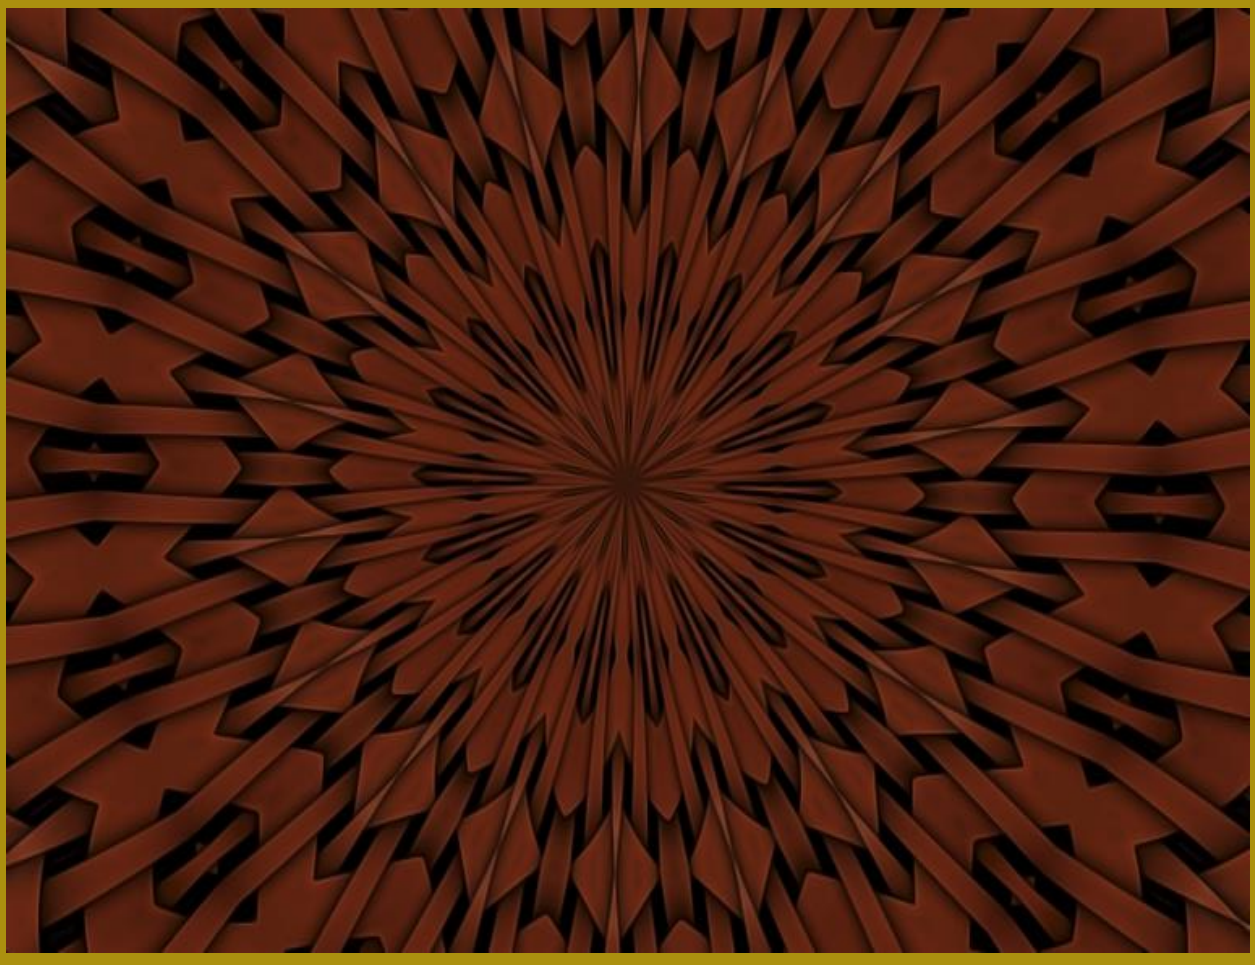


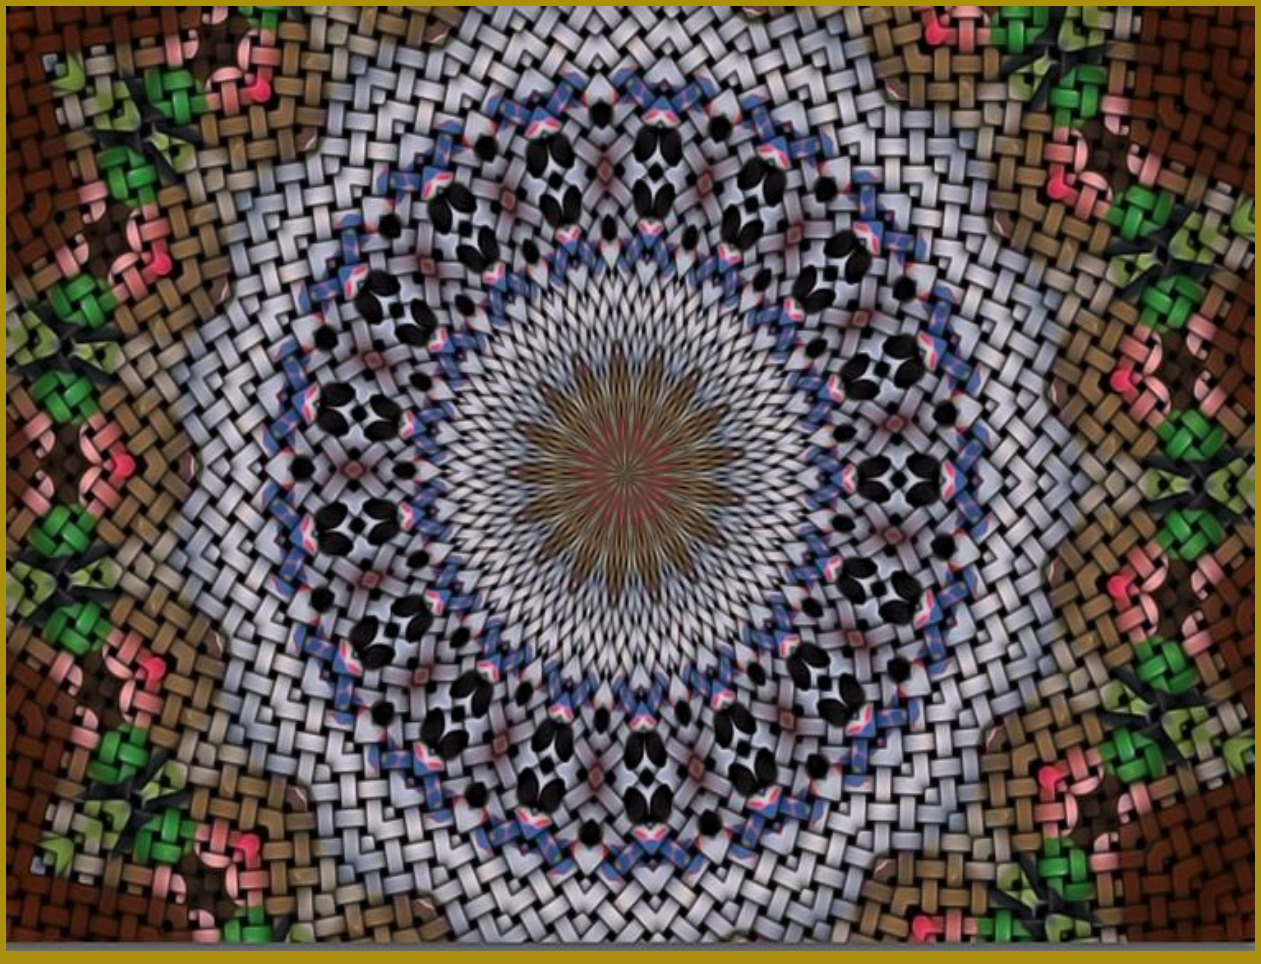


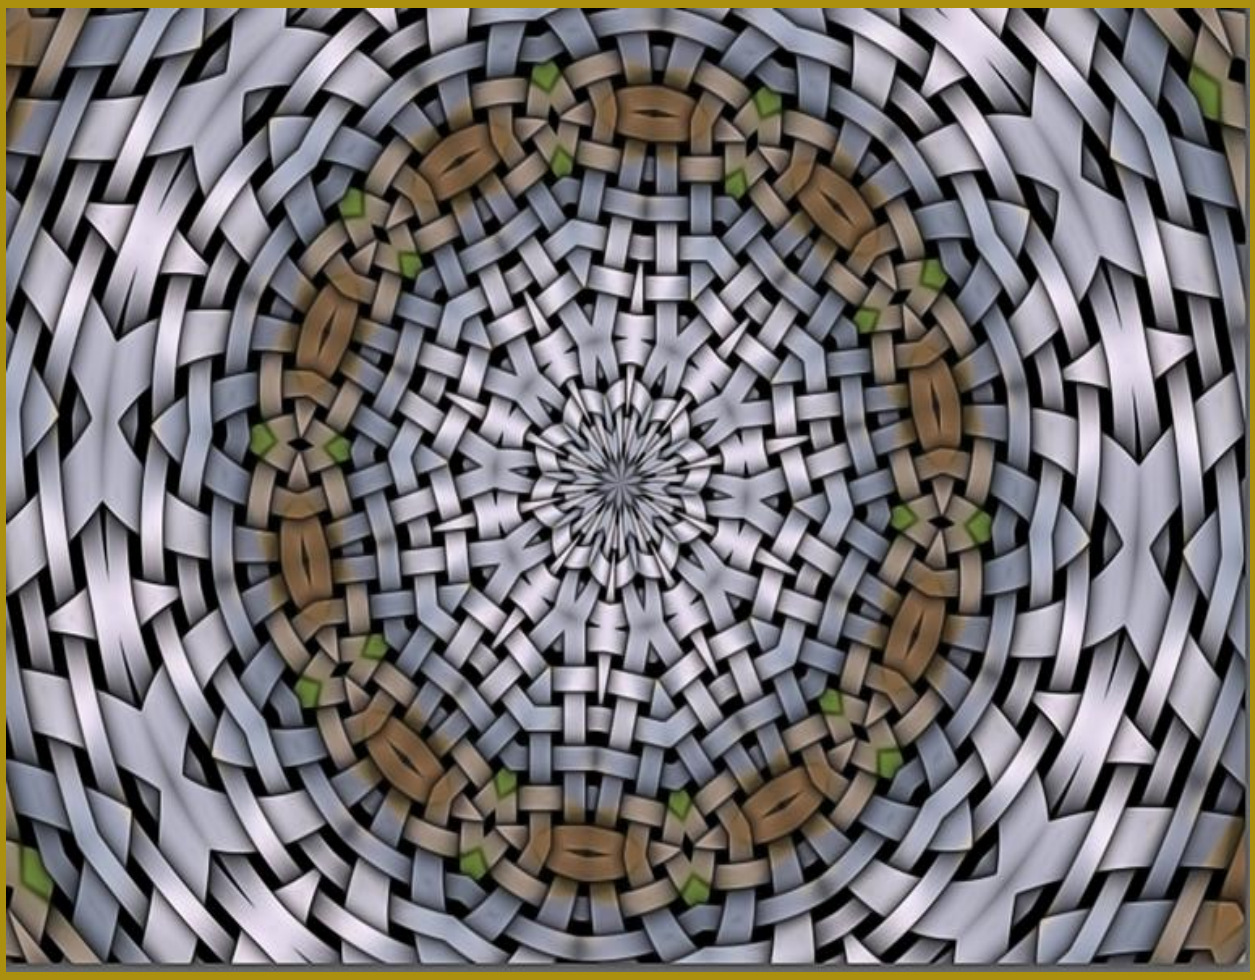


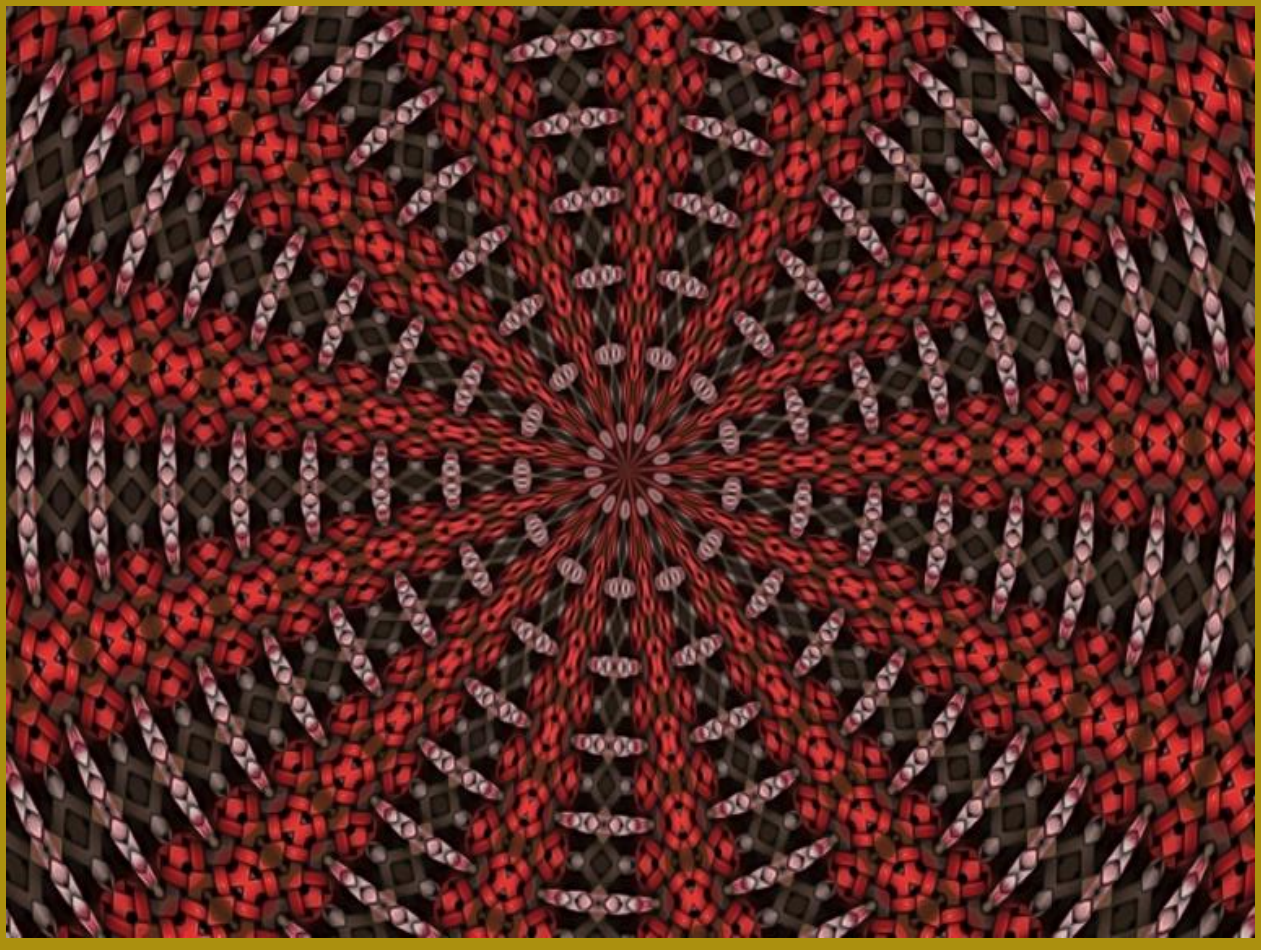


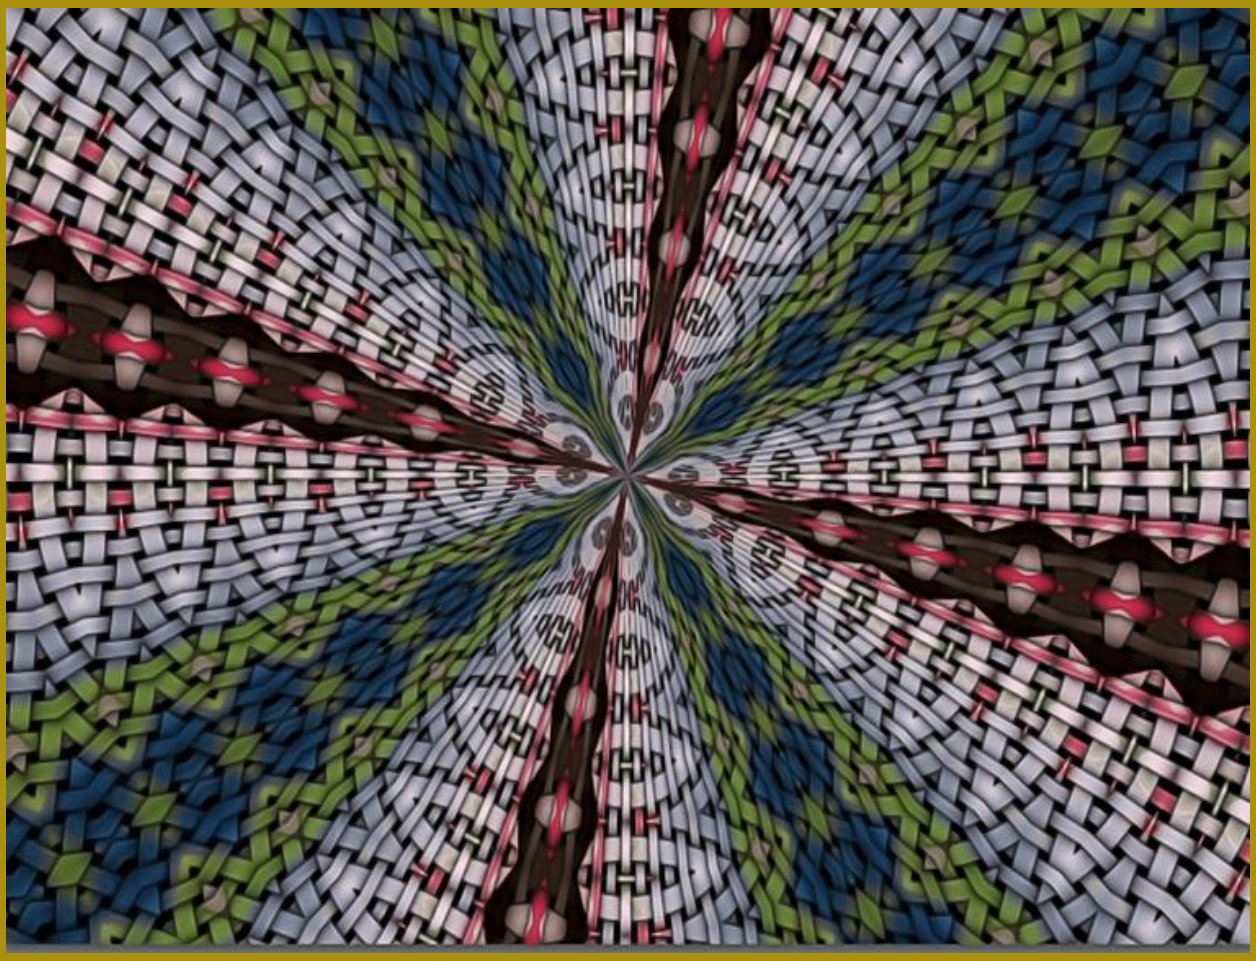


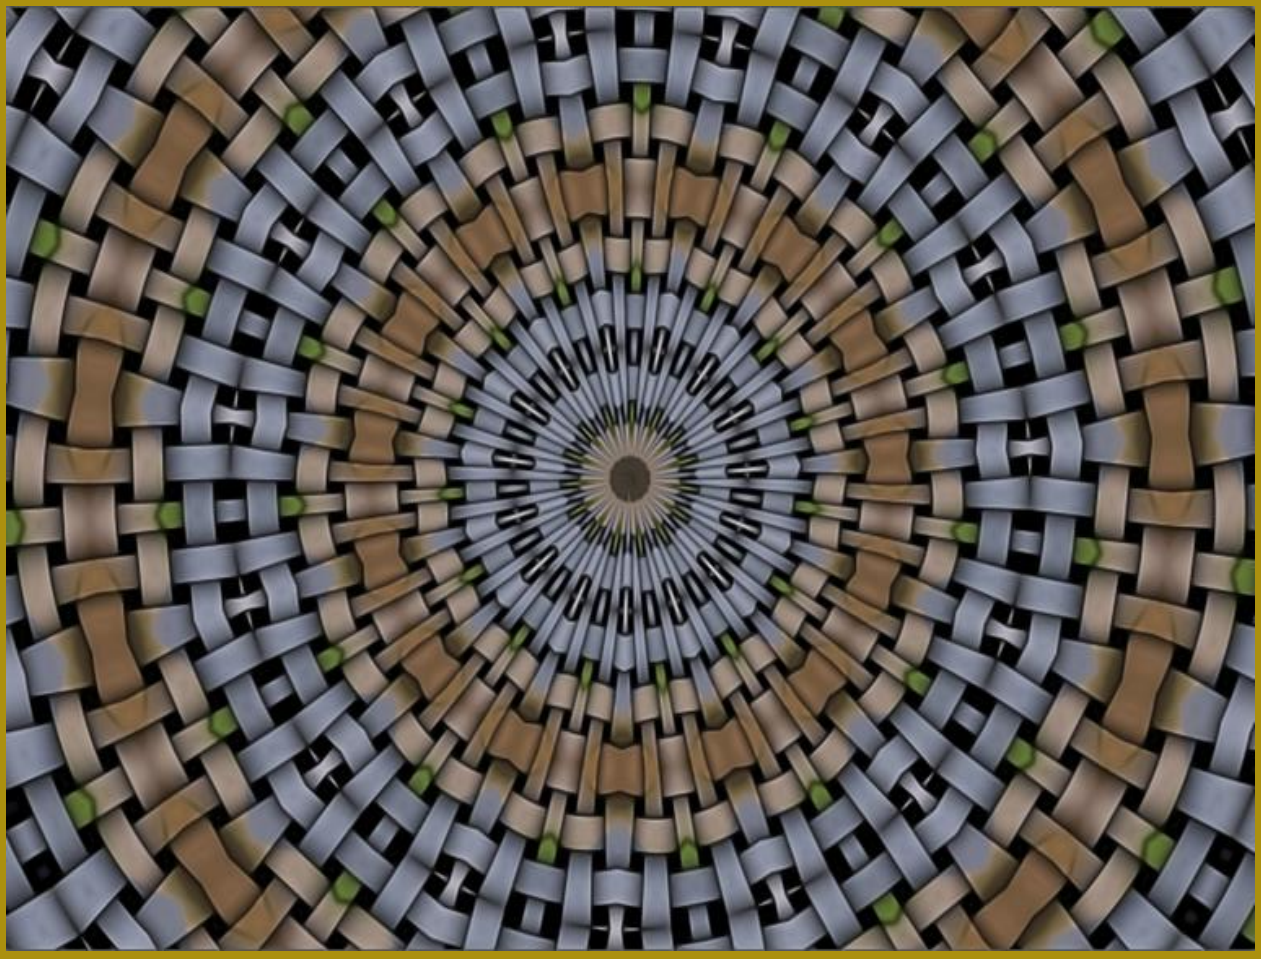


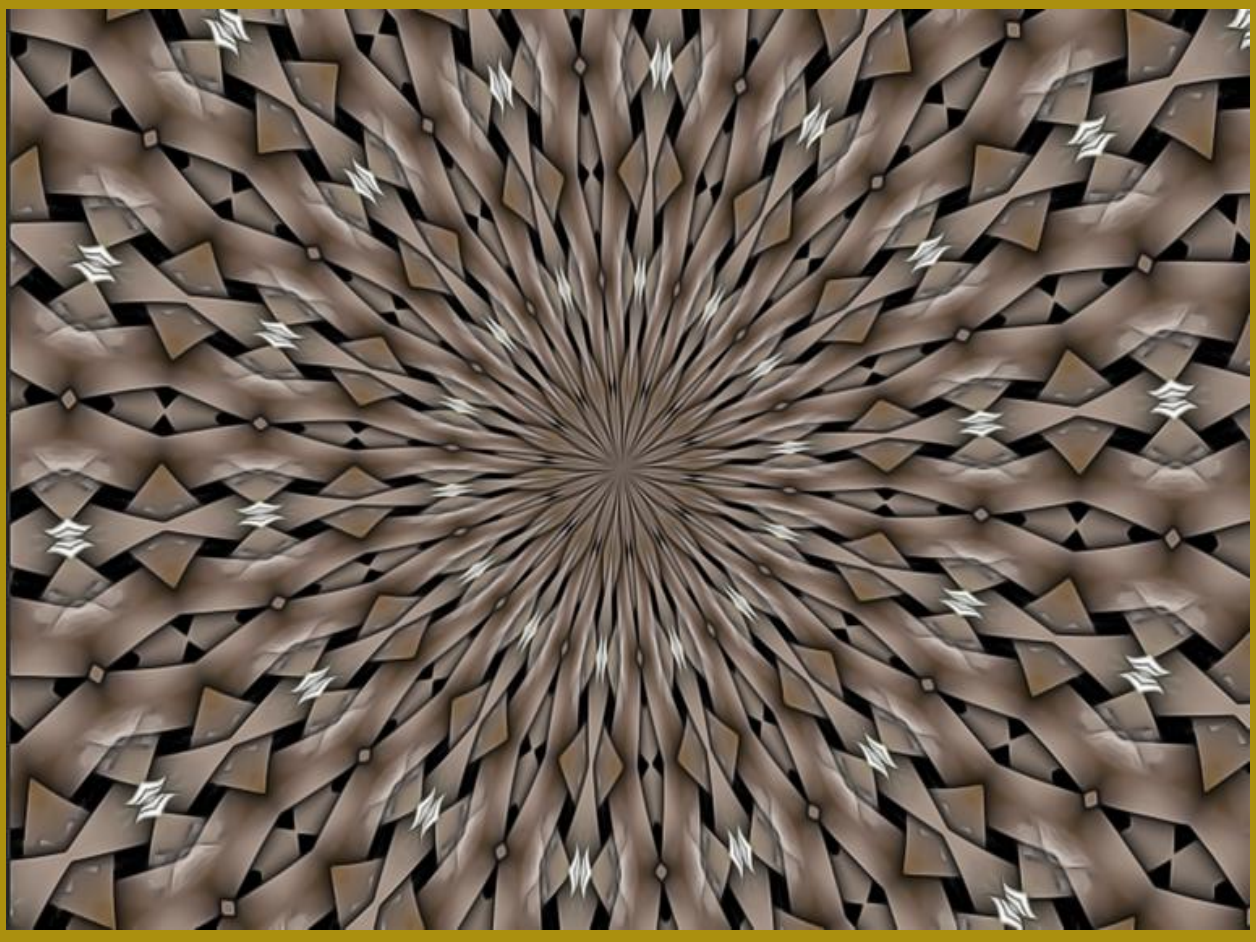


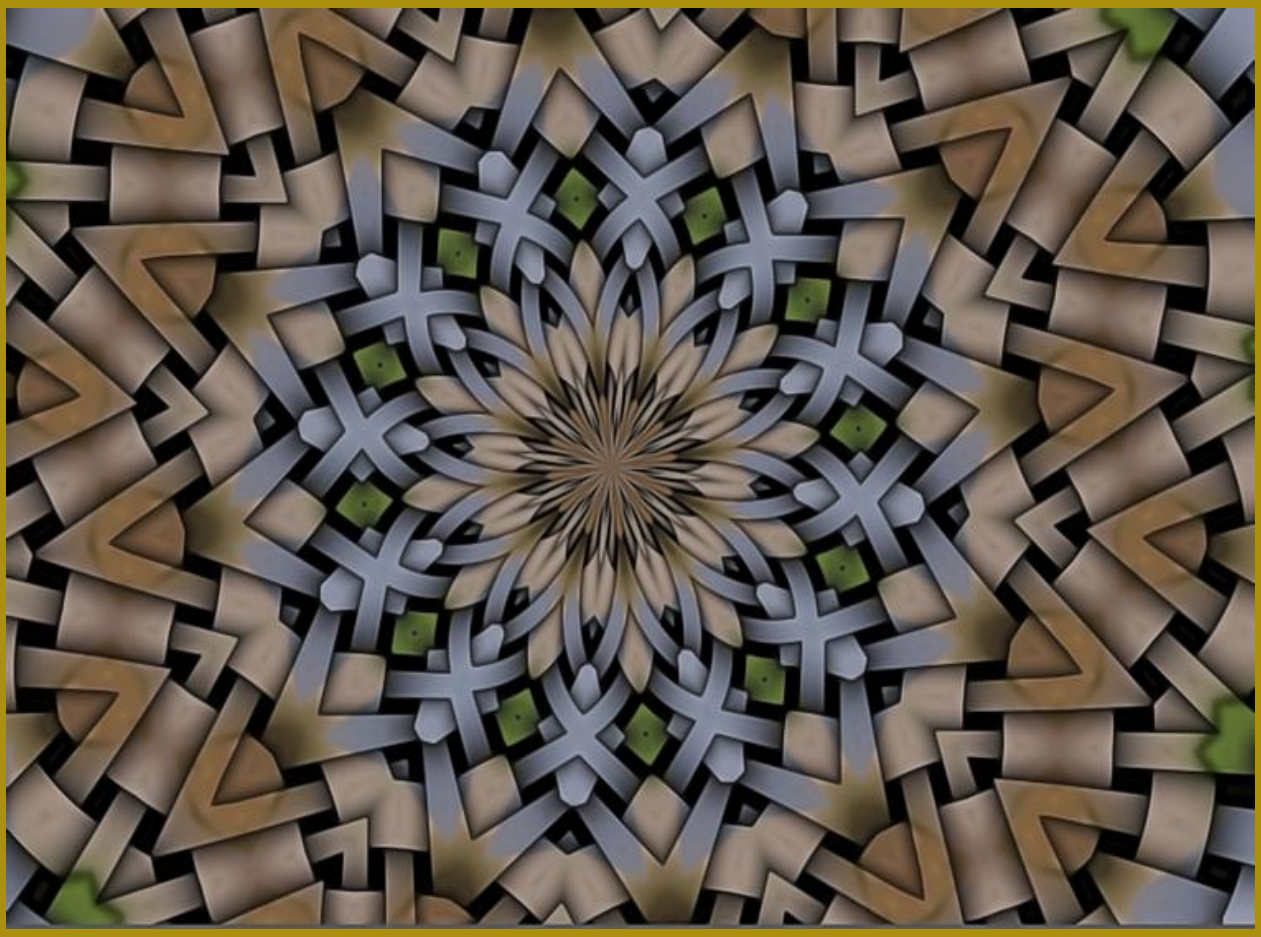


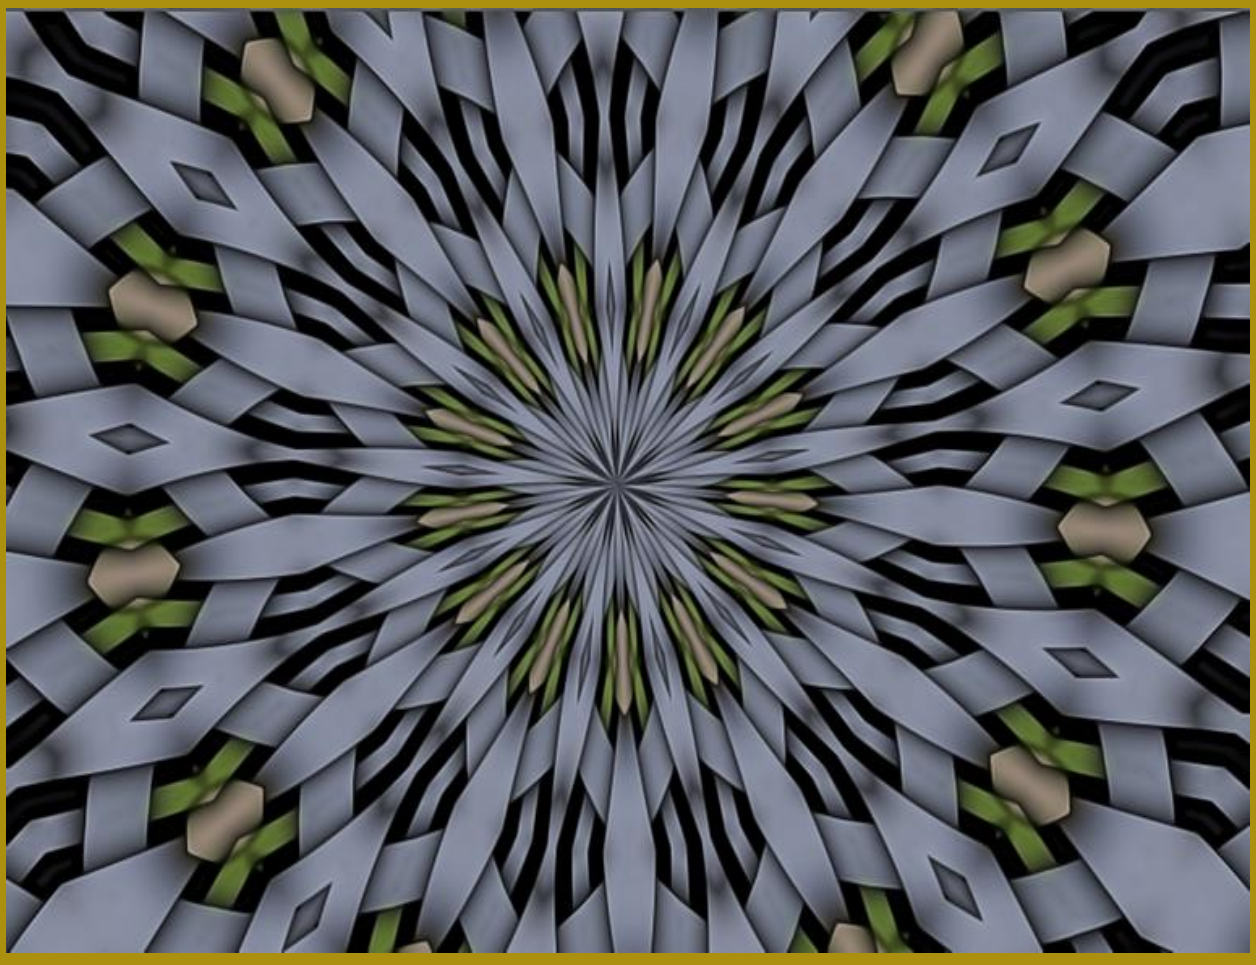


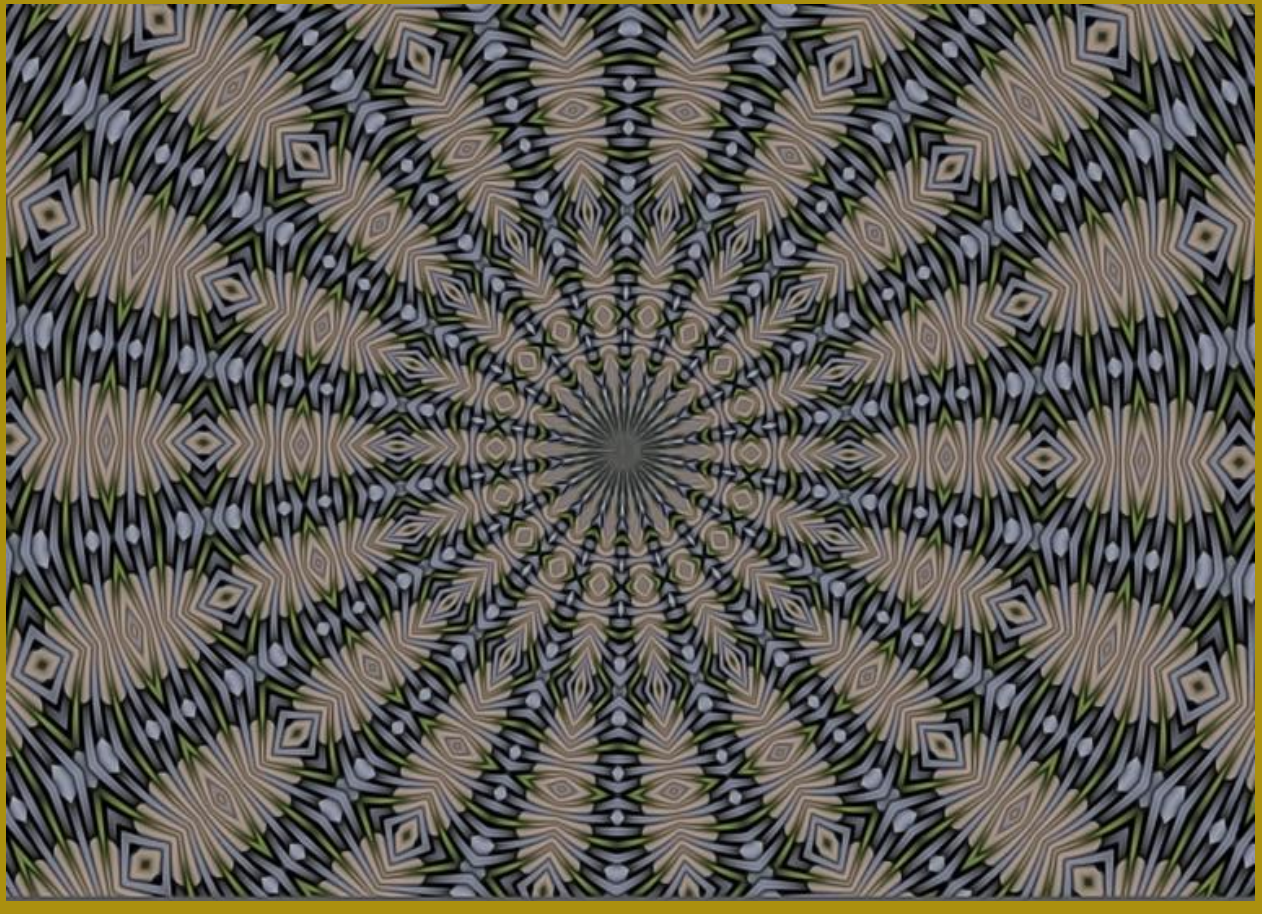


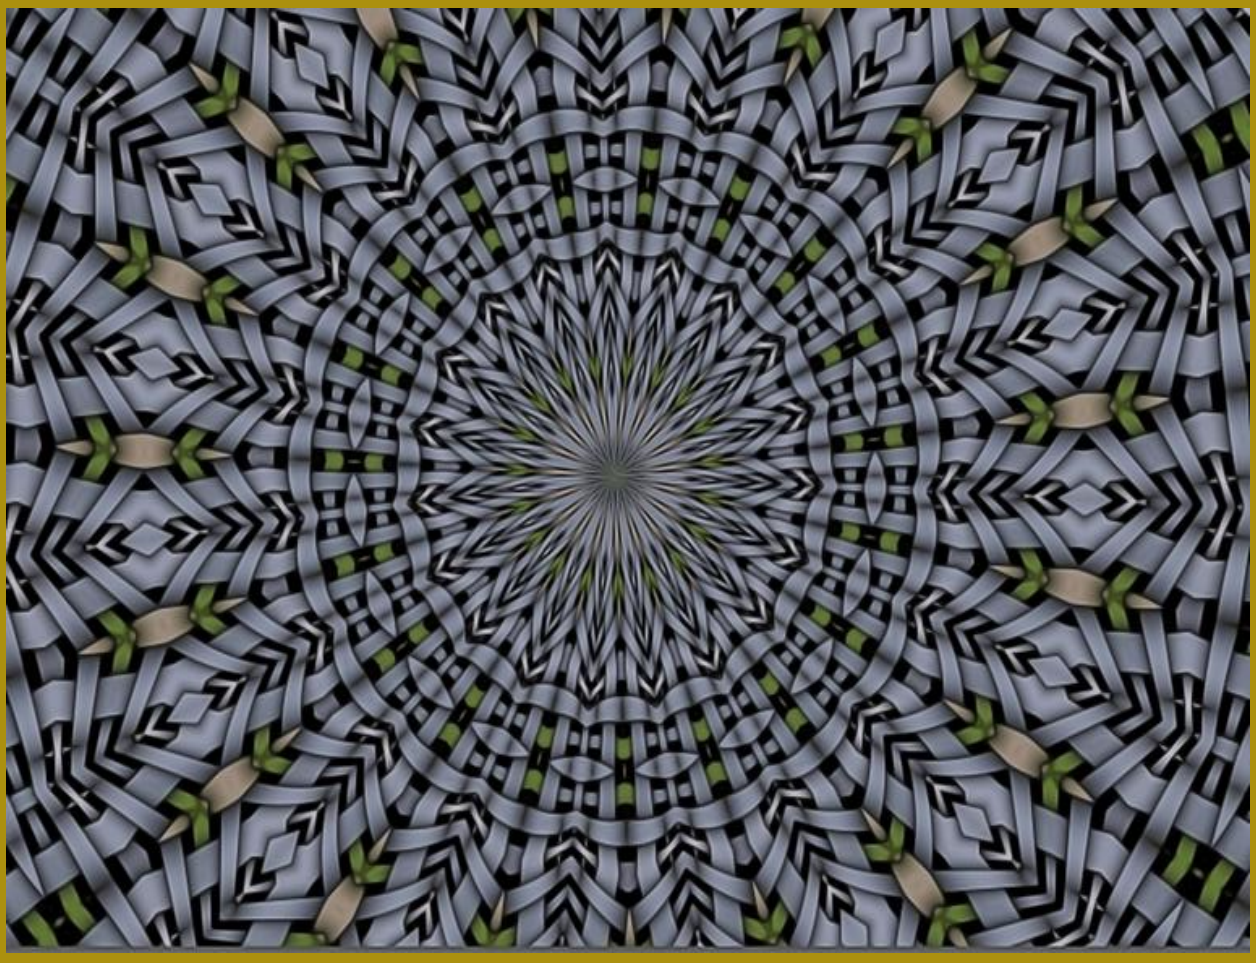


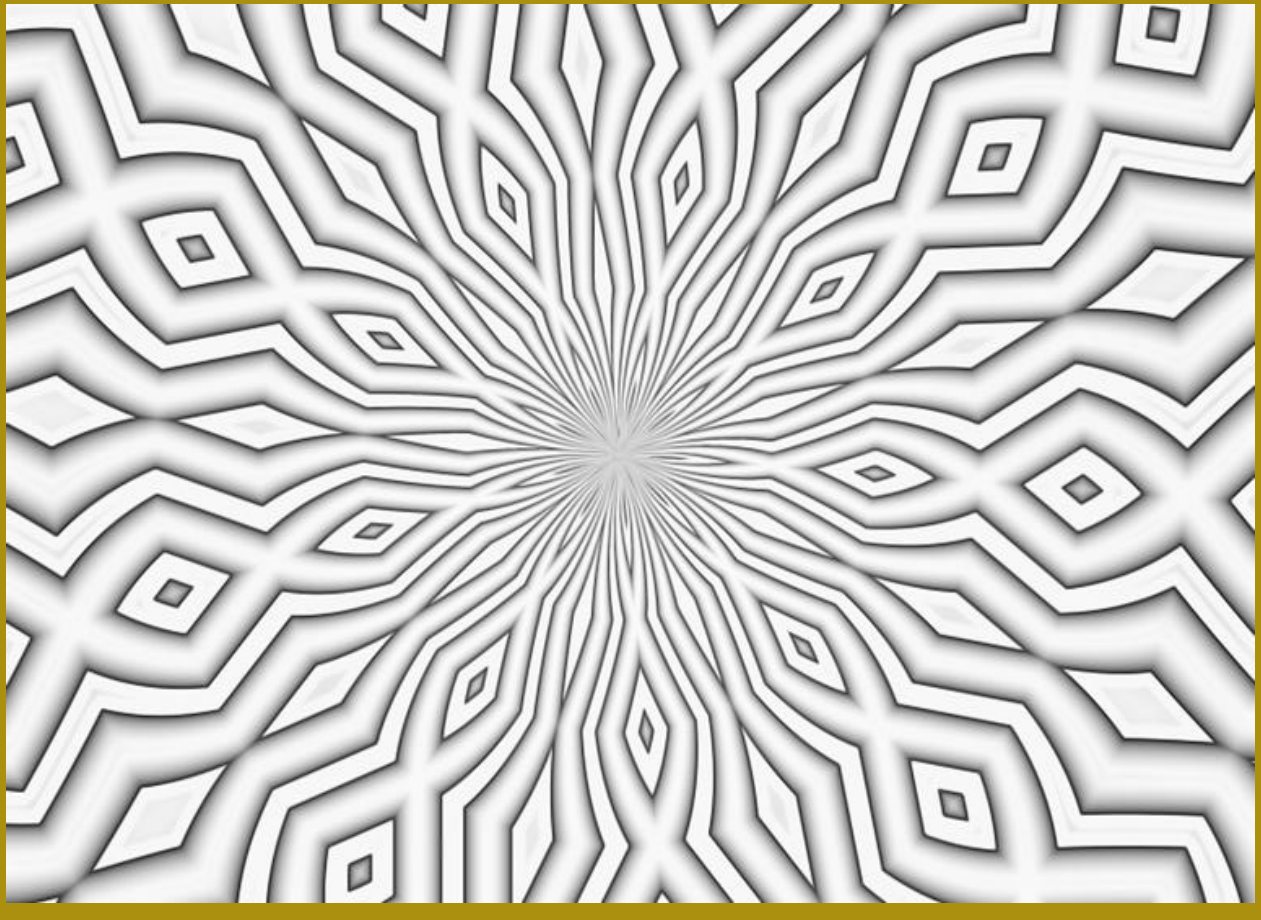


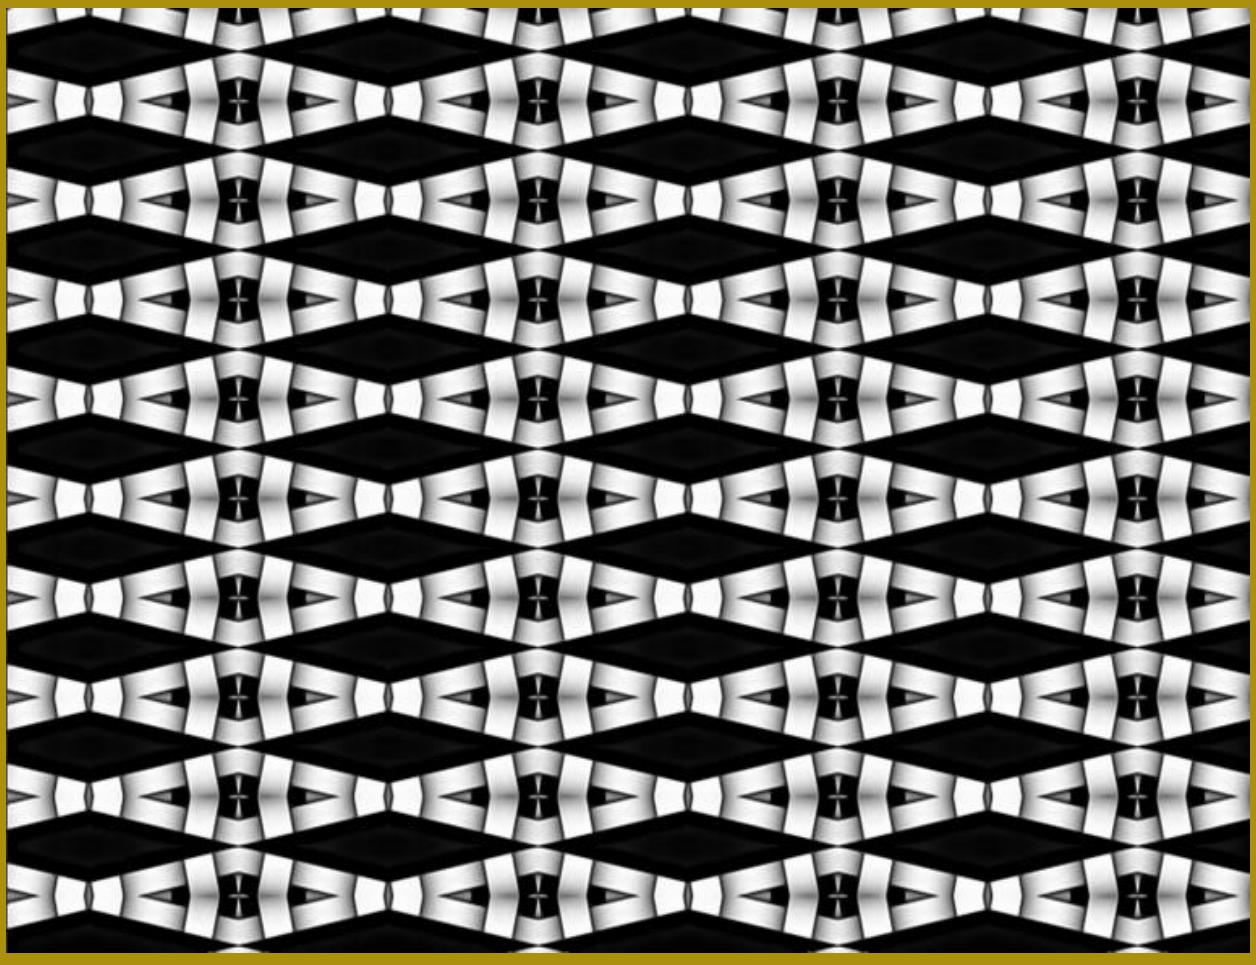


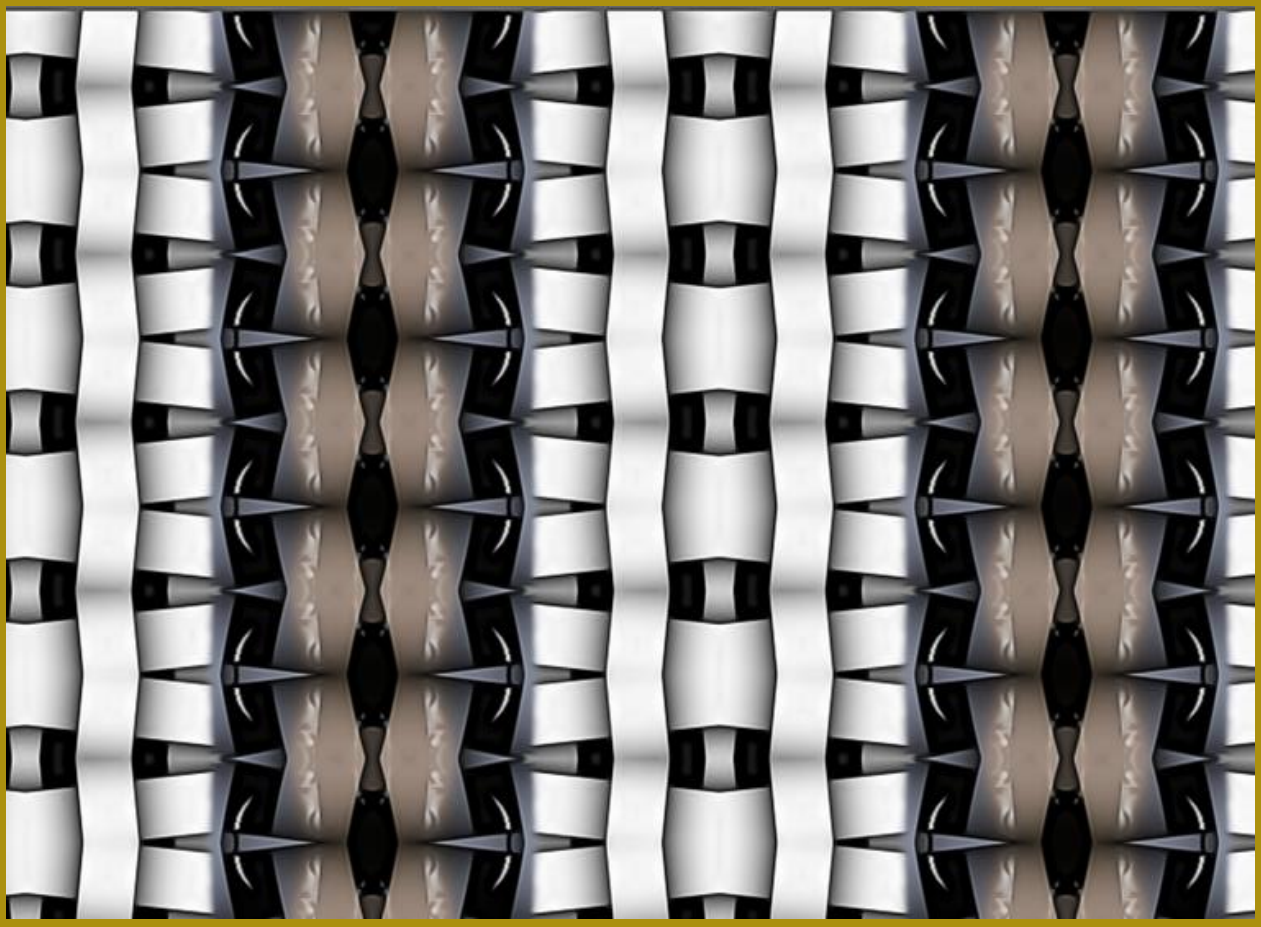


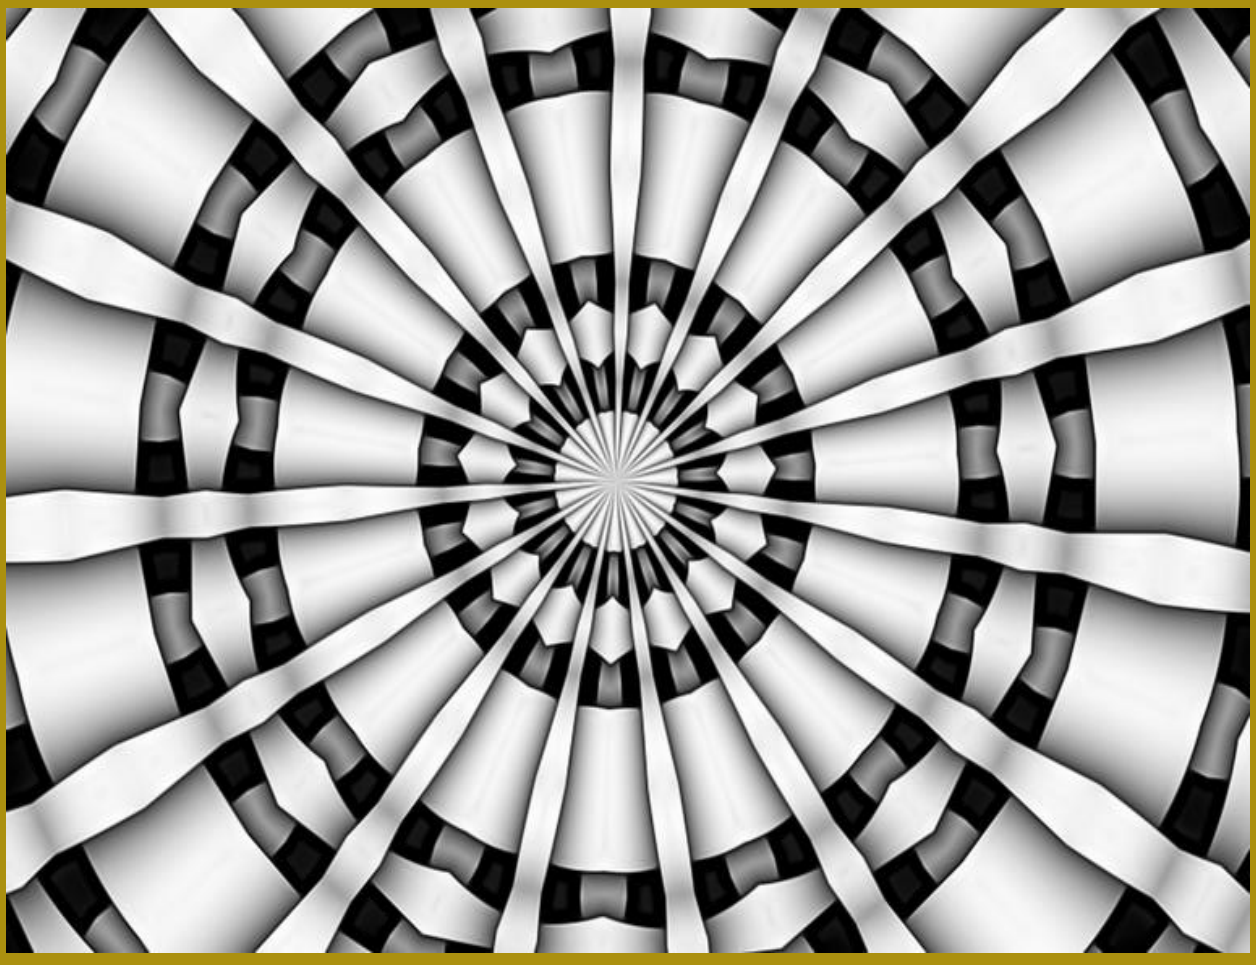


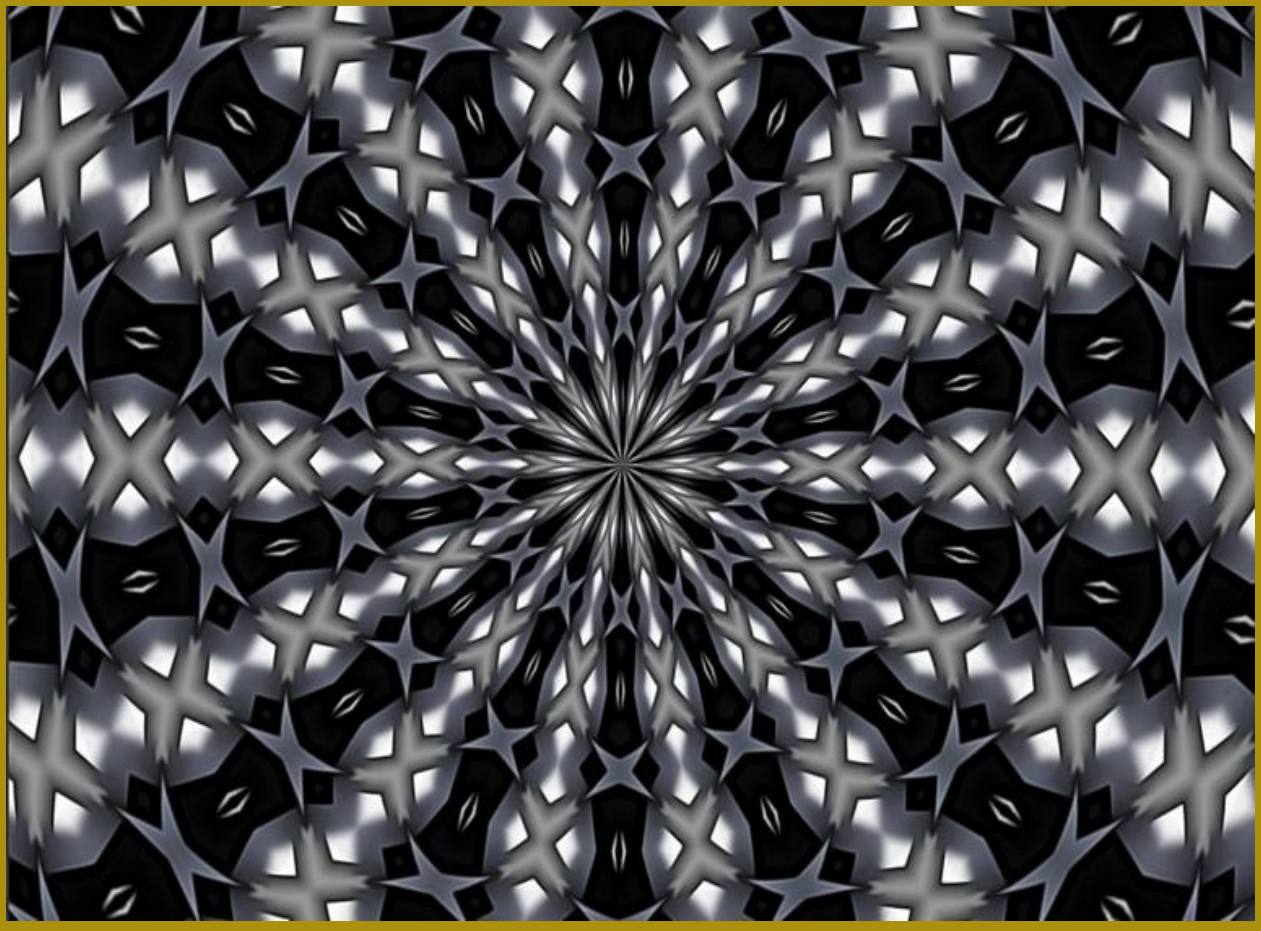


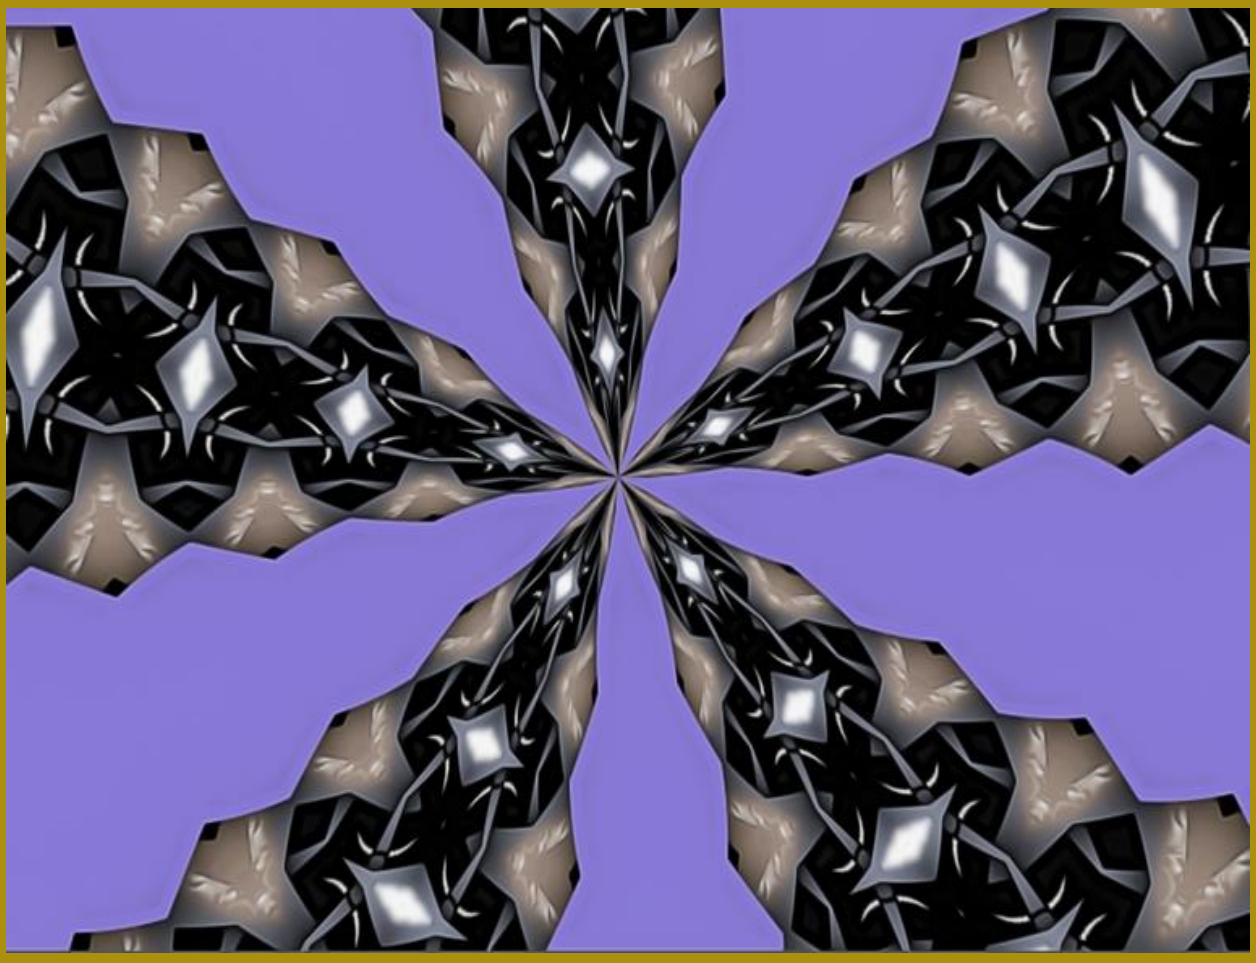


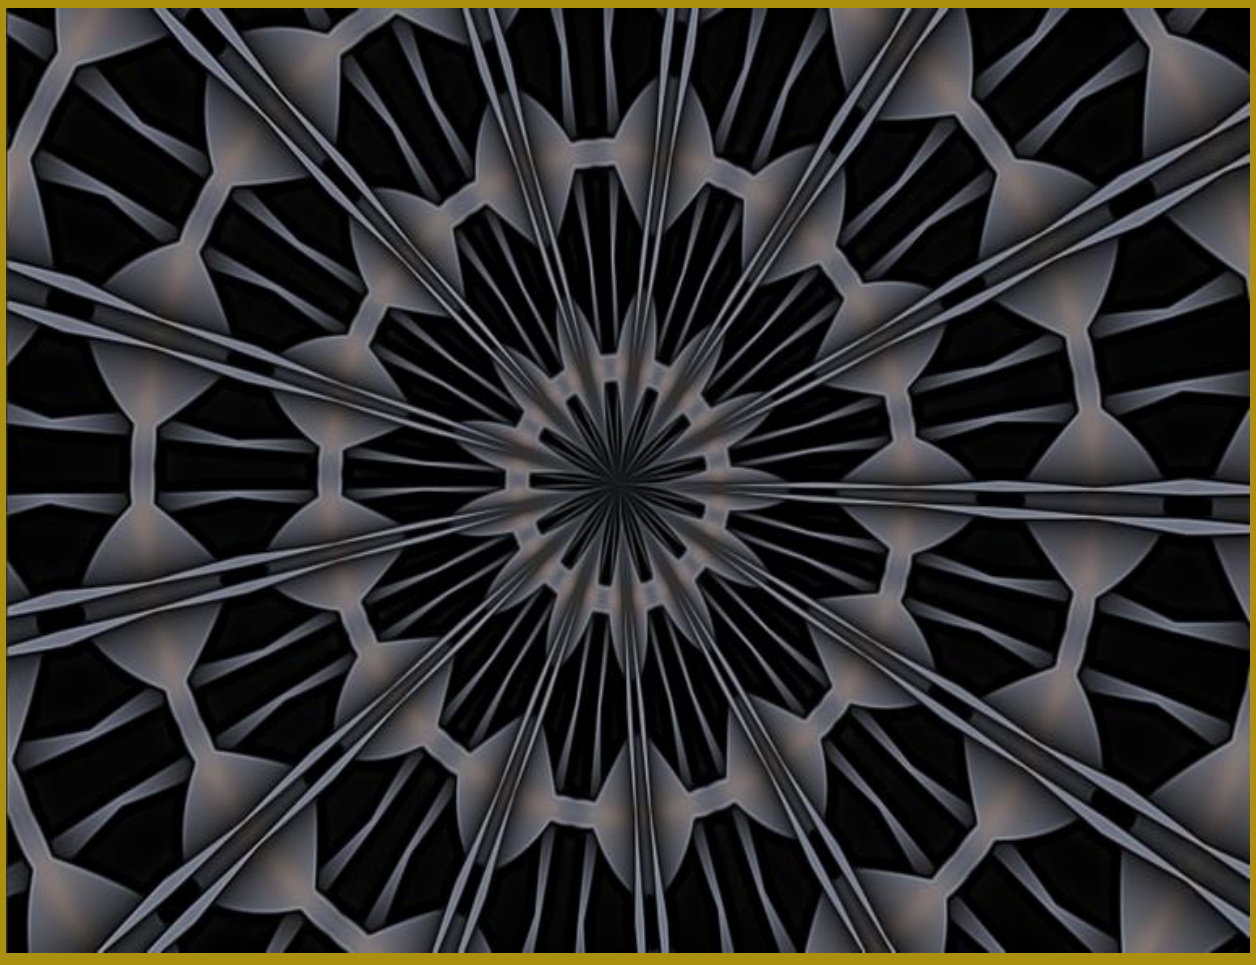


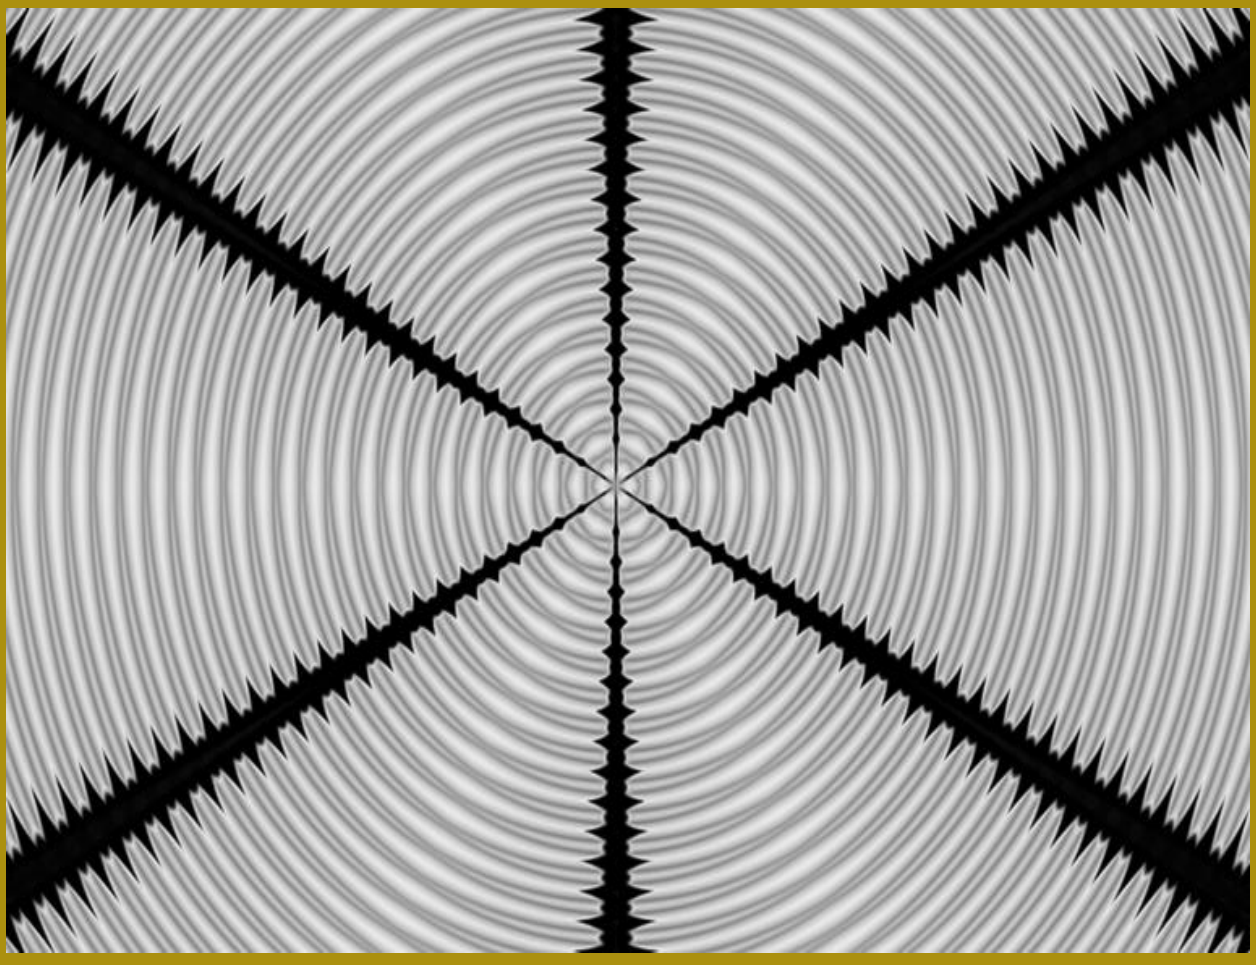


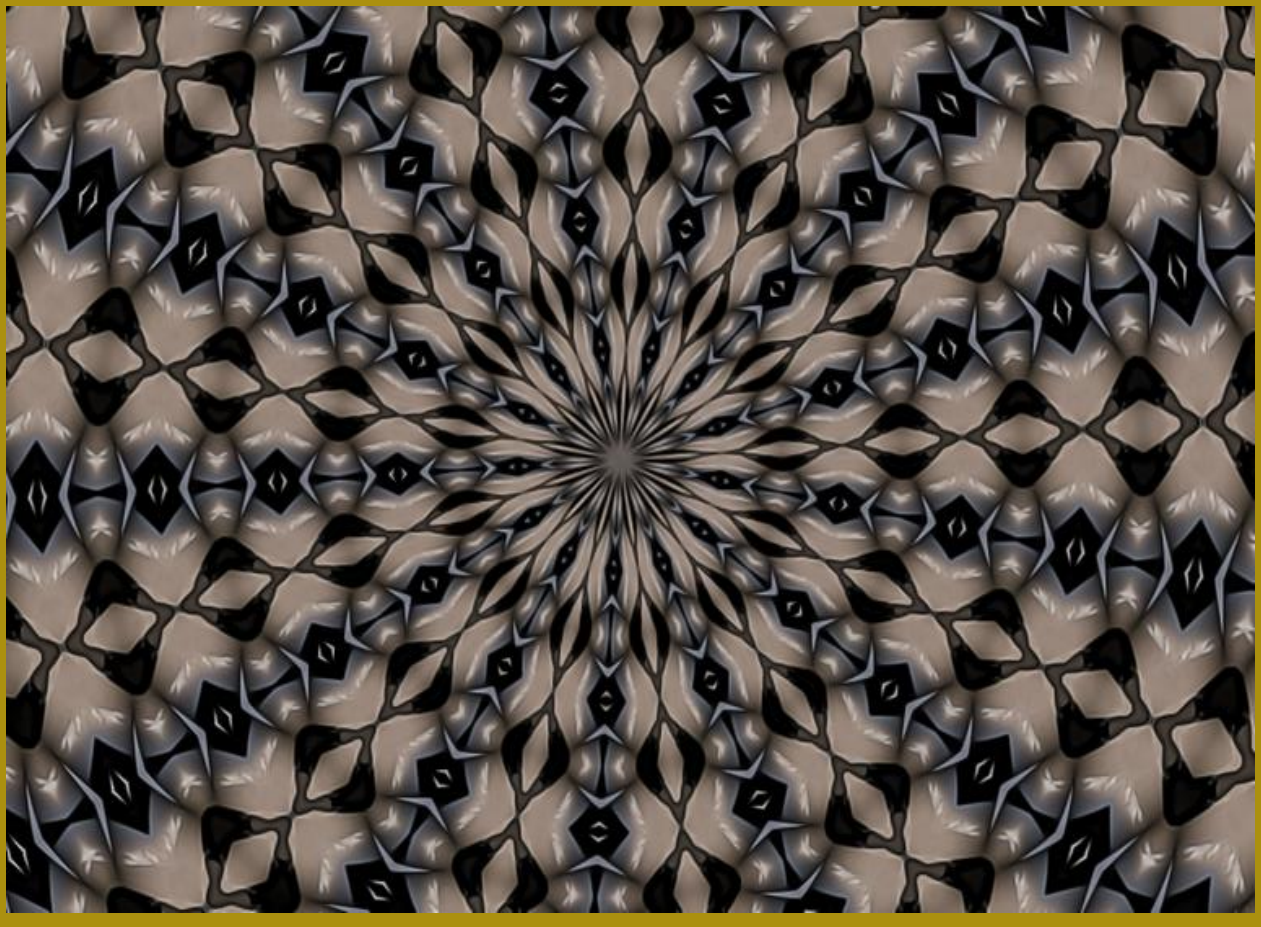


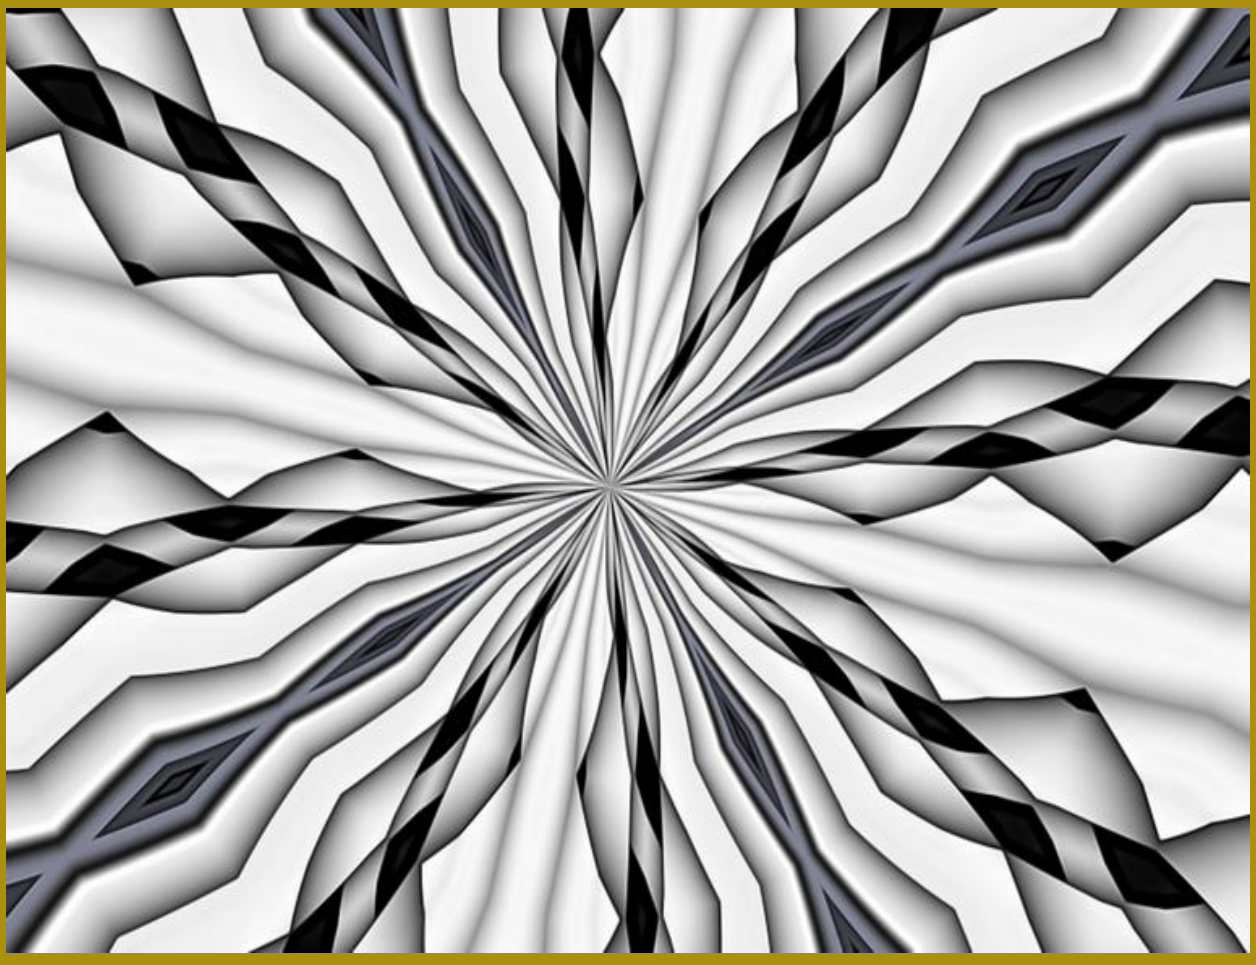


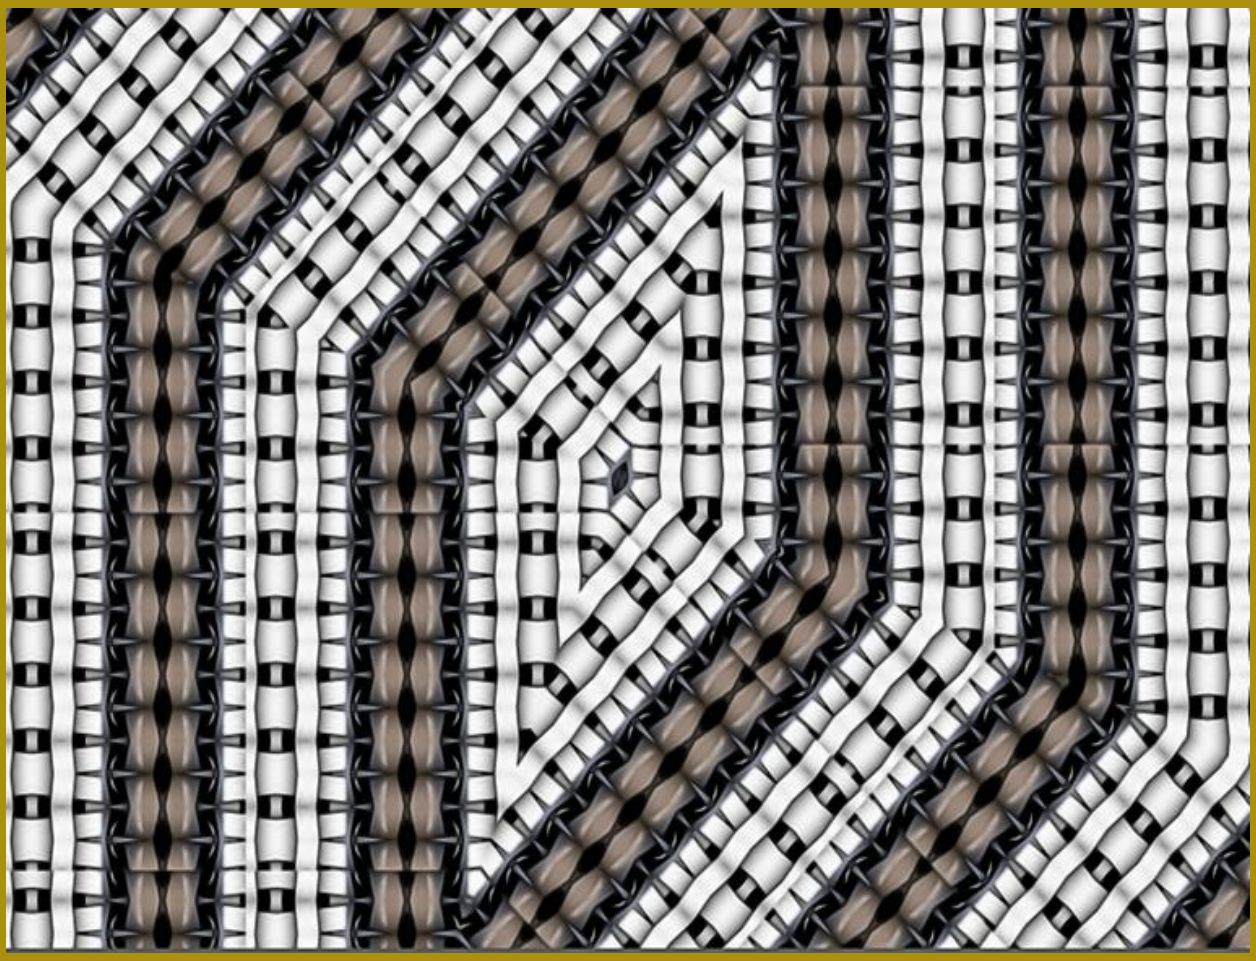


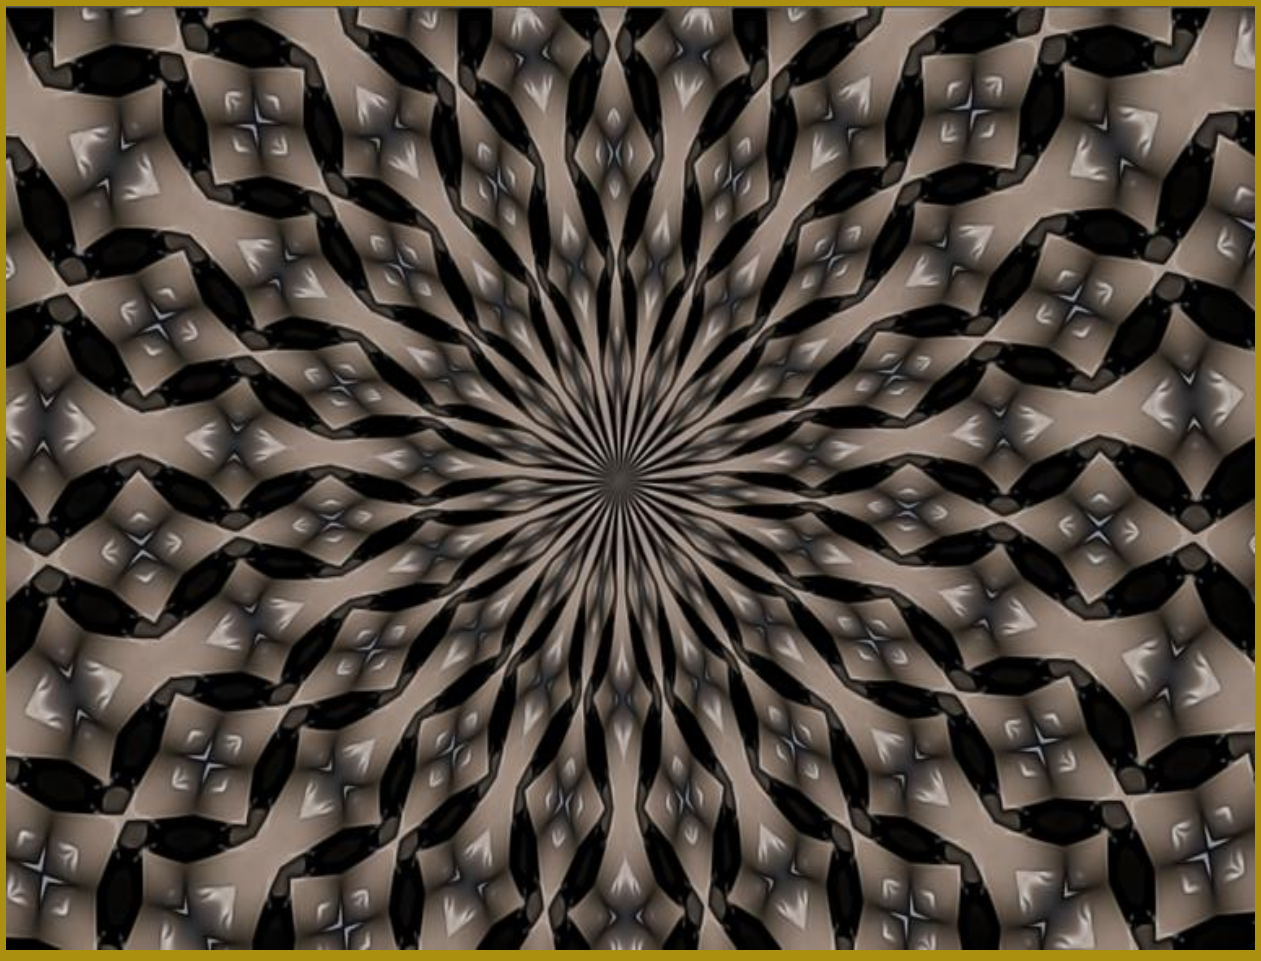


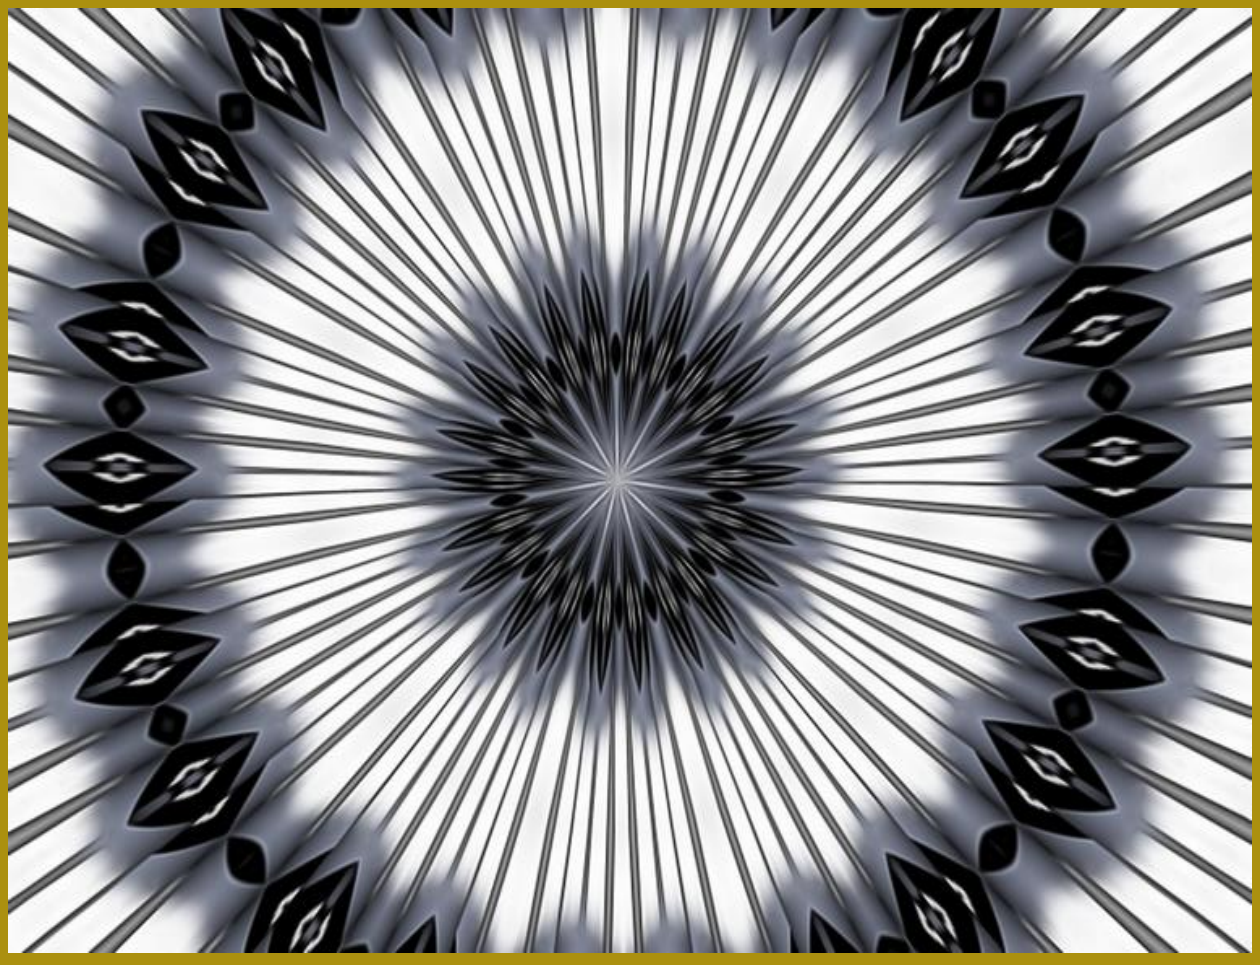


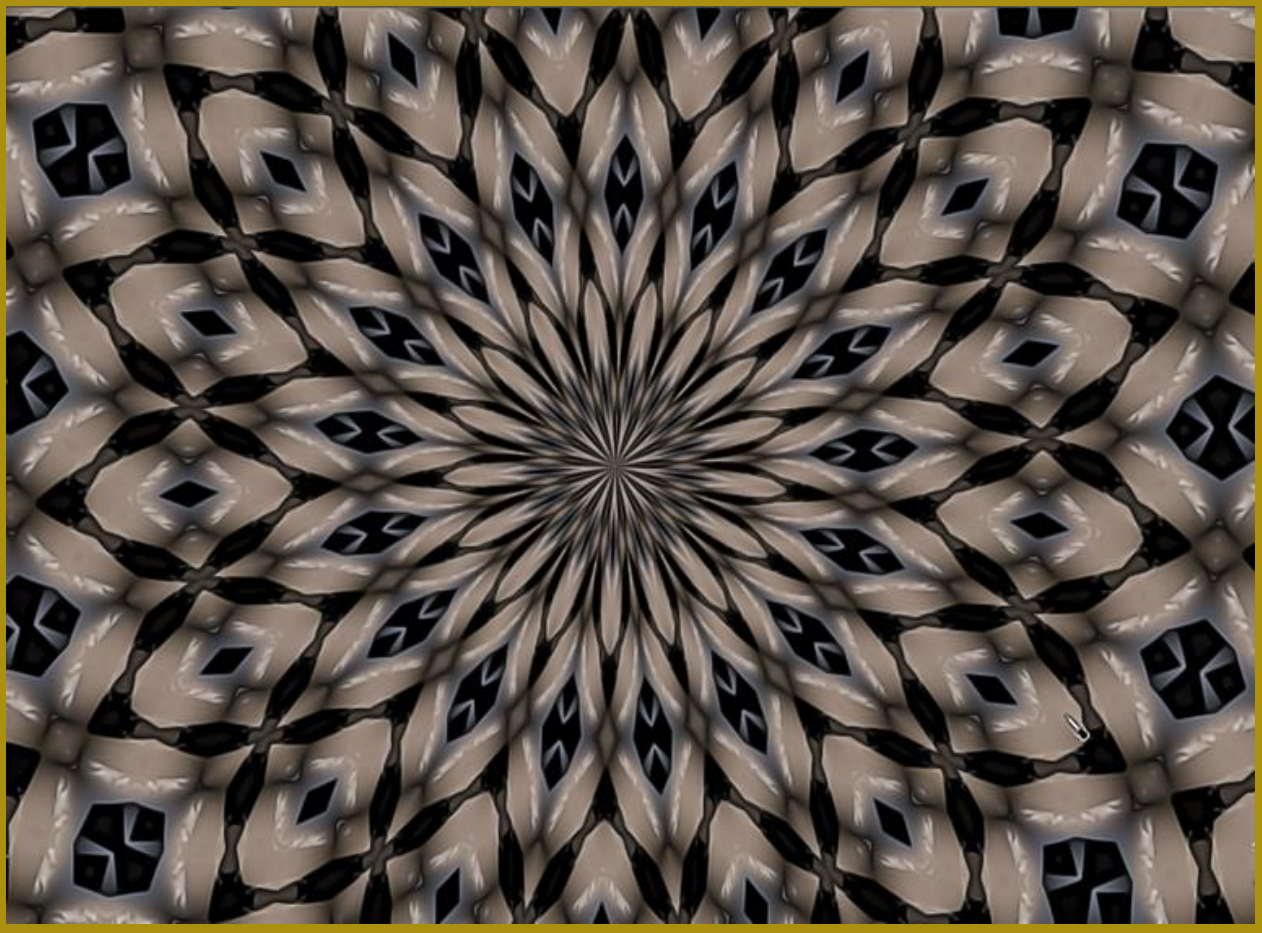


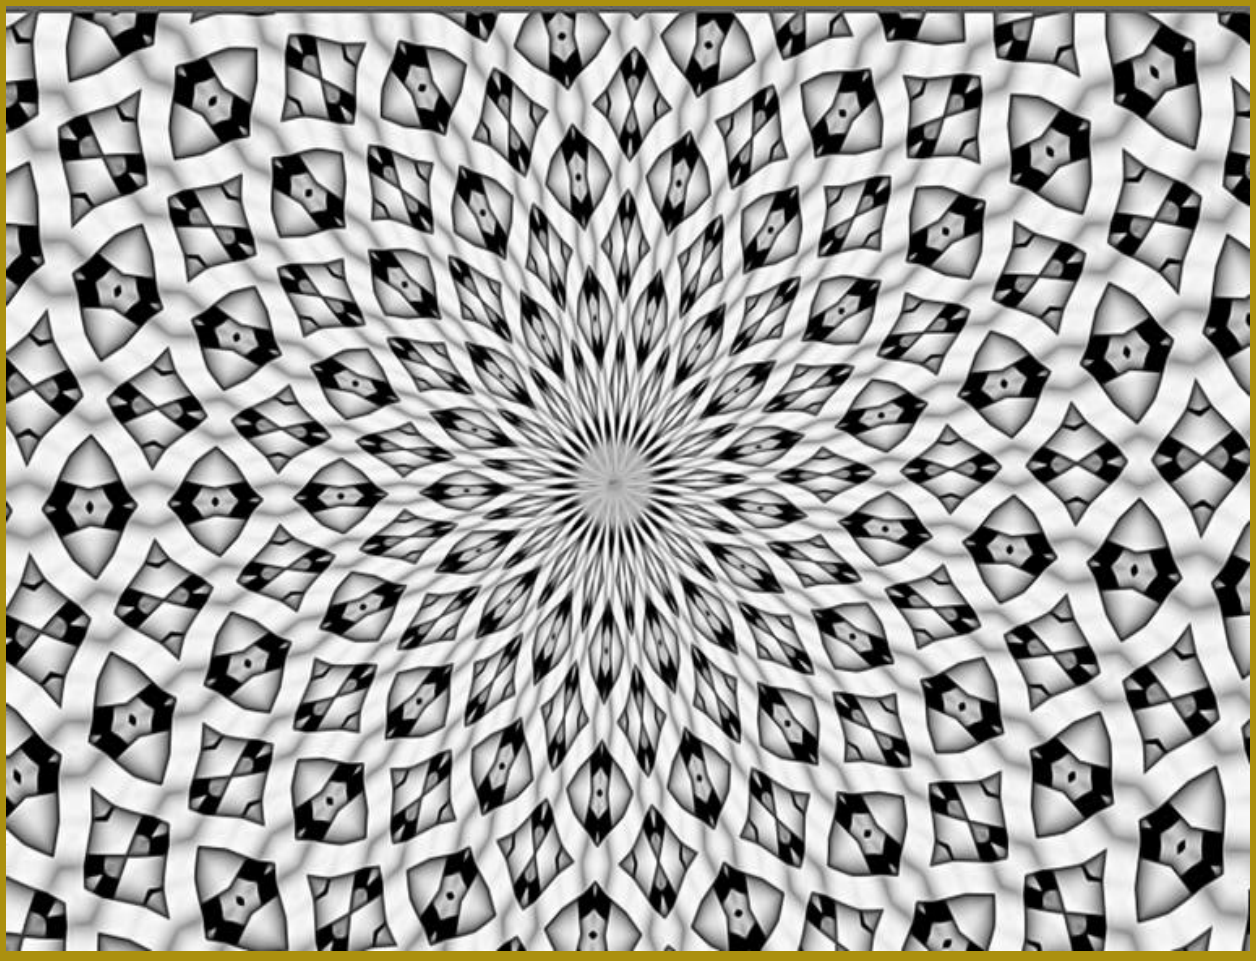


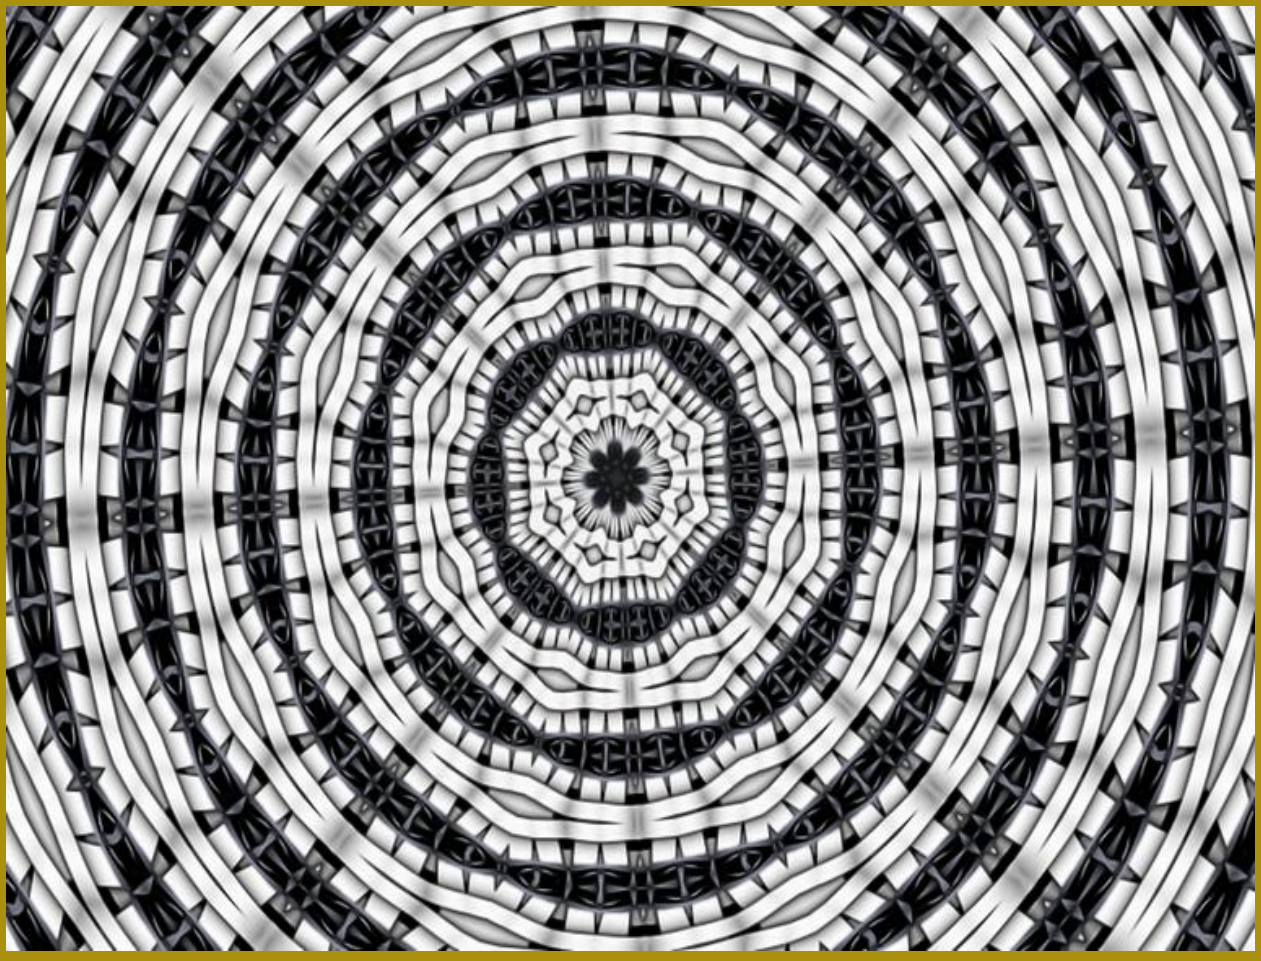


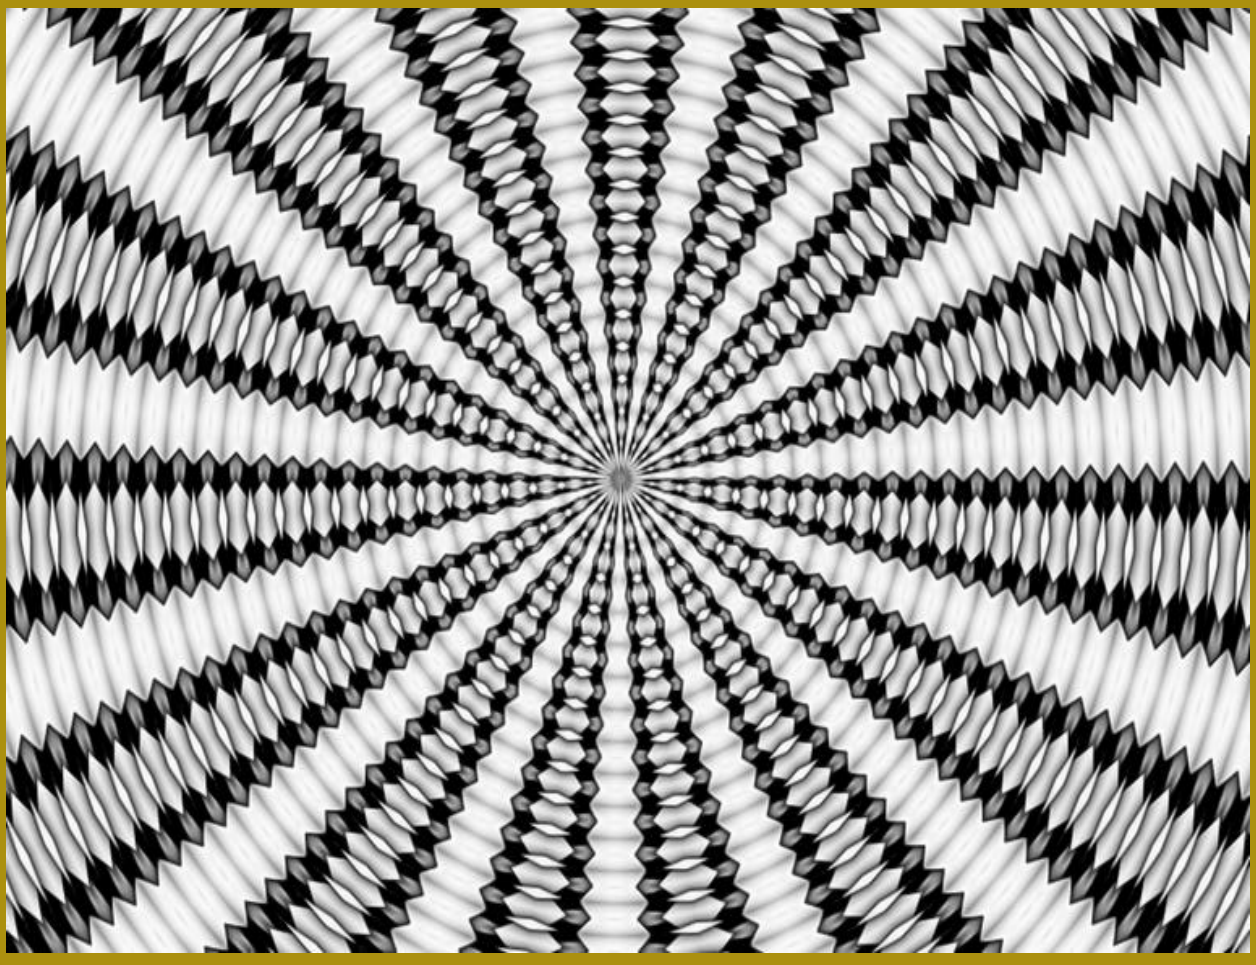












DAMN!!!
